**Gray High Scorer
of Southwest; Joe
Moody Wins Third**

University Forward Leads
Field With 157; Moody
Garners 112 Points.

Jack Gray, sensational sopho-
more forward of the Texas Uni-
versity Longhorns has taken first
in scoring honors in the Southwest.
He relinquished his lead only once
early in the season when Captain
Joe Moody of the Aggies, forged
ahead for a brief period. Gray
connected with 62 field goals, 33
free throws for a total of 157
points. He failed to approach the
season record for one year though,
which was made by Adolph Dietzel
of T.C.U., last year, but he broke
the tall Frog's individual scoring
record for one game Saturday
night in Austin when he scored
32 points. Gray was instrumental
in giving the Aggies a 51-20 troun-
ding.

done extensive studying in that
field. His talk included the details
in manufacture and several illus-
trations in the use of piles on

garnered from a total of 54 field
goals and 19 gratis shots.

**Kream And Kow
Klub Preparing
For Dairy Show**

Contest To Be For Underclass
Students In Dairy Husban-
dry; Dairy Department To
Offer Prizes.

Under the sponsorship of the
senior members of the Kream
and Kow Klub, a dairy show which
is to become an annual event will
be held here Saturday, April 15. This
is also the date of the annual For-
mer Students' reunion.

There is a two-fold purpose for
the show. Professor C. N. Shep-
herdson, head of the Dairy Hus-
bandry department stated. The
contests will stimulate interest in
dairy work among students and
give them experience in fitting and
showing dairy cattle, and will also
provide an occasion for exhibiting
the college's dairy herd to visitors.
All equipment of the Dairy Hus-
bandry department and the dairy
will be on display.

A contest in fitting and showing
of dairy animals, open to all Dairy
Husbandry students, with the ex-
ception of seniors, will be held
during the show. Twenty students
have already entered the contest,
selected animals, and are training
them for the contest under the
coaching of senior students. Prizes
for the winners of the contests
will be contributed by the mem-
bers of the Dairy Husbandry de-
partment.

Officers of the Kream and Kow
Klub are: E. O. Wurzbach, San
Antonio, president; E. W. Dobbs,
Grandview, vice president; and F.
L. Hansen, Temple, secretary-tre-
asurer.

Don't you get Pipe Hungry

once in a
while?

"MAYBE it's back to Nature. Maybe
it's something else. I don't know
just what it is, but somehow or other
I've just got to slip out in the woods
and sit down on a log. I always take the
old pipe along. Thinking somehow seems
easier when you are smoking a pipe. I
can fill up my pipe with Granger, and
somehow just seem to see things clearer
than at any other time.

"Don't know what it is about Granger,
but it must be made for pipes—real pipe
tobacco.

"Somehow, there's a flavor and aroma
about Granger I never found in any other
tobacco. When I pack my old pipe tight
and good with these big Granger flakes,
it's about the coolest smoke I ever
enjoyed. It makes me downright pipe
hungry every time I look at the package."
Some years ago we made a painstaking,

scientific study to find out, if we could,
the kind of tobacco best suited for pipes.

Down in the Blue Grass regions of
Kentucky, we found a tobacco called
White Burley. There is a grade of this
tobacco between the kind used for chew-
ing and the varieties suitable for cigarettes
that is best suited for pipes. This tobacco
is used in Granger.

This tobacco is prepared by a method
worked out many years ago by Mr. J. N.

Wellman. It gives Granger a fragrance
and mellowness that pipe smokers like,
and makes it burn to a clean, dry ash.
Granger never gums a pipe.

Granger has not been on sale very long,
but it has come to be popular, and there
is this much about it: We have yet to
know of a man who started smoking it,
who didn't keep on. Folks seem to like it.
