

SENIOR RING NOTICE!

In order to give members of the class advantage of any reduction in price or of any improvement which has been made in the ring, juniors are advised to delay purchasing their senior rings until they see the ring which will be contracted for by the committee soon. A sketch with the suggested improvement has been posted in the Main Building where all interested may see it.

There are nine dictatorships in Europe today—Italy, Hungary, Russia, Poland, Spain, Portugal, Lithuania, Bulgaria and Jugoslavia. Turkey, now entirely an Asiatic nation, is also a dictatorship.

Tariff Conference Called in Europe

Twenty-Three Nations Send Representatives to Truce Conference.

Twenty-three nations have sent representatives to Geneva for a conference, the purpose of which is to seek an agreement for a tariff truce in Europe.

The immediate aim of the conference is to get the nations not to raise present customs duties during a stated period—two or three years—and not to create in this period any new duties.

All nations in the world, whether members of the League of Nations or not, were invited to attend the conference. Every European state agreed

to take part, but Colombia was the only New World country to send a representative.

The cost of keeping the United States delegation to the Naval Conference in London is about the same as that required to keep one cruiser—a small one—in service.

A really excellent bill fold of genuine leather with place for identification card and for new and old bills.

"Take the wheel" of your career!

WHY NOT take the time now to think this over? To get anywhere in the world of business—just as in driving an automobile—a man must choose a definite road and keep on it.

Natural ability gives him power to go ahead—college tunes him up to go faster. But to get anywhere he must have a "steering gear"—

a guiding purpose, an ambition in life. Every man has certain aptitudes and interests that fit him peculiarly for one kind of work rather than another. A little careful self-analysis will help you to get started in the right direction. Industry always has room for the man who knows what work he wants to do and can do.
