In the style spotlight—**STETSON**

NEW or old, your Stetson hat has style written all over it. It has the lines of proud ancestry and good breeding. Its rich color is permanent. And whatever you pay for it you can depend on its being fine value for your money.

Why not look at the new Fall Stetsons now? Ask particularly to see the attractive color mixtures and Stetson's Suede Finish, which is quite new and exclusive.

Proposed Law To Send Young Men Back To School

CHICAGO.—If the federal government is to accept the idea of sending young men back to school as a means of further reducing the unemployment, the necessary action should be taken at once, those sponsoring the movement declared this week.

Chief sponsor is Dr. Robert M. Hutchins, president of the University of Chicago, who believes that young men who cannot otherwise afford to go back to college should receive financial aid from the government, thus eliminating them from competition with married men in the struggle for jobs.

There are thousands of youths this fall—would like to go to college and are qualified either to enter as freshmen or re-enter as upper classmen, but are unable to do so because of lack of funds. Dr. Hutchins points out. Consequently, their numbers will tend to displace heads of families in many instances when jobs are available.

Cast: Neil Hamilton, Jane Knight, Sally O'Neill, Dorothy Burgess, and Mary Carlisle.

Wednesday Night at the Assembly Hall.

Eddie Cantor, famous comedian, makes "Whoopie" out in the wild and woolly west where men are men—that is if they don't happen to be women with cowboy pants on. Several show girls dressed as Indians add to the entertainment. Eddie our hero rescues our heroine in true Horatio Alger style. It is an all technicolor picture.
