

SHOW TALK

BY FRED L. PORTER

Maybe it's not nice to brag and pat oneself on the back but we don't believe we are to blame for this feeling of exultation over the comments we have heard on our remarks about Sunday picture shows last week. If you hadn't made the comments we would never have thought of bragging.

Anyhow, folks, we believe we have started someone to thinking and we'd like to lay a wager that we have something to do besides tell dirty stories and shoot craps on Sunday afternoon before Thanksgiving, for we feel as though Sunday afternoon picture shows are almost upon us.

We are almost certain that we can get them if we just ask hard enough and that is what it is up to us to do now—the entire student body should ask as one that we be given some better form of amusement to occupy ourselves on Sunday afternoons.

Let's let 'em have it, fellows. "Good News" with Bessie Love, Mary Lawlor and Cliff Edwards is the feature of the Palace theater during the remainder of the week, Thursday, Friday and Saturday. Cliff Edwards with his ever-present uke is very entertaining as Ukelele Ike.

Walter Houston, the Abraham Lincoln of the play by that name, is the star of "Bad Man," coming to the Palace Monday, Tuesday and Wednesday. Advance trailers show it to be full of fight and excitement, the red-blooded kind. Stan Laurel and Oliver Hardy take comedy into the courtroom in "The Hardy

Murder Case," the added attraction offered.

"Caught Short" with Marie Dressler and Polly Moran is the attraction offered at the Assembly Hall Saturday night. This famous pair frolic their way through reels and reels of clever comedy that really is a scream. If you enjoy a good laugh, see it by all means.

Nancy Carrol, star of "Sweetie" and "The Shopworn Angel", is coming to the Assembly Hall next Wednesday night in "Honey", her latest musical comedy-drama.

The slang term "racket" meant shady business more than a century ago, and was not invented by the Chicago underworld.

Rural teachers in Haiti receive salaries of from four to five dollars a month.

Chicago is the greatest railroad center in the world and the greatest waterway center in the interior of any continent.

Exports from the United States in 1928-29 showed that the use of tobacco is increasing rapidly in China and Japan.

President Hoover's spacious mansion overlooking the Stanford University campus is for rent.

We pay a bonus for every Duofold point to give you a Pen that writes with Pressureless Touch. To produce this, we had to develop squads of post-graduate point-smiths. We allow them to make but a limited number per day. Thus they have time to make each point a masterpiece.

It must pass 11 merciless tests. Then we pay its maker an extra reward. If it fails any test, we reject it, and the point-smith pays a forfeit.

Yet 7 out of 8 they make are Bonus Points. And these, and these only, go into Duofold Pens.

Like 2 Pens for the Price of One

Try this famous Pen at any pen counter. See how it changes from a pocket Pen to a Pen for your study Desk Set by simply interchanging the pocket cap and the tapered tip. This saves the price of a second pen.
