

**Intramural Tennis And Basketball To Begin Next Monday**

Intramural Athletic competition will open this year with preliminaries in both basketball and tennis on October 2.

Basketball has become one of the most popular of the intramural sports and all organizations are allowed to enter both class A and class B teams to compete for the college championship in this sport

because of the large number of students interested in it.

Participation points will be given to members of all competing teams as in future years, five being given merely for entering the sport providing a certain number of games are played. At the end of the year, the man receiving the highest number of these participation points will receive a gold intramural medal. Fifty points toward the team intramural banner will be given to each team that plays all of its scheduled games in the class

**Keys of Oklahoma Presented Baylor U for Year 1933**

WACO, Texas.—Quadruplets—Mona, Mary, Leota and Roberts Keys of Hollis, Okla.—this week were scheduled to register as freshmen at Baylor University. They are 18 years old.

A league and 25 for the class B. Both doubles and singles tournaments will be held this year in tennis. A total of seven individual awards will be made to members of the winning teams, each organization being allowed to enter six men and a reserve. The point system will be applicable to tennis the same as in basketball.

Intramural managers must have their eligibility lists for these two sports filed not later than September 28 and all players interested should notify their managers at once of their willingness to enter the contests.

**WATCHING THE AGGIES—**  
(Continued from Page 2)

los plays St. Edwards' Tigers.

We hear from the Longhorn Corral that Coach Littlefield has found backs to replace Koy, Stafford, and Clevis, in Jimmie Haddock, Jay Arnold, and Hubert Jurecka. With these three aiding Hilliard the University expects a backfield such as it presented last year. Texas as no doubt will have another good offensive team but there is still a big question whether it will be anything like the one of a year ago. At any rate Texas will be right in the running when the conference championship is determined.

Many spectators and Cadets were anxious Saturday to see Frenchy Domingue in action. Frenchy has been slightly ill for the last few days but will be prime to see action in the Tulane game Saturday and those who will be fortunate enough to be at New Orleans will very likely see the Port Arthur flash as they saw him in the Thanksgiving game in 1931 and as Tulane has seen him for the past two years—as a real All-conference bet. Domingue is one of the five Aggies who will journey to the Green's territory for the third time. The others are: Charlie Cummings, Ray Murray, Rue Barfield, and Ted Spencer.

**FORMER STUDENTS LOAN—**  
(Continued from page 1)

The loan. The fund has been accumulated through donations made by large companies, various A and M Mothers' clubs, former graduating classes, and private individuals. This service has been rendered students of the college by the Former Students' Association since 1922. The offices of the association are located on the ground floor of the Mechanical Engineering Building but will probably be moved to the new Administration Building in the near future. Mr. McQuillen said.

**Gridiron Prospects Bright for Class of '37 As Fish Practice**

Probably one of the strongest freshmen football teams to ever enter Aggieland have reported to Coach Higginbotham. Uniforms have been issued to 78 candidates while about 35 more are on the waiting list.

This year's freshmen team will put the Aggies on an equal footing with other Southwestern conference teams who have been receiving the cream of the material for the past few years. One of the chief reasons for this sudden shift of material is the fact that the Aggies will meet "Pop" Warners Temple University team in Philadelphia next year.

Some of the outstanding candidates who are showing up are W. E. Stages, all-state end; R. W. Newsome, halfback; R. O. Kelsey, guard, all from the strong Masonic Home team of Fort Worth. Members who have reported from Corsicana, last year's state champions are Bob Finley, all-state triple threat back; Don Humphries, big tackle; and Morris Westbrook, end. From Bryan comes Les Cummings, center and brother to Charlie, captain of the varsity; F. W. Merka, 190 pound fullback; J. D. Beason, 200 pound guard. Other prospects include G. A. Wyatt, quarterback; from Abilene and members of the all-state team of 1931; and G. R. Barbee, tackle, both Allen Goldsmith, 190 pound fullback, and M. A. McKnight, guard, both from Port Arthur; Red Murphy, tackle, Beaumont; "Bull" Graves, 200 pound guard from Seymour.

**DAVIS & WEAVER—**  
(Continued from page 1)

Penberthy expressed the belief that by a careful management and cooperation of the managers in curtailing expenses the full program for this year could be successfully carried out.

D. W. Williams of the Intramural Board was the main speaker of the evening and gave a brief resume of intramural sports at A and M during the fifteen years that he has been connected with them. When Mr. Williams first became acquainted with intramural athletics, company football was the only sport that was organized and up until 1926, no great strides were taken in but very few others. When Mr. Penberthy came to A and M as director of intramural athletics in 1926, he immediately began to organize the different sports and to arouse interest of the students in taking part in them. Some idea of his success can be gained by looking at the growth of participation during the last seven years. In 1927, the first year any accurate records were kept, there were 2201 total participants and in '33-'35, there were over 4000. This was in spite of the fact that the enrollment of last year was the lowest in several years.

WEST POINT, N. Y.—The 1933 Army football team was turned out for practice in full regalia this week, having appeared in shorts heretofore this fall. Warm weather which was experienced despite the time of year, was the cause.

**HILL AND DALERS HAVE STRONG TEAM FOR THIS SEASON**

With All But One of Last Year's Lettermen Back and Lots New Material, Anderson Says Prospects Are Bright.

When Coach Frank Anderson's hill and dalers go into action in November, they will present one of the strongest teams in their history. According to Coach Anderson the only other conference team that will give the Aggies any trouble are Rice and Texas. Both Rice and Texas have been weakened by graduation while the Aggies have increased in strength. The only letterman lost from last year's team was Salvador Marquez, Yorktown, captain of the cross country team.

Lettermen to return are Captain Hector Fuentes, Tampico, Mexico; Roy and Foy Cook, Lampasas; and "Champ" Smith, Fort Worth. Other candidates are Wilburn Dubois, Santa Anna, intramural cross countryman and varsity track man; R. M. Langley, freshman numeral men three years ago; and Robert Taylor, John Tarleton. Also included in this list of candidates are: W. D. Barnett, Port Arthur, 190 pound fullback; J. D. Beason, 200 pound guard. Other prospects include G. A. Wyatt, quarterback; from Abilene and members of the all-state team of 1931; and G. R. Barbee, tackle, both Allen Goldsmith, 190 pound fullback, and M. A. McKnight, guard, both from Port Arthur; Red Murphy, tackle, Beaumont; "Bull" Graves, 200 pound guard from Seymour.

**Nazi Drill Isn't So Hot American Students Conclude**

NEW YORK.—Thirty-five American students this week had arrived home via the Hamburg-American liner Albert Ballin after a summer tour of Germany. The display made by the younger Nazis in their drills would excite ridicule in this country, they said.

*Why—*

Tobaccos grown in this country are "seasoned" with tobaccos from Turkey and Greece

THE ANSWER IS VERY SIMPLE:

TOBACCOS to taste right in a cigarette need to be flavored or seasoned just the same as you might season a steak or a pudding.

No tobaccos have ever been found that equal the spicy aromatic tobaccos of Turkey and Greece for this purpose. That's why we send 4000 miles for aromatic tobaccos from Samson and Smyrna, Xanthi and Cavalla.

When blended and cross-blended in just the right amounts with Chesterfield's mild ripe Domestic tobaccos, the result is a rich flavor and a fine fragrance.

Chesterfields are seasoned right—they taste right. May we suggest you try them.

Turkish tobacco is packed thousands of tiny leaves to the bale. It averages 400 leaves a pound.
