Purdue To Meet Notre Dame After Ten Year Lapse

(Intercollegiate Press)
SOUTH BEND, Ind., Feb. 10.—The two strongest teams of Indiana are to meet again on the football field next year after a ten-tracks have been signed for a home and home series of two games, the year lapse of grid relations. Confirmit to be played in 1933 at the Notre Dame Stadium, and the second in 1934 at Purdue.

Notre Dame and Purdue played their last game together in 1923. In thirteen games played previous to that Notre Dame won eight, lost three and tied two. Banquet Given By Hillel Club Sunday Honoring Dr. Cohen

(Intercollegiate Press)
A banquet honoring Rabbi Henry Cohen of Galveston and Dr. and Mrs. Taubenhaus of College Station was given Sunday by the Hillel Club in appreciation for the assistance given the club by its sponsors. Manuel Gottlieb, the toastmaster, was introduced by President Schepps and in turn introduced the speakers. Some of the speakers at the banquet were Dean Friley, Dr. Summey, Mr. Mayo, Mr. Cashion, and Dr. Cohen, who commended the club on its work and purpose.

Dr. Cohen in his address told the club members of his plans regarding the club and prophesied that the club would soon be affiliated with the national foundation. The benediction given by Dr. Cohen brought to a close one of the most successful meetings of the Hillel Club.

three of which came from free throws.

S M U Wins
Southern Methodist's Mustangs kicked themselves into the win column by giving the Aggies a boost in the direction of undisputed claimants of the cellar berth with a 30-23 score after A and M took an early lead in the Saturday night affair.

Until the closing minutes of the opening half the game was decidedly in favor of the visiting Aggies but a sudden spurt by the Ponies gave them a slim lead as the half ended, which they never relinquished.

Veltman's long shots were probably the highlights of the game inasfar as the Aggies were concerned. Ray Johnson, sensational Mustang forward, found his way through a faltering A and M defense to score almost at will.

College Students Go To Courts For Snow Ball Melee

(College News Service)
LOS ANGELES, Feb. 3.—When for the first time on record snow fell in Los Angeles and vicinity last month, students on at least two of the eight college campi in this section went literally wild.

But last week when five members of the Pasadena Junior College student body were hailed before a police judge, the prosecutor called it "snow madness" and won leniency for the youthful defendants.

On the morning of the most "unusual" climatic event in the memory of the oldest resident, the junior collegians made haste to enjoy a few moments of winter sport before the snow melted. The result, however, was a snowball riot, which had to be quelled by police.

Charges of participating in and inciting the riot were dismissed when two of the students were brought to trial, but three were given suspended sentences and placed on probation for a month. Since it was brought out that they were victims of "snow madness"—ostensibly a form of mob psychology—the judge was not inclined to be too severe.

Quarter Mile

To further strengthen a fairly last fall on the football team at end, is probably a better weight man than runner.

Randow, although a fast quarter-miler, will be most valuable as a timber-topper as he placed first in the highs, and second in the lows at the state high school meet. R. P. Herring, Bryan; who will have to compete again as a freshman because of eligibility difficulties, is another star hurdler.

Candidates for the weights will include W. H. Skripka, Rosenberg, second in the discus throw at the state meet, also strong in the javelin, and high jump, and J. G. Cooper, Schulenberg, and Tracy, all-round weight men.

Twins Run Distance
(Continued from page one)

Two tall, lanky freshmen twins, R. and F. O. Cook, Lampassas; demonstrated their elongated stride in the intramural cross-country race last fall by crossing the finish line abreast and far ahead of the rest in a large field of contestants. These two boys should be much assistance in helping to regain the harrier title again next fall.

Meanwhile, the early demise of the organization was freely predicted when cynical sophomores dubbed it the "Dude Club."

"LUCKIES are my standby"

CHIP OFF THE OLD BLOCK
Cash in on Poppa's famous name? Not Douglas Fairbanks, Jr. For months he labored as a five-dollar-a-day "extra." Then he crashed into a part like a brick through a plate-glass window. Doug boxes like a pro, and we don't mean a palooka . . . he has muscles like a wrestler. When undressing, he hangs his clothes on the chandelier. The box offices like his latest FIRST NATIONAL PICTURE, "UNION DEPOT." Doug has stuck to LUCKIES four years, but didn't stick the makers of LUCKIES anything for his kind words. "You're a brick, Doug."

"LUCKIES are my standby. I buy them exclusively. I've tried practically all brands but LUCKY STRIKES are kind to my throat. And that new improved Cellophane wrapper that opens with a flip of the finger is a ten strike."
