

YOU'LL WANT THIS SMOOTH, SWEET NUMBER IN YOUR BOOK!

RUTH ETTING will have you all sewed up the minute you hear her newest Columbia record.

She sings this pair of hundred-proof hits (one from a red-hot show), and makes them *sparkle*—with all the delightful vivacity you've learned to expect of this great little girl.

When you call for your copy, hear what good company Ruth is in

CADETS TO RULE

(Continued from Page 1)

tillery, and engineers, while the fourth will take care of the civilians, signal corps, and band. The first three will be run without stop, while the fourth will pick up passengers on the route. The first train will pull out at 4:40 and followed by the other three at ten minute intervals. The first train will arrive at 10:10.

For the darker outlook on life we shall inform the reader that the tickets will be \$3.40 without lay-over privileges. Trains will leave the Texas Pacific Station shortly after midnight Saturday. Those wishing to stay over until Sunday night will pay the Jenny exactly \$4.65 and will return not later than 12:10 Sunday nite. There will be two trains Sun-

day. These lay-over tickets will be honored on any train before Sunday midnight and the trains will also leave from the T. P. station.

And now for the Aggies big part in the huge celebration. About eleven o'clock the famous Aggie 100-piece band will blow forth and the Aggie Army will start its march around the world. The parade will start at 12th street and go up Main to 1st Street, then over to Houston and back down to 12th—exactly 25 blocks for most of the army, but nine miles to those that make the trip in boots. Along about 7th street on Houston, the Aggie lines will begin strengthening, for at 8th and Houston a group of distinguished people will review this corps. The stand will be decorated in Maroon and White and Purple and White, the colors of the two schools that will

hold the spotlight on the grid horizon for the day.

And after this—what a day—brimming full of entertainment, entertainment to suit anyone. When the parade breaks up exactly 1000 automobiles with girls in every bus will be waiting for the tired and foot-sore farmer lads. One thousand cars to move you to any part of Ft. Worth, and if you want good advice, pick the T. C. U. campus, for there the entire Co. part of the Frog school will be waiting for some big handsome soldier boy to amble off to the T. C. U. gym for one of the greatest feeds ever thrown. After that you have a short time with this sweet thing and then the main event, the cause of the general movement and holiday, the annual clash with the Frogs of Texas Christian University.

Backed by 26000 strong by the

Aggie cadet corps and the 100-piece band, Coach Matty Bell's Aggie machine will make their biennial invasion of Fort Worth in another attempt to break a "jinx" that has been over the Aggies head for these several seasons. Not since 1924 have the Aggies come out of the fray on the long end of the score, the Horned Frogs winning two and tying two. Twice Aggie championship teams have been held in check by the fighting Frogs, once being defeated and once playing to a scoreless tie. Last season the Frogs took the long end of a 6-0 score on the Farmers own lot. Of added interest will be the fact that this will mark the first invasion of T. C. U. by Coach Bell, who has coached the Horned Frogs these dark years that has beset the Aggies. The game will be called at 2:30 p. m.

Coupon books will be issued on the train and will admit Aggies to any one of several theatres and to luncheon and dinner at any one of half a dozen restaurants. There will also be a ticket good for admission to the Corps dance on the roof of the Texas Saturday night. The Aggieland and the T. C. U. orchestras will hold a war dance and one hot time should be enjoyed by all that can crowd on the spacious floors of this hotel. To get these privileges Casuuls must present their identification cards as no one will be allowed to use the coupons under any circumstances.

The editors of The Skiff are planning to put out a special edition of their paper at the end of the game. It will contain a play-by-play account of the game for three quarters, and many interesting articles for the Aggies. These will be distributed to the cadets at the close of the game.

On to Cow Town and a "Jinx" breaking score.

DEANE AND MCGEE TO REPRESENT A. & M. AT A. S. C. E. CONVENTION

The final selection of delegates to attend the Texas Section of the A. S. C. E. Convention was made last Friday night at the third regular meeting of the Student Chapter. W. F. Deane and W. C. McGee were chosen, and will leave here Wednesday night to spend the 17, 18, and 19 of October in Corpus Christi with the Convention. The activity of the C. E.'s in A. and M. is being noted with gratification; last year they sent a delegate to the Fall Convention in Laredo; and the Spring Convention was attended by the entire Senior class. The club will receive a report covering the procedure of the convention from these delegates.

Further matters of business were discussed and it was decided after hearing a report from the Social Secretary, S. H. Steele, that costs would prohibit a C. E. dance; however, a Christmas banquet on December 13, will be substituted in its place. The club president announced Mr. Jackson of the U. S. Agr. Extension Service as speaker for the next regular meeting. His subject will be, "The Proposed Brazos River Project," which will be of intense interest to every engineer. An announcement was also made of the Motion Picture to be shown on October 26th, depicting modern engineering methods.

The business meeting was followed by two very interesting talks.
