The Kiss Before the Mirror.
Sunday and Monday:
The Barbarian.

AT THE ASSEMBLY HALL—

Saturday Night:
Sweepings.
Saturday, Midnight:
Phantom Broadcast.
Wednesday Night:
I Cover the Water Front.

To the accompaniment of vicious Vickers and snarling Spandaus; the "Eagle and the Hawk" will sport themselves in another of those nice little crusading-against-war pictures we are seeing so much of lately. This one's in the air, has scenes of air fighting which should be interesting, has a not too highly stereotyped plot, and is bolstered by excellent acting.

Cast: Frederic March, Cary Grant, Carole Lombard, Jack Oakie.

Detectives playing "Post Office" or something seems to be the mainspring idea of "The Kiss Before the Mirror." In this picture, the husbands that kiss their wives before the mirror immediately become suspicious of them, find that they have lovers, and end up by slaughtering or attempting to slaughter them. One of the mirror murders is tried for murdering his wife and is exonerated when his lawyer, finding himself in circumstances quite similar, realizes his client should be acquitted.

Cast: Frank Morgan, Gloria Stuart, Paul Lukas, and Nancy Carroll.

"The Barbarian" is a typical Ramon Novarro picture, neither more nor less. The scene is different, the heroine is different, and the names are different. Ramon is a native Arab in Egypt who serves as guide and lover to female tourists. Myrna Loy is the super-seductress. It smacks of the old, old story about an Arabian sheik who makes off with his occidental light of love.

Cast: Ramon Novarro, Myrna Loy, Reginald Denny, C. Aubrey Smith, Louise Closser Hale.

Drastic retrenchment, along humane lines, is in prospect for American education, in the opinion of Dr. Henry Suzzallo, president of the Carnegie Endowment for the Advancement of Teaching.

General Program Is Complete for Annual Farmer Short Course

A general program has been completed for the Farmers' Short Course, which will be held July 24-29, with the following courses included: home economics, agricultural engineering, poultry and animal husbandry, and agronomy. Details of the program are now being arranged and should be finished within the next two weeks according to D. W. Williams, head of the animal husbandry department.

The livestock part of the program has been divided up into the following manner with one day devoted to each class of livestock. Monday morning D. S. Buchanan, professor on animal husbandry, will lead the discussion on "Animal Nutrition" and the remainder of the day will be devoted to swine. The topic for discussion at the meeting Tuesday morning is "Contagious Abortion" which will be led by H. Schmidt, veterinary chief of the experiment station, and C. N. Shepardson, professor of dairy husbandry, the remainder of the day is set aside for the study of sheep and goat problems. Wednesday "Development of Pastures" will be discussed by R. H. Bush, farm demonstration agent, and study and inspection of beef cattle will occupy the remainder of the day. On Thursday, Mr. Williams will lead a discussion on "The Care of Farm Work Stock" and the study of horses and mules will occupy the rest of the day. On Friday livestock products will be studied and R. W. Snyder, meat specialist, will talk on the "Curing and Storing of Meats". The closing day of the course will also be spent in a study of tanning hides. Tours will be conducted that will enable visitors to get additional information about any phase of the work they missed during the week.

Mr. Williams said that an attendance of some three or four thousand people, including over a thousand members of boys' and girls' clubs expected. Visitors will be accommodated in some of the dormitories and camping space will be available for those who prefer it. Entertainment is being planned for each evening of the week.

Students At Smith College May Drink Beer If Twenty-One

NORTHAMPTON, Mass.—Revision of a rule prohibiting the drinking of alcoholic beverages so that Smith College students who are over 21 years of age may drink the new 3.2 per cent beer was announced this week by the student government association at the college.

Books Valued At \$200 Are Added To Library

Eighty-five new books have recently been added to the files of the Cushing Library, according to T. F. Mayo, librarian. These books include novels, biographies, and reference works in agriculture, engineering, sociology, history, psychology, and the natural sciences.

The new books cost the library approximately \$200. They may be checked out any time now, unless held on the reserve shelves by faculty members or students.

Most of the books chosen were requested by faculty members or students, and notes were sent out to the various heads of departments to send in to the library the names of recent books which their department desired.

A few of the more popular books are: "Sardinian Sideshow" by Mme. Brazdova, "My Experiences in the World War" by John J. Pershing, "Tragic America" by Theodore Dreiser, "Union Square"

by Albert Halper, "Brave New World" by Aldous Huxley, and "The History of the Russian Revolution" by Leon Trotsky.

German art in the next decade will be heroic, steely, romantic, and devoid of sentimentality. It will be dynamic with great pathos.—Dr. Joseph Goebbels, Nazi minister of Public Enlightenment.

Charm is the chloroform which makes every operation in life painless.—Eve Le Verka.

SENIOR UNIFORMS

Should be ordered now so they will be ready for you next year—But we will be here all through summer to take measurements.

Red Cross Appoints Ten Aggies As Life Saving Examiners

Seven appointments and three reappointments as American National Red Cross Life Saving Examiners, were made Tuesday by Ned Campbell, field representative for the American Red Cross, from a class of more than twenty senior life savers.

The following successfully passed the examiner's test: S. M. Du Bois, Santa Anna; C. G. White, Amarillo; R. E. Simpson, El Paso; H. S. Wilder, Corpus Christi; J. E. Moeller, Norfolk, Virginia; W. H. Moore, Waco; and H. G. Seeligson, II, Dallas. Those who reviewed the test were: A. P. Callahan, Dallas, Lieutenant L. R. Nachman, swimming coach; and C. M. Everts, Jr., Lufkin, captain of the swimming team in 1930 and a graduate that year.

Mr. Campbell, whose headquarters are in St. Louis, is one of the three field representatives doing the Red Cross life saving work in the United States. Arrangements are being made for Mr. Campbell's return to the college swimming pool in April of next year.

Some things you can Prove...

Like the Milder,
Better Taste
of Chesterfields

JUST trying a package or two will show you that Chesterfields are Milder and Better-Tasting. But you can't learn much about why they're that way... except by taking our word for it.

Wherever cigarette tobaccos are on sale, there you will find our buyers, busy picking out and purchasing ripe, mild tobaccos—almost good enough to eat.

Then they are blended and cross-blended—Domestic and Turkish both—in just the right proportion... so that there'll be just one good flavor and aroma.
