AGGIES DROP

(Continued from Page 6)

The backfield could not function on the wet turf, though at times they did justice to a dusty field. Mills sparkled and then faded out in the Aggies' running attack, while Zaranonitis and Conover helped keep the Ponies out of the danger zone by their beautiful punts, although the ball was muddy and hard to handle.

For the Mustangs we can say that they came to Aggieland to beat us and they accomplished their mission. They played hard and were on the ball all the time.

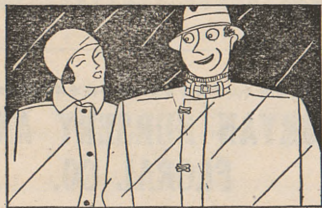

FRESHMAN WINS SANTA FE 4-H CLUB TRIP TO CHICAGO

George H. Johnson, freshman from Brady, won one of the nineteen trips to Chicago which are offered each year by the Santa Fe Railway to the most outstanding boy in the various 4-H Clubs throughout the State. He will leave Fort Worth on the night of November 29th., for Chicago to attend the National 4-H Club Congress and to visit the International Livestock Exposition.

Johnson was credited to have made a net profit of \$70.48 on three registered sheep, two ewes and a ram; then cleaned up \$201.50 in premiums at county, district and state fairs.

There will be thirty-five boys from Texas making the trip to the "Windy City," each having won a first place in conducting farm demonstrations with the cooperation of the county agents in the Extension Service.

It's bound to rain sometimes, even in the best regulated climates. But don't let that make any party of yours a fizzle.

PAUSE AND REFRESH YOURSELF

OF COURSE IT'S NO FAIR PLAYING THE PROCTOR AND SPYING OUT SUCH A DELICATE SITUATION AS THIS. BUT THEN, WE'RE NO PROCTOR. AND WE CAN RESIST ANYTHING BUT TEMPTATION.

All of which goes to prove (if we may be excused for saying so) that the pause that refreshes is the sanest temptation which millions ever succumbed to. And to these same millions the pause that refreshes has come to mean an ice-cold Coca-Cola. Its tingling, delicious taste and cool after-sense of refreshment have proved that a little minute is long enough for a big rest any time.

The Military Speaks

Col. Nelson is very fond of a little story concerning a car knocker. It seems an efficiency expert of a large railroad on examining the records discovered a man who had worked for the company for 27 years and had never missed a day. The delighted expert called the man before him and after due praise and reward had been bestowed he questioned the man regarding the nature of his work.

"Why," said the employee, "I'm a car knocker."

"What is a car knocker," asked the expert, and, on being told that a car knocker was one who went from car to car tapping the axle boxes with a hammer, he inquired:

"Why do you do that?"

"Damned if I know," replied the car knocker.

According to the Commandant the story is only too applicable to the corps.

To the undergrad the R. O. T. C. is the means whereby shiny boots and an officer's swagger is the ultimate achievement. What real significance of the four year's training bears is rarely glimpsed by those undergoing that training.

Certainly it is worthy of consideration that the corps which to most is merely a social class is a strong link in the prospective chain of our national life. As such it deserves a large proportion of our time and effort.
