A preview has been arranged for Wednesday night 11 p. m. in Bryan at the Palace. Two of the screen's favorites, in "Possessed," promise to make it an enjoyable hit. For the first time, Joan Crawford and Clark Gable play together in a picture. It is the story of a woman who demanded everything in life, and was willing to pay everything for it. Direction of the picture is by Clarence Brown. The supporting cast is Wallace Ford and Skeets Gallagher.

And now, a cyclonic comic of "Rio Rita," in "Everything's Rosie," with Wheeler and Woolsey. A story of a carnival, with carnival laughs.

Another comedy romance in "Laugh and Get Rich," with Edna May Oliver and Dorothy Lee. It is the story of a poor inventor in a story of boarding house life. It's good advice, "Laugh and Get Rich," and it works well in the story.

"Royal Bed," is a dramatic story of the queen of a little European country, who strives to hold the nation intact and guide the heart of her daughter. Mary Astor, Lowell Sherman, and Antony Bushell play the leads.

John Gilbert, Madge Evans, and El Brendel come in a corking new picture, "West of Broadway."

Joe E. Brown and Dorothy Lee in another comedy hit, "Local Boy Makes Good," the story of how a kiss inspired a local boy to make good at college.

"Murder by the Clock," is a mystery thriller with an excellent cast: William Boyd, Lilyan Tashman, Regis Toomey, and Sally O'Neill. See if you can solve this murder mystery that clicks with the clock.

(Continued from page 1) centrally located and will be under the supervision of the college police during the day.

Feeding arrangements have been increased, and aside from the confectionery, and drug store on the campus, meals may also be purchased at the Coffee Shop in the Aggie Inn and the Mess Hall. The Mess Hall has been reserved entirely for visitors only at the noon meal, and a hot lunch will be served for fifty cents. Eight thousand people may be handled if the time is utilized, and people eat as soon as possible.

Trains arriving here Thursday will follow the schedule on page one, and will leave accordingly. Anyone desiring information other than this will find students and officers glad to be of assistance.

An era in which the average man will be glorified is about to set in, according to a book recently published under the authorship of Simon Strunsky. The average American, the butt of ridicule since the war, is going to have a pretty good time from now on far a while the book states.

WHY

do more and more
smokers say:

"I've changed to
Chesterfield"

BECAUSE . . .

- THEY'RE Milder.** It's the tobaccos! The mildest that money can buy. Ripened and sweetened in the sunshine . . . cured by the farmer . . . then aged for two years in wooden hogsheads.
- THEY TASTE BETTER.** These tobaccos are put together right. Rich aroma of Turkish and mellow sweetness of Domestic, blended and cross-blended to Chesterfield's own BETTER TASTE.
- THEY'RE PURE.** Everything that goes into Chesterfield is tested by expert chemists. The purest cigarette paper made, tasteless, odorless. Sanitary manufacture . . . no hands touch your Chesterfields. They're as pure as the water you drink!
- THEY SATISFY.** You break open a clean, tight-sealed package. You light up a well-filled cigarette. Yes, sir . . . you're going to like *this* cigarette! And right there is where many a smoker changes to Chesterfield. *They Satisfy!*
