These comments are only a few that were sent to Dr. alton. Another comment of note came from the editorial age of the Shreveport Journal, and to print it would be only to repeat what has been said above.

Why Counter-Attack?

It seems to be the nature of the corps to gripe most when the least can be done about it. The feeling in the corps after ule, arriving about noon, when it the game was not in the least sportsmanlike, but it is a relief to know that it was not the true feeling of the body, but a yielding to the sentiments of a few who apparently controlled the mob action, and didn't stop to analyze their own thoughts.

It is easier to be graceful winners than losers, but before we can consider ourselves sportsmanlike and gentlemanly, we hibition of modern painting should train ourselves to be able to accept defeat without was the first time since 1923 that rudely expressing our sentiments to our guests.

It is an accomplishment to arouse men with a promise of victory, but it is more commendable to get them to accept defeat nobly, than to excite hatred against those who came out with the laurels.

During the first part of September a man in Illinois gave Jack Reynolds, amateur thumb-tourist from Aggieland, a ride. Reynolds introduced himself and made a very favorable impression upon the man. On the very next day he picked up Bow Flood because he wore a similar uniform. Flood made a similar impression and the effect was shown by the man's saying, "I got my master's degree from the University of Chicago and was in business three years before I learned as much about meeting the public as you fellows from Texas A and M seem to know now. I have a kid brother that I am going to send to Texas A and M, and nowhere else, for I have found nothing to compare with the training that you men have shown that you are getting."

Some may scoff at the traditions and spirit of A and M. me practically refuse to recognize, much less support, such. If this man could within such brief contacts recognize the d M. then isn't it important that all of us the worthwhile traditions of

Shakespeare said that the devil might quote scriptures for his purpose; and though I am not a member of any par-ticular church, I will quote scriptures to show you that the spirit A and M showed S M U Saturday was not sportsman-

The Bible says, "Do unto others as you would have them do unto you."

A and M., the authorities, and the cadet corps are willing to accept the courtesies of any town or city we visit. These municipalities show us their friendship, in many cases, by providing police guards for our band, by having their band meet us at the railroad station, and by offering us free meals, free entertainment and free rides. They invite us to come and they treat us in a manner that is very cordial.

A and M retaliates—but in a very different way. We think of our school as the friendliest of any we come in contact with. The S M U visit showed us that in this, we are mistaken. We did not invite the student body of S M U to visit us; neither the band nor the corps went to the station to welcome the visitors, and although many of the students of S M U ate in the mess hall, they were not officially invited.

The authorities proposed not to open a dormitory for the lady visitors. They contended that we shouldn't do anything for them because they didn't do anything for us. The senior class proposed that several ramps in Hart Hall be turned over to women for their comfort and convenience. It would have been a little troublesome to vacate these ramps, but we would have been giving them the best that we have, Instead, we gave them two of the old and unoccupied dormitories-and that reluctantly.

The cadet corps DID NOT go around the S M U band, but continued through their formation and halted them. This whole affair is as discourteous as anything that A and M could have done!

I write this because of my love for A and M. On the surface this criticism is highly destructive, but I criticise with the hope that such treatment as we accorded S M · U Saturday will never be given any school that visits our campus
