a new plant laboratory and is admirably equipped to handle all types of laboratory work.

Mr. O. C. Gebhardt, of the Phenix Dairy in Houston, one of the outstanding plant laboratory men in Texas, will assist the Department faculty in conducting the course. The program is to be held in the laboratory and will be informal in nature. The various problems will be demonstrated and discussed and the students will be given full opportunity to make any of the tests which they may care to, themselves.

In addition to the regular program there will be an educational grading of ice cream and butter samples sent in by the plants throughout the state.

On Tuesday evening, February 12, at Sbis Hall, the Kream and Kow Klub will hold a joint banquet with students attending the Short Course.

TRACK—

lead the half-milers. Hector Fuentes, and R. F. Marques, Yorktown; and Melton Smith, Sulphur Springs; will run the mile and two mile respectively with P. T. McClendon, Dothan, Alabama; cross-country letterman two years ago, but ineligible last year; C. D. Long Roscoe, freshman numeral man from last year; H. C. Smith, Ft. Worth; freshman numeral, and T. W. Akins, Ft. Worth; filling in where necessary.

A little more strength will be available in the high jump with D. S. Wingo, Wills Point; squad man and S. T. Logan, Sonora; entering this event. Three "little" men, T. M. Smith, East Columbia; squadman, T. P. Kennerly, Houston, and F. Hilsman, Orange; freshman numeral man two years ago, will make up the broad-jumpers.

J. G. Hester, Gulf; J. N. Carnahan, San Antonio; freshman num-

eral men, and W. B. Reeves, Ranger, squadman, will take care of the pole vaulting. B. M. Irwin, Kosse; O. Dawson, Crockett; and Sam McCluney, Waxahachie; will enter the weights, with A. L. Sebesta, Marlin and J. H. Lightfoot, Rockdale; in the javelin.

T. C. Morris, Forrester, letterman, W. N. Reese, Dallas, letterman two years ago, and G. W. McVey, Parsons, Kansas, squadman, will run the high and low hurdles.

great floor man and defensive ace, has score 28 points. Gus Clifton, the other guard, got off to a poor start this season but found himself in the Texas series and will no doubt see action against Baylor.

There is a possibility that Coach Chuck Bassett will start Brasfield at forward in which case Captain Bibson would go to guard in Clifton's place. Brasfield has been developing rapidly.

Amherst is divided against itself in the new Congress. Both Henry T. Rainey of Illinois, Democratic floor leader, and Bertrand Snell of New York, Republican whip, are graduates of that college. Rainey was graduated in 1883 and Snell in 1894.

**The smoke
you like... is
the smoke she
likes for you!**

"I like to see a man smoke a pipe!"
You've heard your own girl say it,
perhaps. You're sure to hear it wherever
girls get together.

They puff away
at our cigarettes.
But they like to see
us have a go at the
"strong, silent man's
smoke"—a com-
panionable, time-
proven pipe.

There is some-
thing satisfying
about a pipe. It's a
slow, reflective, hard-thinking smoke
—or a calm, relaxing, restful smoke.
The hunter's smoke, the fisherman's
smoke, the engineer's smoke—a man's
smoke, through and through.

And pipe smokers who know their
fine tobaccos tell you there's no blend
quite like the fine
selected burleys of
Edgeworth—the
favorite tobacco in
42 out of 50 leading
colleges.

Do try Edge-
worth. Per-
haps you will
like it as well as
most men seem
to. Edgeworth is at your dealer's. Or
send for free sample if you wish. Ad-

**Engineering skill..
on trial at the
old courthouse**

While the ashes were still
smouldering, Western Electric
was already in action.

That afternoon fire had raged, wiping out much of the business
section, reducing the telephone building to smoking ruins. That
night, Western Electric men were at work converting an old court-
house into a telephone exchange. The next day both local and
long distance communication was restored in the stricken town...

Men and materials were
rushed to the scene from
miles around.

Western Electric accepts many such challenges as this. Challenges
that put to the test the engineering skill of its Installation Depart-
ment, that call into play the resources and facilities of its nationwide
system of distribution. Backing up a far-flung line of communica-
tion is only one phase of Western Electric's responsibility to the Bell
System. Equally important is the purchasing of supplies and mate-
rials and the manufacture of telephones and telephone equipment.
