

# Educational Center For Young Men

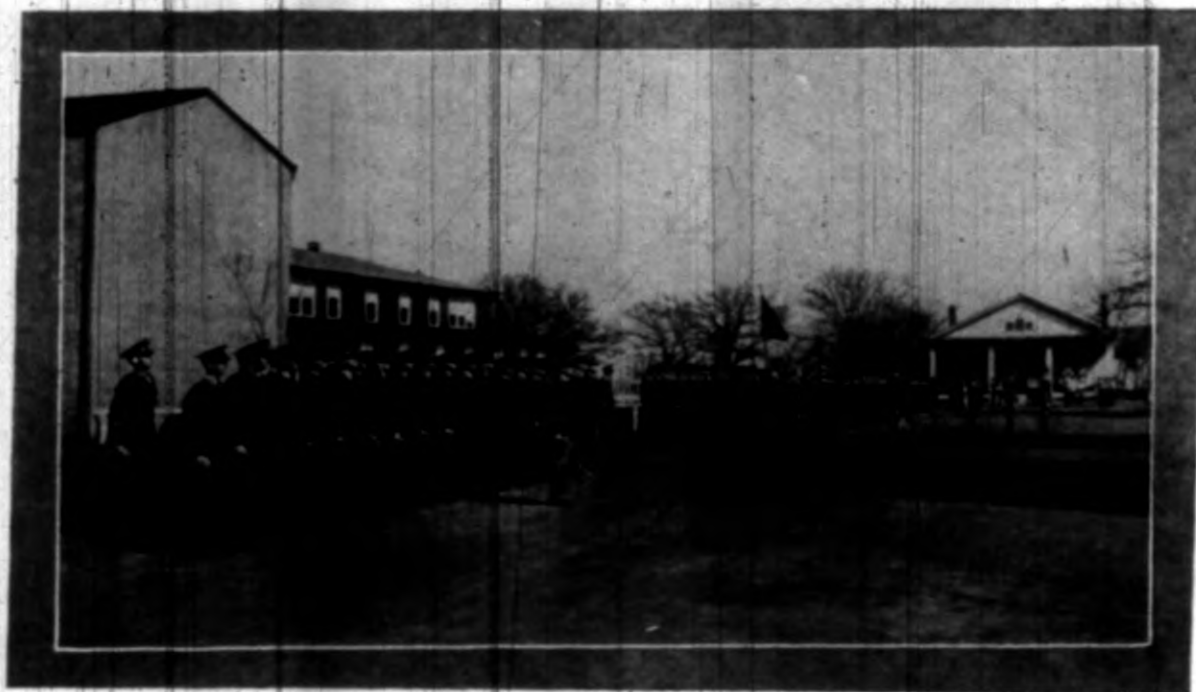

A and M College or Allen Academy, Bryan, Texas, should be the address next year of the young man or boy who has in mind the securing of a well rounded education. And in the following six pages are shown, principally in pictures, the scenes and activities to be observed at these two educational institutions. The aim at A and M College and at Allen Academy is to develop real men and the records of both schools prove the soundness of the training received by students who enroll.

## A AND M COLLEGE

The A and M College of Texas is located at College Station, a little more than three miles from Bryan, Texas, and is easily reached by railroad, bus or automobile.

The college is completing a major building program which makes available eight beautiful new buildings and its campus is one of the most attractive in Texas. The student is afforded an ideal opportunity to develop his initiative and leadership.

A well rounded athletic program and excellent physical education facilities are provided. Recreation for students is stressed and at all times of the year A and M men are able to "have a good time" and at the same time are able to carry on full college courses.

Battalion formation—Allen Academy

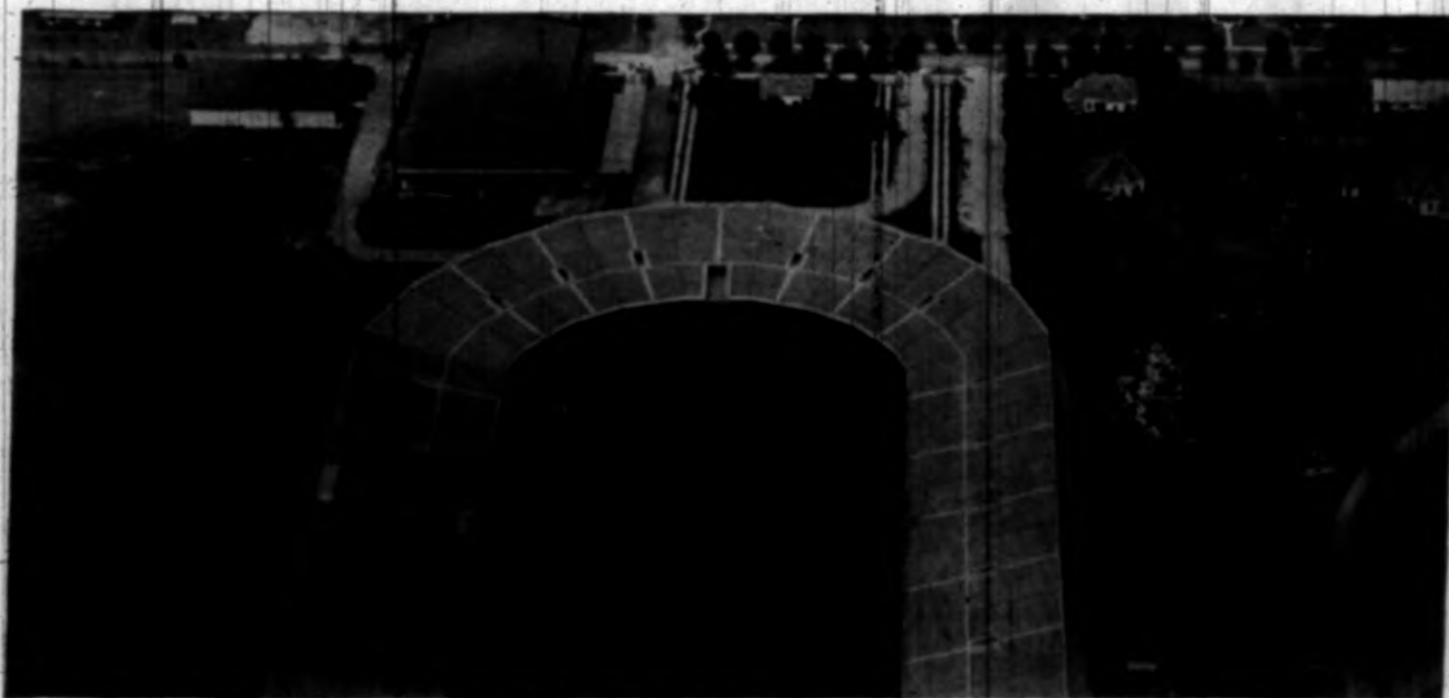

Best of all A and M College is a man's school for men.

## ALLEN ACADEMY

Allen Academy is one of the oldest as well as one of the best preparatory schools in the Southwest. With adequate school buildings and dormitories, the school for years has been one of the most popular in Texas.

Devoted entirely to boys and young men, Allen Academy is the only Texas Academy which is permitted to fill certain vacancies by appointment of its cadets to West Point and this year the military academy received Honor Rating for the 9th consecutive year. It is the only essentially military academy in Texas to enjoy the rating of Honor Military School.

Allen's rifle team is the 8th Corps Area rifle school winner for junior units and its football team in 1932 was undefeated by any academy team.
