FOR YEARS and years Shredded Wheat has attended all the best colleges and never flunked a single exam. It's Nature's own energy food—100% whole wheat. It's just the thing before that "eight o'clock" . . . just the thing after an evening hitting the books.

Eat Shredded Wheat for wider-awake days. Eat it for sounder-sleep nights. Best of all eat it because it's one "sensible" food that knows how to taste good, too.

Begin the good habit today! Keep it up for a week, and see if it doesn't make you snappier and happier!

When you see Niagara Falls on the package, you KNOW you have Shredded Wheat.

Team—
"Blondie of the Follies."
Saturday, 12:30 a. m.—
"The Crowd Roars."
Saturday Night—
"The First Year."
Wednesday Night—
"State's Attorney."

Janet Farrell and Charles Gaynor—no, Janet Farrell and Charles Gaynor—anyway, they're started together again in "Tess of the Storm Country." This is a good picture for Gaynor fans who like their amusement sugary and will be a relief to those who are tired of sophisticated movies. The story is from the well known novel of the same name; other members of the cast are June Clyde, Dudley Digges, and George Meeker; and the direction is by Alfred Santell.

Clara Bow, Hollywood Ha-cha of 1927, stages her comeback in "Call Her Savage." You call her savage, we've already figured as much from the publicity she's gotten heretofore. In this picture, she is the daughter of a white woman and an Indian, and when her Indian blood comes to the surface—well, see 't' for yourself.

"He Learned About Women" from women is what the author of this screen play intended to impress but we believe he learned most of it from a \$0,000,000 dollar inheritance. Stuart Erwin is the student of women and from the dumb look on his face we surmise that there is plenty for him to learn. Alison Skipworth, Susan Fleming, Gordon Westcott, and Sidney Toler support Erwin in this picture.

Along the Sidelines

By Ed Smith

Now that the football togs have been laid away the sport fans are listening for the sound of leather on the maple-wood courts. All of the conference schools have had their basketball squads in training for several weeks and it won't be so very long before competition will begin. The Southwest Conference schedule does not get under way until after the Christmas holidays, but most of the teams will engage in non-conference games before and during the holidays.

King Football has passed from the picture in the Southwest Conference with the exception of the post season game in Dallas this week-end between Southern Methodist University and Dana Bible's University of Nebraska Cornhuskers. The Cornhuskers are the 1932 champions of the Big Six and boast of a combination of speed and power that would give any team in the country a tussle. S M U, on the other hand, barely managed to finish above the cellar in the South-

west Conference race. In past inter-sectional tilts the Mustangs have been highly successful and have carried the prestige of the Southwest Conference to a high and respected plane, but it looks like the game Saturday will be all Nebraska so you can take S M U. The score should be something like Nebraska 14, S M U 0.

Not to be outdone by other representatives of the press the Battalion picks a mythical all-Conference team. At first the idea seemed quite a task but as the various candidates were considered the team evolved itself around the eleven outstanding performers at their respective positions in the conference. Much discussion has been heard regarding the placing of Bohn Hilliard of Texas University on the all-conference selection but after much deliberation, we find it impossible to omit his name from our list. With apologies we'll take the following players and you can do as you like with the rest.

Ends—Cummings A and M and Pruitt TCU.
Tackles—Blanton, Texas, and Boswell, TCU.
Guards—Cook, Tex. and Vaughn, TCU.
Center—Nolan, A and M.
Quarter—Spearmen, TCU.
Halves—Stafford and Hilliard, Tex.
Full—Koy, Tex.

Believing that "The First Year" of married life is the hardest, Janet Gaynor and Charles Farrell (got it right that time) set out to convince us of the truth in that fact. The story tells of the trials and tribulations of a young married couple. This is another sweet picture for you diabetes courtiers.

John Barrymore starts playing in brother Lionel's backyard when he goes in for courtroom dramatics but that is just what he does in "State's Attorney." Helen Twelvetrees and Jill Esmond provide the female interest and John is a crooked lawyer who goes straight—the chump. Barrymore acting puts the show over.

Students Fined for Flogging of Man Who Attacked Professor

MADISON, Wis.—(IP)—Severe fines were administered in Superior Court here last week to five students of Frank Lloyd Wright, an architectural teacher, who flogged C. R. Sechrest with a black-snake whip in retaliation for an attack on Wright.

Three of the students who actually administered the whipping were fined \$150 each. Two others who stood by and watched it were fined \$50 and costs each. Sechrest is in jail on a mayhem charge brought by Wright.

© 1932, LIGGETT & MYERS TOBACCO CO.

YOU would be astonished too, if you could see this machine that turns out 750 Chesterfields a minute . . . and every one as near perfect as cigarettes can be made.

But please bear this in mind. It is what happens before the tobacco goes into this machine that matters most. Rolling and packaging are important, but not nearly as important as the selection, blending and treatment of the tobacco.

That's why we keep telling you about the tobaccos used in Chesterfields. They're fine, mild, and pure tobaccos. We tell you about ageing and curing the tobaccos . . . about blending and cross-blending them . . . because they are things that count.

Chesterfields are milder. They taste better. Prove it for yourself. . . . Just try a package.
