Eight A & M Students To Attend Ch.E. Camp

Eight students from the first advanced course in military science and tactics at A & M will be allowed to receive their summer camp training in the Chemical Warfare Service at Edgewood Arsenal, Maryland, according to word received by the military department from Washington.

From the twenty-two applicants for the training at Edgewood Arsenal, fifteen were recommended by the military authorities here; but because of limited funds designated for the purpose and because of the limited number of officers required in the Chemical Warfare Service, only eight applications were confirmed. The A & M men chosen for this year's summer camp were: W. W. Taggart, Dallas; H. W. Slaughter, Henderson; S. C. Smith, Catarina; I. Schepps, Dallas; J. L. Biles, Big Spring; D. V. Krum-holz, Tyler; J. W. Moore, LaGrange; W. Sanders, Dallas.

Selections were based on military and chemistry standing and were determined by the two departments.

PERFECT NEWS STORY

When a boy dances with a girl,

When a girl dances with a girl, at C I'A, Baylor College, T W C or some other strictly girls' school, it's not news.

But when a girl dances with a girl at an A & M corps dance, it's news with the best watermark.

Two unidentified young ladies were seen doing just this at Saturday night's corps dance. An official report of the incident would read something like this:

Two girls were reported seen dancing together in the Mess Hall Annex at Saturday night's corps dance. First reported seen in the immediate vicinity of the main entrance proceeding slowly in a southerly direction toward the doors connecting annex with main dining hall. Many necks craned and eyes opened as they passed. A cadet, as yet unidentified, accosted them as they reached end of hall and took both outside. Investigators unable to learn names of anyone connected with the affair.

Charlie Moran Visits A&M After 16 Years

Charlie Moran, once head coach of Aggie athletics, returned to the cam-Wednesday to find his position and title usurped by one of his former pupils, Madison "Matty" Bell. Moran tutored Bell in the intricacies of the pigskin sport while head coach at Centre College, home of the famous "Praying Colonels."

It was Moran's first visit to the campus in 16 years, and he was very much impressed and startled by the changes he found had taken place here. He was head coach from 1909 through 1919, and generally is credited with laying the foundation for the present modern athletic plant at the college. After leaving A & M he went to Centre Colege. He is now a veteran of the Countryman was reached after member of the National League umpiring staff, and at present is in Texas getting his "spring training" work.
