**Farmers Open**  
Season With Frog  
Game April 2

The Horned Frogs of Texas Christian will be the guests of Coach Roswell Higginbotham's title defending Aggies when the Southwest conference opener gets underway on Kyle field Saturday afternoon, April 2.

**Many Sophomores**  
Facing the Aggies as they start the title race will be a raft of sophomore talent and the lack of

veterans will be conspicuous on the Toad nine, only two lettermen having returned from last year's team. Among the group of promising talent with which Coach "Dutch" Meyer, head baseball mentor of the Frogs, expects to do big things in the conference race "Slim" Kinzy, elongated tosser, is the pride of the show.

Kinzy is reported to be doing exceptionally well against early season opposition and the Frog mentor is thoroughly confident of his ability to win against conference competition. One other hurler of much promise who has also done well in training to date is Al Roark. Roark is expected to see some service in the game Saturday.

**Practice Games**

Practice games to date have been neither in favor of or against the percentage of the Aggies, having collected one win, a tie, and one loss in three games competing with teams which should compare favorably with Southwest conference nines in both hitting and fielding.

While the sluggers have as yet

failed to find the pellet with any consistency, fielding and pitching has been above average for early games. In the two tilts the past week end the team made considerably less miscues than the professional Texas Leaguers.

**Line-up**

The line-up with "Bob" Garvey receiving, Weber on first, Sweetie Davis second, George Carpenter third and "Mitch" Mitchell at short is apparently complete for the infield at the start Saturday. Captain Lester "Squawk" Veltman is due to patrol the center garden with "Pete" Crozier, Verne Andrews, and Ike Lowenstein the chief candidates for the two remaining posts. Pitching assignments are likely to be divided between several of the promising tossers on the squad with either "Bob" Scheer or Freddie Marshall Shaw leading the field for the starting selection. **"Choosey" People like**  
the way they **TASTE..**

IT'S just what you'd expect. People who enjoy the good things of life... are constantly looking for something better to eat and drink... and smoke.

In cigarettes this *better taste* can come only from finer ingredients. Chesterfields are more satisfying to the cultivated palate. For one thing, there's never any attempt to skimp on Turkish leaf.

These richly flavored Turkish tobaccos are added with a generous hand.

In fact Chesterfield's new way of mingling tobacco flavors and aromas is really the equivalent of an entirely *new kind* of tobacco... one that combines the best qualities of Turkish and fine Domestic leaf.

Perhaps you've noticed too, that the paper in Chesterfields is whiter... purer. It burns without taste or odor.

Smoke Chesterfields whenever you like... They're mild and pure. They'll never tire you as an over-sweetened cigarette might easily do. Light up and see for yourself. They satisfy!

Listen in... Hear the Chesterfield Radio Program. Nat Shilkret's brilliant orchestra and Alex Gray, popular baritone. Every night, except Sunday... Columbia Broadcasting System... 10:30 E. S. T.

THEY'RE MILDER

THEY'RE PURE • THEY TASTE BETTER
