 tural administration. Watson received a majority of approximately two-hundred votes over his two opponents.  
 Results were: Watson 637, Martin 224, and Seeligson 223.  
 Run-off Necessary  
 As no majority of votes was received by any candidate for junior representative on the student publication board, a run-off will be necessary between Reid, who is a sophomore student in liberal arts and reporter on the Battalion staff, and Meador who is also a sophomore student in liberal arts. Meador received 335 votes and J. N. Ferguson, El Paso, sophomore student in electrical engineering was third high in the race and followed Meador with 274 votes. Students are requested to fill out the ballot printed elsewhere in this issue of the Battalion casting their votes for one of these candidates, Meador or Reid, and turn them in to their first sergeants.

to be left off the first string. Sumner's playing has been one of the main reasons the Frogs finished so high in the conference during the last three seasons.  
 As we see it the selections are as follows:  
 First Team: Jack Gray, Texas; and Joe Moody, A and M, Forwards; Bill Kubricht, Texas, center; J. E. Roberts, A and M and Sumner, T.C.U., guards.  
 Second team: Kendall, Arkansas, and Moody, Arkansas, forwards; Merka, A and M center; Brannon, T.C.U., and Price Texas, guards.  
 Honorable mention: Marcus, A and M; Baucus, and Johnson, S. M. U.; Francis, Texas; oJurney and Snider, Rice; Parks and Barnett, he is apparently too good a player Baylor.

 besides being the best jumper, was the second high scorer for the season.  
 The guard positions go to James Elton (Jodko) Roberts of the Aggies, and Wendell (Doc) Sumner of T.C.U. Probably the spark plug of the Aggie offense and defense all season, Roberts was also among the high scoring guards of the conference. His offensive play against Baylor, T.C.U., and S.M.U. was largely instrumental in their defeat by the Reidsmen. "The most polished forward in the conference", Doc Sumner, is switched to a guard position. He lacked the hustle that characterized the playing of either Gray or Moody, but he is apparently too good a player Baylor.

## PREPARATIONS FOR T DANCE PROGRESSING

Decorations Are Being Painted and Installed for Annual Dance Friday Night.

Preparations for the annual "T" Club Dance to be held in the Mess Hall Annex on the evening of Friday, March 10, are progressing satisfactorily, according to Jimmie Aston, president of the club, and all work will be completed before that date.  
 Under the direction of Henry Graves, the decoration committee has been busy working out and installing the colorful and novel decorative features that promise to add materially to the attendance present for the occasion. Pillars and panels carrying the Aggie "T," and pictures of activities connected with the various sports comprise the basis of the decorative scheme. Byron "Maggie" Magrill, chairman of the music committee, has announced that the Aggieband Orchestra will furnish the music for the dance.  
 Hours for the dance have been set at 9 until 2, and there will be a regular Corps Dance on the following night, Saturday, March 11.

## LAST GAME OF SEASON LOST TO LONGHORNS

Jack Gray of Texas U. Sets New Conference Record for Individual High Score.

The most decisive defeat ever given a Reid-coached Texas Aggie team was administered by Coach Ed Olle's champion Longhorns in Austin last Saturday night, with Jack Gray putting on the finishing touches as he broke the conference individual scoring record for one game with 32 points. The Steers won 51-20.  
 With the smooth Kubricht getting the first few tip-offs, and his team mates taking control of the ball on most of the other trials, the Longhorns clicked in a smooth fashion to run up a 11-point lead before the Aggies scored first on a technical foul. The lead was never threatened as the Aggies tried for the basket from all positions only

to have the ball miss the basket and then fall out. The Steer guards and forwards seemed to have only one purpose in mind, and that was to feed the ball to Gray, who hit his stride as he probably never had in any previous game. The Olleman led at the half 20-11.  
 The second half was more of a riot than the first for the Aggies, who seemed to be trailed by excessive hard luck. While their shots could hardly hit the center of the basket, it was the opposite with the flashy Gray. He broke loose with the Aggie guards blocked out of play to score 21 points in the period and bring his total to 32.  
 Captain Joe Moody was held well checked by Captain Ed Price, Steer guard, and was able to score only two field goals.  
 Though he did not play the entire period, Earl Shepherd, Aggie forward from Port Arthur, slipping through the tight Texas defense to mark up 7 counters. Merka was also held rather closely by Kubricht, while Roberts, who in previous games scored nearly as much as the forwards, had most of his time taken up trying to stop Gray.

## Treat yourself to a month of sunny living

**YOUR health influences your reaction to undergraduate life. You need plenty of vitality to make good in the classroom, and in the various activities of the school.**

Too often common constipation is permitted to undermine health and energy. Overcome it by eating a delicious cereal.

Try Kellogg's ALL-BRAN for a month, and see how much better you feel. Two tablespoonfuls daily will promote regular habits. ALL-BRAN supplies "bulk," vitamin B and iron. Ask that it be served at your fraternity house or campus restaurant.

The most popular ready-to-eat cereals served in the dining-rooms of American colleges, eating-clubs and fraternities are made by Kellogg in Battle Creek. They include Kellogg's Corn Flakes, PEP Bran Flakes, Rice Krispies, Wheat Krumbles, and Kellogg's WHOLE WHEAT Biscuit. Also Kaffee Hag Coffee — real coffee that lets you sleep.

**ILLUSION:**  
 The Oriental girl reclines on a sheet of plate glass supported by two slaves. The magician waves a white sheet in front of the pretty maiden... pronounces a few magic words... Presto! She has disappeared in thin air.

**EXPLANATION:**  
 "Disappearing" acts are among the most popular in the repertory of the magician. Dogs, horses, girls, whole rooms disappear—whisked into wings, dropped through trapdoors, hidden by mirrors. But this "disappearance" is a bit different. One of the "slaves" is a hollow dummy. When the magician holds up the sheet the little lady disappears completely—into the convenient figure of the dummy.

## IT'S FUN TO BE FOOLED

### ... IT'S MORE FUN TO KNOW

There is also a trick of cigarette advertising, whereby a few magic words are used to create the illusion of "Coolness."  
**EXPLANATION:** Coolness is determined by the speed of burning. Fresh cigarettes, retaining their full moisture, burn more slowly... smoke cooler. Parched, dry cigarettes burn fast. They taste hot. This makes the method of wrapping very important.

Improperly wrapped cigarettes begin to dry out as soon as packed.  
 Camels are cooler because they come in the famous Humidor Pack of welded, three-ply, MOISTURE-PROOF cellophane... and because they contain better tobaccos.  
 A cigarette that is fresh, full of natural moisture, and blended from choice, ripe tobaccos tastes cooler than one that is harsh and acid. For coolness, choose a fresh cigarette, made from costlier tobaccos.

It is a fact, well known by leaf tobacco experts, that Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

Try Camels... give your taste a chance to sense the difference. You'll appreciate it!
