happened to Ray McMillin, nephew of "Bo" McMillin, coach of the Kansas Aggies, on which team Ray plays quarter. Last fall while playing against the Cornhuskers, Ray threw eight passes which were completed and yet he never saw a one of them received, so hard was that Nebraska forward wall charging. Aston and Harling are to be congratulated on the success of their passing game against the bruising Nebraskans last week.

The Arkansas Razorbacks have three married men on their grid team this fall—and all of them are from the same little town in Nebraska. Maybe they plan to run an all-married team against the house of David.

Probably the best story of the Lincoln trip is told by Ed Moore, Longhorn editor, who says that while eating lunch before the game he was talking to a traveling salesman, who seemed very much interested in the game and particularly in the tactics most likely to be followed by the A & M team. Upon being told that the Aggies would likely take to the air, the salesman replied, "Oh, I see, they'll make flying tackles!"

Let it be said that there are no regrets from the Nebraska game. Go up to Dallas this week-end, put out all you have for the team and again, "There Shall Be No Regrets."

ual, the men are working hard, and there is the greatest of competition for places on the team. Three lettermen, Winders, Perkins, and Smith,

being back in their usual places, leaves four vacancies on the team to be filled. Atkins, Marquez, McClen-don and Moore, all members of last year's freshman track and cross country teams, are out for the team and are showing considerable promise. Hahn and Oberfeldt, squadmen of last year's championship team, are running again this year and are giv-

ing a hard fight for the open positions. The hardest meet of the season likely will be the opening run with Texas at Austin on Nov. 8. Texas has virtually the same team as last year, having lost no members by graduation. The meet against Texas will probably be the deciding factor in the conference race.

Intramural Sport Program Under Way

Intramural sports got underway Monday, with Company A, Signal Corps, defeating Company B, Infantry 16-10, while C Engineers emerged victorious over C Artillery. Class B basketball schedule opened Wednesday with Company D against Compa-

ny F, and D Battery playing against Troop C. The tennis matches scheduled for earlier in the week were postponed because of rain and wet grounds. Indoor small bore shooting has been definitely set for December 20 with practice beginning on December 1. The intramural department urges all "lead slingers" to start practice as soon as possible.

Likewise what counts in a cigarette is what a smoker gets from it — not what is said about it.

Chesterfield has a policy—give smokers what they want:

MILDNESS—the wholly natural mildness of tobaccos that are without harshness or bitterness.

BETTER TASTE—such as only a cigarette of wholesome purity and better tobaccos can have.

Old Cap Bluenose

THIS salty old sea-serpent, or some others like him, were responsible for our business being started in 1936. The Cap and his friends were fishermen and whalers of New England. They were tough. And they needed rough, tough slickers. So Tower started making them, and has been at it ever since.

Not all our slickers are cut on seafaring lines, though. From the "Varsity," long, full-lined; through the "Topper," smartly tailored; to the "Kitcoat," a linen-thin featherweight, Fish Brand Slickers are outstanding in appearance, unequalled in endurance. Sold everywhere. Look for the fish on the label. A. J. Tower Company, 24 Simmons Street, Boston, Massachusetts.
