WATER FOUNTAIN

Bids for the mechanical refrigeration unit of the cooled water fountain have been received and the contract for the installation will be made in a few days. Delay in submitting bids will probably prevent the installation before the close of this term, but it will be completed as soon as possible.

SHOW TALK

By Phillip John

Thursday, Friday, Saturday — Palace — "State's Attorney."
Saturday 12:30 — Assembly Hall — "Star Witness."
Saturday night — Assembly Hall — "Lady With A Past."
Preview Saturday, Wednesday only — Palace — "Amateur Darry."
Sunday, Monday — Palace — "Sinners in the Sun."
Tuesday only — Palace — "The Careless Lady."
Wednesday — Assembly Hall — "Girl Crazy."

John Barrymore plays the part of a tricky, double-crossing, criminal lawyer who never handled a straight case in his life, a man who later rose politically to "State's Attorney," and passed judgement on the souls of men he once defended. In the picture also is re-enacted America's most sensational murder trial. Helen Twelvrees and Mary Duncan lead the supporting cast.

A sensational story of kidnapping, murder and trials is presented in "Star Witness," an exciting story featuring Chic Sale, Walter Huston, Sally Blane, and Dicky Moore.

Ben Lyons and David Manners lead with Constance Bennett in her picture, "The Lady With A Past," the story of a woman who sought a past to find love. The picture is well done, from the Bennett gowns to her gigolo.

The daddy of "Daddy Longlegs," Warner Baxter, again fathers a beautiful child, and in spite of all the barriers in his way, wins her love as a woman. The story is from the novel "Scotch Valley," and features Marian Nixon.

Carol Lombard and Chester Morris lead in the picture "Sinners in the Sun," the story of a girl who bargained with love and lost, who put a price on love, staked her happiness on wealth, and was surprised with the outcome. Adrienne Ames and Allison Skipworth lead the supporting cast.

Joan Bennett's latest picture is "The Careless Lady," a story fitting for the Bennett action, type, gowns, and ability.

Wheeler and Woolsey are as gnerfs as ever in their comedy, "Girl Crazy," the story of whoopee on a dude ranch.

C. Bolton, representing Battery B will take on O. K. Miles and J. A. Worley from Battery D for the championship in the doubles. According to E. Levy, who has charge of intramural golf, no singles will be played in golf this year because of limited time.

R. L. Van Zandt and J. A. Mc-Davit representing Battery A Coast Artillery will compete with J. M. Mitchell and C. Stefani of Battery B Artillery in the finals for doubles in intramural handball. The singles in handball are only to the semi-final contests to date but they also will be finished by the end of this week.

Sleepy Smith
HE WENT through his freshman year in a daze. Now he's a sophomore and still doesn't know what it's all about. Yet Smith isn't so much lazy—as sick.
That's the trouble with constipation. It's so treacherous. You may never know you have it. Yet it often causes headaches, listlessness, sleeplessness, and a general "down" feeling.
Just eat two tablespoonfuls daily of a delicious cereal: Kellogg's ALL-BRAN. See how much better you feel after a week. Ask that it be served at your favorite eating place.
The most popular ready-to-eat cereals served in the dining-rooms of American colleges, eating clubs and fraternities are made by Kellogg in Battle Creek. DO YOU INHALE?

A frank discussion at last on a subject that has long been "taboo"

"LET sleeping dogs lie!" So said the cigarette trade when first we raised the subject of inhaling. But dodging an important issue is not Lucky Strike's policy!

Do you inhale? That question is vitally important... for every smoker inhales—knowingly or unknowingly. Every smoker breathes in some part of the smoke he or she draws out of a cigarette! And the delicate membranes of your throat demand that your smoke be pure, clean—free of certain impurities!

No wonder Lucky Strike dares to raise this vital question! For Luckies bring you the protection you want... because Luckies' famous purifying process removes certain impurities concealed in every tobacco leaf. Luckies created that process. Only Luckies have it!

So, whether you inhale knowingly or unknowingly, safeguard those delicate membranes!
