

Don't fail to cast your ballot in The Battalion's poll on disarmament, prohibition and birth control. All three questions are of vital importance today and it will be of interest to learn the opinions of citizens of the future on them.

**Sport Sidelights**

By W. J. Faulk

The season's opener in baseball may well be classed as one of "those things" in which most anything is liable to happen at most any time. Sixteen errors, three circuit clouts, and five triples tell the story in a manner. The Aggies led most of the way and twice had beautiful chances to "break" up the ball game but muffed both of them.

Even though things appeared extremely gloomy at the start of the track season Coach "Andy" Anderson seems to be developing some track men who may trouble the leaders no small amount. Akin's time of 50.6 seconds in the 440 yard run should gain at least a second in conference competition. Irwin gave the discus a ride around ten feet further than his best last year and Hester should place with his 12 feet in the pole vault.

Spring football training is to be just a trifle shorter than usual this year. It will be terminated about April 7 with a game between two teams selected by Coaches Bell and Holmes. A scrimmage will be held Thursday afternoon of this week. Very little scrimmage has been done to date, with the majority of the time being applied on shift plays and fundamentals to be used next season. Practice in application of the new rules has also been an essential part of the work in the training period to date.

Intramural sports present probably the most unusual situation yet encountered in the way of coincidents, on the A and M campus. The identical four organizations participating in the semi-final round of Horse-shoe pitching last year were again the contenders this season. In the drawing for the matching those four were matched exactly as they were a year ago. Now the winners in the semi-final go happen to be the same teams entering the finals of two years back.

After several successful seasons the Aggie swimmers have met with competition of such calibre that they cannot fathom it and twice in two weeks the score has been in favor of their opponents. The Longhorns made good their boast of several Olympic prospects when they gave the Maroon and White representatives a thorough trouncing in Austin last week, and present indications are that Texas University will easily cop the first conference title.

Then there is the situation of the poor track man who left the car for a few minutes and returned to find his whole track suit gone. Such was the case in Fort Worth when two of A and M's outstanding trackmen made the trip to enter the Fort Worth Fat Stock show meet. Just another case of "beaten before he started."

Saturday afternoon a glimpse may be had of the powerful freshman track team of which Coach Andy has been more than usually boastful this year when the annual Varsity-Fish competition is staged on the cinders of Kyle field. The freshman team this season is reputed to be far superior to that of the class of '31 which held the conference title for two consecutive years. Then there will be very few of the varsity this year that will not return next season, which may cause no little worry to the Rice Owls.

Injuries will keep George Addicks, premier Aggie sprint man, from entering the competition Saturday because of a pulled tendon. Addicks will probably be out of all dual and triangular meets prior to the conference meet, but should no further trouble develop he will be in good shape for the "final run." His absence not only weakens the team in the line of sprints, but also materially affects the relay team, one of the strongest parts of the team. It was none other than "Old man" injury jinx that cheat-

**GOLF TEAM SELECTED**

Members of the 1932 Aggie Golf Team were selected last week by W. L. Penberthy, coach of the team. The men selected were W. G. Allen, J. B. Heinen, P. J. Keith, C. C. Malone, R. G. Watts, and G. R. Zachry. All of these men selected are from Dallas except Zachry who is from Kerrville. The first intercollegiate match which will be against Texas University is scheduled to take place April 9, at College Station.

**Championship For Volley Ball Won By Coast Gunners**

Battery A Coast Artillery took the laurels of victory in intramural volleyball Tuesday afternoon by defeating Company D, Infantry in the final game of the playoffs in volleyball. Members of the victorious team were awarded intramural medals by the intramural department.

In the semi-finals of the horse-shoe pitching leagues, Battery D nosed out Battery E of Artillery, and Company D, Infantry defeated Battery A, Artillery. The playoff between Company D and Battery D for the horse-shoe pitching championship will be played sometime during this week.

**M. K. Thornton's Book "Cottonseed Products" Recently Published**

"Cottonseed Products," a book written by M. K. Thornton, professor of industrial chemistry at Texas A and M College, was published this week by the Oil Mill Gazetteer at Wharton, official magazine of the National Oil Mill Superintendent's Association. The book contains 258 pages and approximately seventy-five illustrations. The book was written primarily as a text and general reference book, according to Professor Thornton, and contains many important tables of information that are not generally available to cottonseed workers.

We wish to congratulate you Fellows on your "Spring Fever Number" of The Battalion. We think your paper is one of the best of its kind published anywhere. It really gets results because everyone that receives it really reads everything from "cover to cover."

This we contribute to the efficiency of the Staff and Business Management.

The Battalion is serious enough, funny enough, and attractive enough. What more could you want for your money in the way of advertisement?

**what makes a college leader?**

PERSONALITY, of course. An engaging attitude toward others. Boundless energy for class and campus activities.

Good health is the basis. So few have it. Constipation frequently causes headaches, loss of appetite and energy, sleeplessness.

Yet it can be overcome so easily —by eating a delicious cereal, Kellogg's ALL-BRAN. Two table-spoonfuls daily will promote regular habits.

Try it with milk or cream. Ask that Kellogg's ALL-BRAN be served at your fraternity house or campus restaurant.

The most popular ready-to-eat cereals served in the dining-rooms of American colleges, eating clubs and fraternities are made by Kellogg in Battle Creek. They include Kellogg's Corn Flakes, PEP Bran Flakes, Rice Krispies, Wheat Krumbles and Kellogg's WHOLE WHEAT Biscuit. Also Kaffee Hag Coffee—real coffee that lets you sleep.

**"I was afraid Grandfather would be Shocked.."**

"HE'S rather a bossy old darling, and I didn't know how he'd like the idea of my smoking."

"The first time I lit a Chesterfield in front of him, he sniffed like an old war-horse... and I braced myself for trouble. But all he said was, 'That's good tobacco, Chickabiddy.'"

"You know Grandfather raised tobacco in his younger days, so he knows what's what. I don't, of course—but I do know that Chesterfields are milder. It's wonderful to be able to smoke whenever you want, with no fear you'll smoke too many."

"And it doesn't take a tobacco expert to prove that Chesterfield tobaccos are better. They taste better... that's proof enough. Never too sweet. No matter when I smoke them... or how many I smoke... they always taste exactly right."

"They must be absolutely pure... even to the paper which doesn't taste at all. In fact... as the ads say... 'They Satisfy!'"
