

The Pipe even helps you say nothing at all . . .

YOU'VE noticed how expressive the pipe can be, what meaning it can put into the simplest gesture. The pipe even helps you say nothing at all—and *that*, O mortal, takes a man among men!

Men to their pipes and women to their lipsticks—but suppose you had no pipe and faced repression? Suppose you had no tobacco to put in your pipe! Empty pipes make empty gestures that have no meaning. Filled with good tobacco, your pipe becomes eloquent. Filled with Edgeworth, it is Olympian!

What, no Edgeworth? Lose not a moment—haste to the mails with the coupon. Let the machinery of government rush to you a free packet of good old Edgeworth, delicious and friendly Edgeworth, full-flavored, slow-burning, cool.

Edgeworth is a careful blend of good tobaccos—selected especially for pipe-smoking. Its quality and flavor never change. Buy Edgeworth anywhere in two forms—“Ready Rubbed” and “Plug Slice”—15¢ pocket package to pound humor tin.

side persons and not by officials of a direct investigation of professionalism, a thorough study of the problem conference and that rather than lems of physical education in the Southwest be made.

“We do not mean to try to hide any of the evils that now exist but we believe that a general study of the entire physical education system would be better. The condition of physical education as a whole is the bigger problem,” Dean Friley said in reference to this recommendation by the conference.

Announcement was made following the meeting that two Southwest Conference meet would be held at A. and M., the annual conference track meet next spring and the cross country meet next fall, and that the tennis meet would be held at Southern Methodist and the conference golf meet at Rice Institute.

Announcement was made of the 1930 football schedules of all Southwest Conference teams.

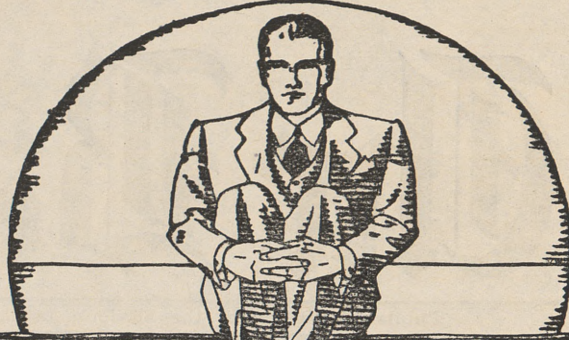

In consideration of scholarship eligibility, the conference voted that in the future all members of athletic teams must be taking at least the normal amount of work required in their courses and no work which will not count toward a degree will be counted for eligibility.

The conference also voted that they did not think it wise to admit any new institutions to the conference at this time.

A. S. C. E. XMAS BANQUET.

The A. S. C. E. is planning some really new stunts for entertainment at their Xmas Banquet to be held December 13th. Everybody will be there—even Santa Claus—and he will be the life of the party. Plenty of “floats” are scheduled and the Mess Hall has promised to furnish high-chairs so that everybody may keep their feet off the floor.

The chef is going out do himself and the feed is to be really something to write home about.

For Short Hauls Only . . .

SOME bird or so once made the crack that there was a time and place for all things. Of course this remark was dropped some few years before the advent of the Campus Car. But even so, authorities on the subject inform us that even the most ancient of the fleet of wrecks fulfills a distinct economic want. They go on to add, however, that the sphere of usefulness of such a mechanism is confined to more or less of a restricted area of fairly well defined bounds.

For short hauls, where the time element does not enter too much, the campus car meets the demands made of it with a few heaves and groans, and only an occasional total collapse. But with these minor shortcomings, all is still well, because the Greyhound Safety Coaches are ever on hand for the longer jaunts and so everything fits in with the great scheme of things.

Ride the Greyhounds on the out of town trips and save the Ford for the Navajo parties.

Wherever you're going there's a Greyhound Safety Coach leaving at a convenient hour to get you there and back . . . at a saving of time and money.
