THE PAN

By D. B. Mc Nerney

This week the PAN—reverses its policy to pay tribute to the most deserving organization on the A and M campus, the Band.

The visiting Baylorites—who had previously boasted their own musicians as being second to none in the Southwest Conference, voiced aloud their praise of ours. From every side came commendation and applause as the A and M Band marched proudly up and down the field.

Their new—white Sam Brownes and chin straps added the much needed natty appearance quite becoming the fine type of music which is symbolic of all their performances.

Not only did the Baylor people—voice their approval, but such men as Major-General King, the U S Army Band personnel, and the two Marine officers who visited the campus Tuesday; Lieutenants Uhlig and Covington, highly complimented the band's playing at the noon meal formations.

While we are—in a complimentary mood we takes this opportunity to congratulate Lieutenant and Mrs. James V. Carroll and Mr. and Mrs. Will R. Wills on the new arrivals in their respective families. Unless our prophetic facilities fall us we predict that if the father of young Carroll has his say, there is a prospective West Pointer on the campus right now. As for Master Wills, we know that he will be a good football player regardless of where his education is completed, for we have heard too much of his grandfather's prowess on the gridiron not to know that such ability will be inherited.

Then too,—our very own cadet corps deserves a bouquet for their treatment of the visitors last week. That sort of thing leaves lasting impressions and does much to offset the many scandalous tales, both deserved and undeserved, that circulate so freely throughout the state.

And last but not least—despite depression, bank failures, etc., let's all make a wholehearted effort towards visiting Shreveport this week end. It's the only way we can repay those folks for their kindness and the only way they seem to want us to.

In one organization—that we know of, all the seniors are loaning part of their commutation to the less fortunate underclassmen whose finances are rather limited. If more do this, then a presentable representation will be on hand.

And so—we'll see you in Shreveport. There should be plenty of sizzling tales to fry after that trip. Alas, though, the PAN is smutty only on the outside. Inconsistency? Well—maybe.

BEARS—

(Continued from page 4)

caught the boys napping and passed twenty yards to McFadden, who sprinted the remainder of the way for the first Aggie counter. Bell failed to convert and the score stood 7-6 in favor of the Bears. But the Aggies were not to be stopped after such a sensational sprint and before the period ended Nelson Reese, who entered the game in the second half and stole almost the entire show, on an off-tackle thrust, crossed the Bear goal line for the second Aggie score. Baylor elected to receive and once more began passing, but this time on every down the Aggie areal defense strengthened and the start of the final inning found the ball in A & M's possession on the Baylor 40 yard stripe, first down and ten to go.

Rees Stars With 40 Yard Run
On the first play in the fourth period Rees took the ball on a right end run and raced the forty yards behind perfect interference, for a touchdown. The play was so well executed that the nearest Baylor player was fifteen yards in rear of Rees when he crossed the counting line. Again Baylor chose to receive, but after three futile efforts to complete a pass, they were forced to kick. And again the Aggies took the oval straight down the field, on a series of passes and running plays to put it in scoring position, where Aston tossed a pass to Murray, Aggie end, into the end zone for the fourth tally. The last touchdown was made on a similar pass, Domingue to Graves.

Swimmers—

free style, Dallas, Texas; H. S. and H. T. Brinsmade, breast stroke, Mexico City, Mexico.

The stock of the diving department of the team has gone up perceptibly with the find of O. Rhodes, diver excellent, from Houston. Although swimming is not a Southwest Conference sport, it is fast becoming a very popular sport with the colleges in the Conference.

The Aggie swimmers won two out of three dual meets last year. Two dual meets were held with the Texas University team last year, one in Austin and the other here; the Aggies were victorious in both of these encounters. The A & M team also captured second place out of a field of five entrants in the Gulf Coast Swimming Championships in Galveston, Texas.

BIRTHS

A son was born to Mr. and Mrs. William R. Wills, Wednesday morning, Master William Ray Wills, Junior. Mrs. Wills will be remembered on the campus before her marriage as Miss Elizabeth Nelson.

Friends and acquaintances of Lieutenant and Mrs. James V. Carroll will be glad to learn of the arrival of a young son last Thursday night, James Langton Carroll. Both mother and son are doing well.
