

ANNUAL MEET

(Continued from Page 1)

yard dashes have placed them as the fastest humans on earth. On two occasions Leland has been clocked at 9.4 in the 100 and Bracey runs it consistently in 9.6. Red Oliver recently beat the famous Tolan to the finish line. Aggieland boasts three of the stars in Harlan, conference champion hurdler and one of the five fastest hurdlers in the United States; Floyd, Conference javelin record holder and fourth best in the United States last year; and Bob Farmer who leaps 23 feet and 10 inches. Westerfelt, Texas quarter-miler ranks as the outstanding quarter-miler of the country and Hammon of S. M. U. has become a serious contender in the javelin throw, throwing the shaft some 202 feet in a recent meet.

Although the Aggies have been defeated only once this year, the Longhorns are considered the outstanding contenders for the Aggies' crown, with the Aggies second, Rice third, and T. C. U. fourth. However, Coach Anderson is expected to shift Rufus Emmons from the dashes to the 440-yard relay team and the 440-yard run, although he clipped a tenth of a second off the 220-yard record and ran the 100 in 9.8 in the triangle meet last Friday. Rice and T. C. U. will take most of the points in the dashes anyway and extra points in the 440 and relays may swing the title back to the Aggies for the second consecutive time.

James Sullivan, business manager of athletics, is anxious that the corps and faculty support this meet as they have all other athletic events that have been held in the past. \$750.00 must be guaranteed the Conference and it takes more than \$250.00 for medals and other expenses of running off the meet. That means more than \$1,000.00 that will be needed to stage the meet. There will be on charge for the preliminaries Friday, but Saturday students and faculty members will be charged 50 cents and visitors \$1.00.

"Sully" has successfully staged many different championship meets and everyone can rest assured that everything will be in perfect shape to welcome the many track and field stars and that the meet will probably be the best that has ever been run off in the conference.
