## The Perpetual Borrowers

He is in every school; he is in every phase of public and private life; he is a nuisance; sooner or later everybody will come to despise him; in time he becomes a criminal or a social hindrance, because he fails to make his own way in the world. This indictment is directed at none other than the professional borrower.

The professional borrower never provides himself with the necessary equipment for performing his daily tasks, and he is a "sponger." He saps out the patience, courtesy, and graciousness of his associates. He should be condemned. To tolerate him is to place a premium on inefficiency and slovenliness.

All students and faculty members are urged to fill out the Battalion ballot and return it before Saturday. A ballot box will be placed in the rotunda of the Main Building for all ballots not collected by first sergeants.

Give the questions your serious consideration before filling out the ballot. Are the students and teachers here representative of people over the state? Do college students think? Do they have their own opinions and views? We shall see.

FILL OUT THE BALLOT NOW AND TURN IT IN.

### BALLOT DISARMAMENT

1. Provided that other world powers agree to a smaller reduction on their part, what degree of disarmament do you favor for the United States? None..... 25%..... 50%..... 75%..... 100%..... (check one).
2. Do you favor the United States taking the lead in world disarmament? .....
3. As measures to bring about world peace, do you believe past conferences in which the United States has taken part have been to any extent successful? .....
4. Do you favor compulsory R. O. T. C.? .....
5. Do you favor abolishment of the R. O. T. C.? .....
6. Do you believe that military training in educational institutions tends to increase the incentive for war? .....
7. Have you had military training? .....

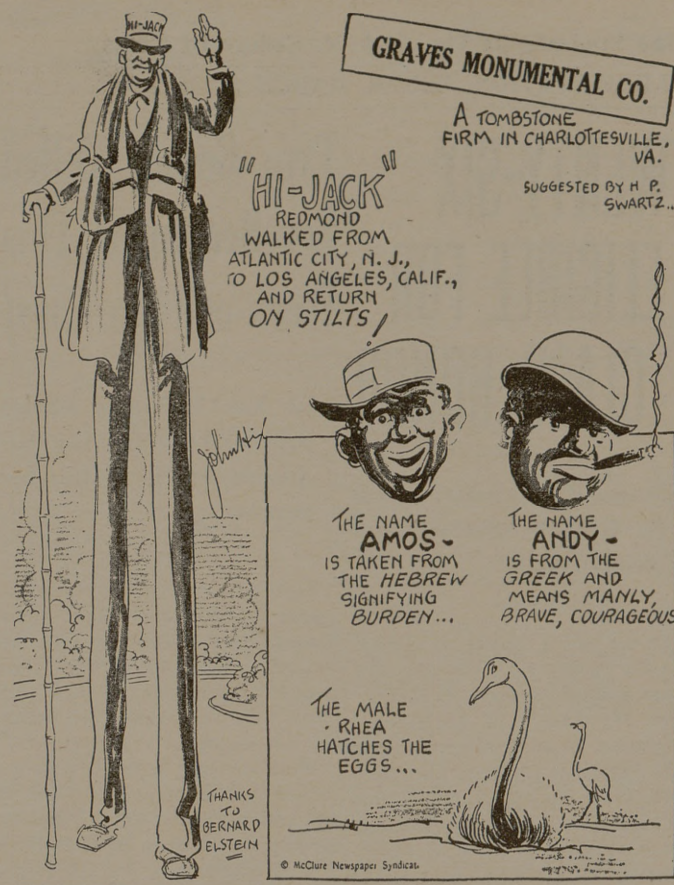

### PROHIBITION

1. Do you believe it possible to enforce prohibition? .....
2. Do you favor (a) repeal of the Eighteenth Amendment? ....., (b) modification? ....., (c) continued attempted enforcement? ....., (check one).
3. Do you indulge in intoxicating liquors to any extent? .....

### BIRTH CONTROL

1. Do you believe that birth control should be added to the college curriculum? .....
2. Do you favor the practice of birth control? .....

## ODD THINGS AND NEW—By Lane Bode

## Campus To Vote On Vital Issues In Battalion Poll

### Student And Faculty Opinions On Disarmament, Prohibition And Birth Control Sought.

A campus-wide vote on prohibition, disarmament, compulsory military training, and birth control is being sponsored by The Battalion this week, in this issue. Colleges all over the country have sounded student opinion on these subjects, and great stress has been placed upon the question of disarmament and compulsory R.O.T.C., in line with the current move for peace programs.

Many colleges have voted down military training, many have supported it, and a recent poll among the alumni of the colleges has shown them to be almost unanimously in favor of R.O.T.C.

Students and faculty members are urged to fill out the ballot, and turn it in as soon as possible. The first sergeants of the companies will collect the ballots in their organizations; all faculty ballots and those not collected in the organizations can be turned in at the box in the rotunda of the Main Building.

Balloting will close Saturday noon and results will be published as soon as they can be tabulated. Members of the faculty are urged to turn in their votes. No names will be required on the ballot, just fill it out and turn it in. A ballot can be found somewhere in this issue of The Battalion. Fill it out now.

### COTTON— (Continued from page 1)

o'clock attended by leading Texas men and women interested in cotton development, with speakers scheduled as Will Clayton of the cotton firm of Anderson-Clayton, and R. J. Murray of the Texas Cotton Co-operative Association of Dallas; an exhibition following the banquet of cotton dresses, goods, and unusual things manufactured from cotton; and a ball featuring the Aggieband Orchestra, which has completed some novel arrangements for the occasion, from 9 p. m. until 2 a. m.

**Proceeds Pay Winners**  
 The proceeds realized from this Cotton Banquet, Exhibition, and Ball, will be used to help defray expenses incurred by the winners of the Cotton Contest, which will be held in May, on their tour of the United States and Europe showing the complete journey cotton makes in becoming a finished product.  
 When interviewed recently, J. S. Mogford of the Agronomy Department, who is in charge of the festivities said, "I am well pleased with the progress that has been made in planning and arranging

the festivities, and with the enthusiastic reception they have received, and feel sure that the affair will be very enjoyable to everyone present."

### MUSIC— (Continued from page 1)

gian violinist, Cesar Thompson, he appeared in most of the leading musical centers of Holland, Germany, Austria, Italy, Poland, and Finland. In the United States he has given recitals in Boston, Baltimore, Chicago and various other cities. He has appeared as soloist with the St. Louis and the Minneapolis Symphony Orchestras.

Mr. van katwijk has held numerous positions as head of piano departments, some of them are; Neustadt Conservatory, Germany; Helsingfors National Conservatory, Finland; Columbia School of Music, Chicago, Illinois; and Drake University at Des Moines.

### TIE SCORE— (Continued from page 1)

the score to six.  
**Scheer Starts**  
 Scheer, Aggie starting pitcher, held the opponents well in hand until he was relieved by Fischer in the fourth. The latter pitched well for two frames but weakened in the sixth and the Southern Pacific team knotted the count at six all.

A & M tallied in the eighth without a hit, but the score was again tied when a squeeze play was negotiated by the opponents in the ninth, after Doty, erring short-fielder, had sent a clean triple to left field.

**Bases Filled**  
 Three consecutive miscues filled the bases but Aggie hopes were revived when two forced outs kept the Houston nine from scoring again.

In the A & M half of the tenth Joe Miller, substitute first baseman, hit for four bases tying the score with none out. After the next two men had gone out in order on strikes, Mitchell singled to right field but was thrown out trying to steal second.

### FISH— (Continued from page 1)

nine of Cameron on the Kyle field diamond Friday afternoon and will again play hosts to them on Saturday. A return game is scheduled between the two teams in Cameron on Friday, April first.

With the squad now cut to a

total of thirty-one men progress has been more rapid in the past week than was even hoped for, and is especially strong at the hurling position. First and third bases are probably the weakest spots on the team, there being at present only one candidate for each of those two positions.

Second base has three probable representatives, shortstop two, and a number of likely outfielders are on the list.

Those now on the squad who are slated to take part in the two games with Yoe High are: catchers, Steve, C. San Antonio; Chazanow, M., Waco; and Hay, J. M., Waco; Jake Mooty, Fort Worth; N. J. Taylor, Tahoka; C. A. Hill, Seagraves; and M. J. Schriver, Lockhart; are listed as tossers.

Tommy Hutton, Coahoma, who recently made his numeral in basketball is the lone keystone sack prospect.

E. H. Bobbitt, Hillsboro, is likewise alone on third base.

Shortstops include M. Cook, Josephine; and T. K. Cleveland, Dallas. Second base prospects are M. C. Dillingham, Fort Worth; C. K. Hoffmeister, Fort Worth; and Travis Vielkel, Fayetteville.

Outfielders are W. B. Cochrane, Houston; E. O. Cullum, Dallas; J. T. Jones, Belton; W. G. McCubbin, Gainesville; C. M. Reynolds, Bastrop; J. W. Shaw, Houston; William Sodd, Fort Worth; and D. A.

Windrow, Hondo.

This list does not include the entire squad now practicing but only those who will probably participate in the two games Friday and Saturday afternoons.

### BAND CONCERTS START IN APRIL

On Sunday afternoon, April 3, the A and M College Band will begin a series of regular Sunday afternoon concerts, which will be held in the triangle in front of Gathright Hall. These concerts will be given regularly until the end of the term and will be broadcast over radio station WTAW.

### NEW SPRING HATS

## No wonder men smoke PIPES!

EVERY PIPE SMOKER has the satisfaction of knowing he has one masculine right that the women won't take away from him. They do leave our pipes alone.

And though the girls may not know it, they're leaving us one of the finest smokes a man can have.

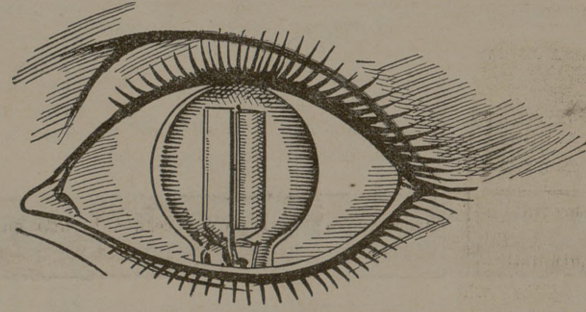

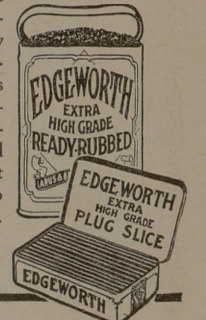

There's something calm and soothing about a pipe and good tobacco. It leads to clear-headed thinking. Perhaps that's why the leaders—the real men of the world—are pipe smokers.

College men like a pipe—packed with cool, slow-burning Edgeworth, the favorite pipe tobacco in 42 out of 54 colleges. It's cut especially for pipes, to give a cooler, drier smoke. You can buy Edgeworth wherever good tobacco is sold. Or for a special sample packet, write to Larus & Bro. Co., 105 S. 22d St., Richmond, Va.

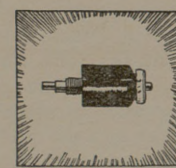

### EDGEWORTH SMOKING TOBACCO

Edgeworth is a blend of fine old burleys, with its natural savor enhanced by Edgeworth's distinctive and exclusive eleven-step process. Buy Edgeworth anywhere in two forms—Edgeworth Ready-Rubbed and Edgeworth Plug Slice. All sizes, 15¢ pocket package to \$1.50 pound humid tin.

## One eye that sees better than two

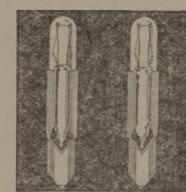

Makers of telephone equipment cannot rely on their eyes in testing a certain type of coil used by the million in central offices. For greater accuracy they utilize the "electric eye" or photoelectric cell.

At Western Electric this uncanny piece of apparatus

"stares" all day long without fatigue recording galvanometer readings.

It forms a vital part of a machine for automatically separating perfect from imperfect coils. Its use is typical of the way this organization puts science to practical advantage.

Here is no blind following of tradition. And yet new methods must prove themselves worthy—must be tested as carefully and as thoroughly as the telephones and telephone equipment manufactured for the Bell System.

### INJURIES— (Continued from page 1)

eligible for competition.

The first competition of the season will be held Saturday between the varsity and freshman squads. The fish team is comparatively

stronger than the varsity, and as few men will graduate this year an insight upon the strength of next year's team will be available. The first conference competition will be held in a dual meet with Texas here April 2, followed the next Saturday with a triple meet with Baylor and T C U in Waco.
