

AGGIES PRIMED FOR TULANE TILT

Aggies Run Roughshod Over Trinity University Here Saturday

RESERVE MATERIAL STRONG ENOUGH TO HOLD TRINITY'S FIGHTING ELEVEN.

Couser Leads Attack

Bell Uses Three Teams; Game Played Under Cover Because of Scouts.

Making 26 first downs to their opponent's none, the Texas Aggies took over the season's opener at Kyle field Saturday by a score of 38-0, from the Trinity University Tigers of Waxahachie.

Probably the most encouraging feature of the game was that it revealed plenty of competition for each position on the team. Although Coach Matty Bell sent in nearly three different teams, none of them showed any weak points, thus assuring the Aggies plenty of reserve material for the coming year.

Bill Couser, sophomore half from Breckenridge, lead the Aggie attack, making 115 yards from scrimmage on running plays. Couser scored three of the six touchdowns during the afternoon and showed much promise as a broken

old runner.

Nash Thompson, Bill Kimbrough, and Jack Stringfellow also turned in several nice gains during the lay and ran up a total of 293 yards on running plays.

In the line, Stach at center, Woodland at guard, Cummings at tackle, and Murray and Robertson at ends showed up exceptionally well. That the Aggie line held and held well was shown by the fact that the Tigers made only 27 yards and could not make enough of these to total a first down.

U of Florida and Tulane to Resume Ancient Rivalry

NEW ORLEANS.—A rivalry in football which had been allowed to lapse for 12 years will be resumed next fall when Tulane University again meets the University of Florida on the gridiron.

While no game will be played this year, it was announced this week that arrangements had been completed for two tilts between the universities, the first to be played in Florida on Oct. 13, 1933, and the other at New Orleans.

Watching the Aggies By Carroll Roberts

Lloyd Gregory, sports scribe of the Houston Post, said last Sunday: "If Matty Bell's Texas Aggies can win over T. C. U. October 21 at Fort Worth, they are Championship bound. But that's a high hurdle, for the Aggies seem to get the jitters every time they play T. C. U."

Maybe in former years jinx and jitters played a large part in winning football games—and I admit that breaks do mean a great deal. But there is such a thing as making the breaks come your way. The Aggies are not going to wait for the breaks to come their own way, but are going out and see that they do. There will be no such things as jinxes this year for the Cadets. The outcome of their games will depend on real, smart football and dauntless hard fighting and the Cadets have both.

But the game with T. C. U., the Cadets first conference game, is three and one half weeks away. What the Aggies are concerned with now is the test of strength coming this Saturday with Tulane's Green Wave. Although Tulane does not have as strong a team as it had last year and the year before, the Greenies will be one of the toughest spots on the Aggie schedule. And I might add that the game with the Aggies will be one of the toughest spots on the Green Wave schedule. For this reason, both teams are getting set for a real battle.

While the Aggies are hoping for dry weather, Ted Cox's cohorts say that they do not care what kind of weather Saturday brings. They seem to have a backfield for every kind of weather, a light fast set for dry weather, a heavy plunging set for wet weather, and a medium weight set for relief of either one of the others. It remains to be seen whether they have a set for the hot weather the Texas Cadets will bring Saturday.

Saturday at the dope bucket spill when the Denton Teachers nosed out SMU to the tune of 7-0. If anyone thinks that this first season game predicts anything of the kind of team S M U will present to the conference he is set for another surprise. Coach Morrison's team is made up of sophomores and in past when the Ponies have a team of sophomores they usually have gone places. Although the SMU's famous aerial circus did not show up so well in their game Saturday, the Ponies are likely to take to the air for some of their old time brilliance in later games. A better judgement of the Mustangs can be made after next Friday night when they play the Texas Tech Matadors.

Coach Francis Schmidt's Horned Frogs are out to get that experience that they have been so conspicuous as lacking and have already played two games while the remainder of the conference teams have only played one. Friday, September 15, after only four days of practice, the Purple team ran roughshod over Austin College with a 33-0 victory. Then last Friday, in another night game, the Frogs handed the Daniel Baker Hill Billies a 28-6 trouncing. Although the Frogs will be bucking the so called jinx that no Southwest Conference team wins two

consecutive Championships, that will not by any means put them out of the race for the flag. The biggest problem of Coaches Schmidt and Wolf will be to replace the Southwest Conference stars of last year lost by graduation: namely, Oliver, Boswell, Evans, Vaught, Spearman, and Pruitt. By the looks of the game with Austin College, the Frogs may make considerable use of the "air route" this year.

The dark horse of the conference race this year will probably be Rice. Although at first the prospects of Rice seemed to be quite gloomy when wholesale ineligibility had cut heavily into the ranks of the Owl's grid team, prospects are beginning to brighten up with Fred Lauterbach, Captain of the 1933 Rice team, showing such form that will probably make him one of the outstanding guards of the conference. Then also, Fay Lagow, guard on the other side from Lauterbach promises to have another year like last when he came

close to making the All-Conference team. Although Rice will not have a large number of reserves, the ones that they do have will be capable of playing first class football. A hard running triple threat man brought forward in the triumph of the Owls over Texas A and I when Connelley took the lead in the backfield Saturday.

With Jim Weatherby, Dub Norton, Harold Clem, and W. H. Great-house, each weighing 200 pounds or more, Coach Morley Jennings' Baylor Bears will have one of the heaviest lines in the conference this year. Just how good the weight will stand up in competition will be shown when the Bear are given their first test Saturday when Baylor meets Texas Tech.

(Continued on Page 3)

TEAM WILL ENTRAIN THURSDAY FOR NEW ORLEANS; CADET ELEVEN WILL OFFER PLENTY OF OFFENSIVE PLAY

With the taste of blood still fresh in their mouth from Saturday's victory over Trinity University, the Fighting Texas Aggies will entrain for New Orleans Thursday evening with determination to blot up the Green Wave on September 30 for the first victory from Tulane in seventeen years.

It was back in 1917 that the Aggies last left the field as victors over the Green Wave, at which time they gave the Greenies a 35-0 trouncing. After a lapse of eleven years, 1918-1929, during which time no games were played between the two schools, Tulane's Championship team of 1929 barely eked out the first victory that the Green Wave ever handed the Cadets when "Ike" Armstrong, all-american back for that year, got away for a 76 yard dash late in the game, leaving the Aggies on the small end of a 13-10 score. Since that time the games between A and M and Tulane have been some of the most colorful of the inter-sectional clashes between the Southern and Southwest Conferences although each time the Wave has managed to wash over the Aggies, at least in the size of the score.

In 1930, the year when Jerry Dalrymple was first recognized as an all-american end, the Greenies again humbled the Fighting Aggies in a fierce battle at the State Fair Grounds in Dallas.

Then in 1931, although Tulane boasted of such stars as Don Zimmerman, "Wop" Glover, and Capt. Jerry Dalrymple on their famous Rose Bowl team, they were only able to barely skim over a 7-0 victory after being outplayed by the lighter fighting Aggie eleven. Injuries on the Cadet's line-up after playing the strong Texas Tech team the week before took their toll last year as the crippled Fighting Farmers journeyed to New Orleans to bow down under a 26-14 defeat.

It will be a different team that Coach Matty Bell takes to battle Coach Ted Cox's eleven Saturday. For the first time in five years the Aggies will enter the game on at least even terms with the Greenies.

With big Charlie Cummings, the fighting Captain of the 1933 Aggies whose name appeared last year as tackle on several all-conference selections and who aspires

to be at the head of the list this year, leading the forward wall, the A and M line will be one of the strongest that has ever invaded the Green territory. Although the line will average just slightly over 180 pounds, it is well proportioned and balanced and offers no weak points at any place.

Not only will the Aggie eleven offer plenty of defensive but they will also give plenty of offensive play Saturday when the veteran backfield led by Ted Spencer, gets under way; Spencer and Frenchy Domingue have already seen two games against the Green wave and have proven troublesome both times, but this year they will go into the game determined to have the final score changed a bit from those of the last two years.
