

**PICK-UPS**

Saturday's ten-inning affair showed that the Aggies have a real contender for Southwestern Conference honors and with a little support will come through with the rag. The proper spirit exists on the team, both between the players themselves and the players and the coach—now the Corps must come to earth and get the same spirit. And that spirit is anything but what was shown Saturday when cadets began wandering aimlessly across the diamond during the early innings and in one instance interfering with the game. With a close game as we had Saturday there is no use for anyone becoming disgusted and leaving; it would look much better for you to stay in your rooms than get up and leave during the game. Coach Higginbotham and his players have the stuff to win and will with just a little encouragement. Let's help them.

Coach Higginbotham's men are starting the season under a handicap as they will have to play four conference games in the next two weeks and will have had only one practice tilt while the other nines have been engaging Texas, American and National League teams in practice games, besides other tilts with semi-pro outfits.

The boxing and wrestling tournaments have been creating much interest the last few days with the many good matches that have been held. More than two hundred watch the bouts daily. There remains only three or four more bouts before the finals will be started, which are due about March 26th.

The Annual High School track meet will be held April 26th, James Sullivan has announced.

**TRACK TEAM ROUNDING INTO SHAPE—TEXAS HERE ON APRIL 5TH.**

With the coming dual meet with Texas University April 5th, Coach Frank Anderson is gradually rounding his thinly clad into shape. There are several men who have not yet been allowed to hit their regular stride, but for the most part, the team is in fine shape. The Aggies' prospects for a second Conference championship in track are fairly bright, but ineligibilities and failure to re-enter school have played havoc with the team, especially the field events and relays. The team has been hit in the dash, shot, and half-mile departments by ineligibilities and resignations, and these places will be hard to fill. Coach Andy is fairly well pleased with the track team—which

**BOXING AND WRESTLING FINALS MARCH 26TH**

Preliminary bouts in the boxing and wrestling tournaments will be all run off by the end of the week and it is expected to start the finals by about Wednesday. However, the date has not been definitely decided upon. Many good matches have been held and the finals are sure to be as thrilling, showing that boxing and wrestling are regaining their popularity on the campus. The Intramural department had its largest entry in these two sports this year when 47 men entered boxing and 50 wrestling. Most of the classes have been decided and as soon as the remaining ones are determined the finals will be begun.

The following men have already won their right to participate in the finals in boxing: Cunningham, Battery F and T. S. Curry, C Engineers in the 115-pound class; L. Sabayrac, Troop C and C. M. Block, Company F. 125-pound; C. A. Cushman, C Engineers and T. C. Kenney, B Engineers, 135-pound class; O'Dowd in the 145-pound class; A. M. Doche, Battery B and W. A. Robbins, Battery A, 160-pound; and E. Levy, Troop D and A. C. Moser, Battery E, 175-pound class.

The following will participate in the finals in wrestling: L. Sabayrac, Troop C and E. B. Jones, Company (Continued on Page 9)

**RIFLE TEAM WINS FINAL MATCH; SWEATERS AWARDED**

The Texas Aggie Riflemen pulled through its final week of intercollegiate rifle firing with seven wins and no defeats, making the highest score they have made this year. Results of the last match: Texas A. & M., 3,747; University of Dayton, 3,727; Davidson College, 3,723; V. M. I., 3,642; University of Missouri, 3,601; Montana A. & M., 3,480; and Virginia A. & M., 3,464. The Aggies also won a special match with the University of Maryland by a score of 2,809 to 2,631.

These final results give the Aggies forty victories and only six defeats. They have fired against teams from every section of the country and have won consistently.

**Fifteen Letters Awarded**

W. H. Myers, Company A Signal Corps, has been elected to captain the 1931 team and Dick Winders, business manager. F. K. McGinnis, Troop A Cavalry, will be publicity manager. The following men were awarded sweaters and letters as a result of their work this year: Janak, 1st Battalion, Infantry; Johnson, A Signal Corps; Myers, A Signal Corps; Bethancourt, D Artillery; McGinnis, A Cavalry; Cook, C Engin-

**TRACK SQUAD TO TEXAS AND S. M. U. RELAYS**

Coach Frank Anderson's Southwestern Conference champion thin-clads will journey to Austin Friday to take part in the Sixth Annual Texas Relay Carnival and then on to Dallas for the Second Annual S. M. U. Relays Saturday.

Due to ineligibilities Coach Anderson is entering only one relay team in the meets, that being the mile relay team composed of Emmons, Sessions, Tracy, and Mims. Failure of some men to return to school and ineligibilities have hit the track team quite hard this year and prospects for this year are not so good.

Men are being entered in all the special events offered in both meets. The men to be entered at Austin are Harlan and Slocumb, both conference champions, in the hurdles; Holsonbake, broad jump and high jump; Farmer, present Conference record holder in the broadjump, discus and broadjump; Stitler, polevault; Sebesta, javelin; and McCluney shotput.

The same team with the exception of the addition of Floyd, javelin; Laster, high jump; and Marrs, pole vault, will enter the S. M. U. Carnival. Floyd has only been working out about a week and will not be expected to show much form. Last year he threw the shaft 204 feet and a few inches.

**FISH PROSPECTS BRIGHT**

With the best dash men and middle distance runners on the freshman squad that he has had in years, Coach Anderson is highly elated over the varsity prospects of the freshman squad of cinder-chasers. The fish team is weak in the weight events, however, the track events overshadow that weakness. With a large number of men reporting, and plenty of good quality material, the fish tracksters are due for one of the most successful seasons in years. The weak spots of next year's varsity are the places that the fish are strongest in this season—which should give the Aggies a well balanced team next year.

So far, the freshmen have been able to sign up only one dual meet, that being with the Houston S. P. track team for a meet here on May 17th.

The outstanding men of the fish squad are: dashes: Addicks, Rutledge, marris, McVey, Austen, Gibson; 440 run: Addicks, Rutledge, Lord, and Payne; 880-yard runners: Nance and Lee; mile: Marquez, McClendon, Samuels, and Bryant; pole vault: Amos and Locket; high jump: McVey and Austen. There are no outstanding men in the weights, broadjumps, or javelin tossing event.

**AGGIE NINE WINS FIRST TILT 3-2**

**Wendt Shows Form on Mound—Johns Gets Two Doubles.**

Displaying a brand of baseball that bore all the ear-marks of mid-season form, the Aggies trounced the Ennis S. P. in a great ten-frame game on the Kyle Field diamond Saturday afternoon, 3-2.

Roberson, left fielder for the visiting crew, led his mates with the willow, while Conover, Johns and Pampell were the big guns for the Aggies. Roberson gathered 2 safe blows in his 4 trips to the plate, while Conover hit safely in 5 trips, Johns cracked out a brace of doubles in 3 trips and Pampell collected a pair of blows in 5 trips.

The Aggies had the pepper and the confidence that enabled them to play nine innings of bang-up ball and then pull the game from the fire in the tenth frame. Every man that saw service Saturday showed worlds of improvement over last year, and as a team they should have more than an even break in the race for the conference flag.

Captain Pete Wendt started the fray and showed his all-conference form for 4 innings. Tommie Mills was rather wild, but showed good form. A couple of errors by his mates did not help him. Gorman finished the tilt in fine shape.

**The box score:**

Ennis S. P.	Ab	R	H	Po	A	E
Allen, cf	.....5	0	0	1	0	0
Beard, ss	.....5	0	1	2	3	1
Adams, 3b	.....4	0	0	2	2	0
