

AGGIES DEFEAT—

(Continued from page 1)

pass, Fowler to Couser put the ball on the four-yard line. Fowler passed to Stringfellow over the goal for the second touchdown.

Tulane's lone tally came late in the fourth quarter with only about three minutes to play. With the ball on the Aggies' 7 yard line, Mintz gained two yards off left tackle. On the next play, A and M was off sides and the ball was given to Tuane on the A and M two yard line. Bruno then hit center to place the ball on the one-foot line. Menge failed to make any gain through left tackle on the next play. Then on the fourth down and about a foot to go, Bruno hit left guard for a touchdown. Mintz's try for the extra point was blocked as the Cadet linemen rushed in before he could get off a good try. The game ended shortly afterwards with the final score A and M 13-Tulane 6.

Couser Leads Aggies In Scoring; Is Third In S. W. Conference

Bill Couser, sophomore quarterback from Breckenridge, is tied for third place in the Southwest Conference scoring race during the pre-conference games, having scored three touchdowns for a total of eighteen points. Couser scored all three of his touchdowns during the Trinity University game at Kyle Field, September 23.

Bohn Hilliard, all-conference halfback of Texas last year, is leading the race with five touchdowns and three extra points kicked after touchdowns. Hilliard won the scoring race last year. Charlie Casper, ace of the T C U backfield follows in second place with a total of four touchdowns.

Other leading scorers follow:

Player	Td.	Pd.	Fg.	Pts.
Hilliard, Texas	5	3	0	33
Casper, T C U	4	0	0	24
Couser, A&M	3	0	0	18
Biddle, Arkansas	3	0	0	18
Laforge, Arkansas	2	1	0	13

Graduate School

Since the Graduate School, has increased so much in size this year, we feel that the graduate students need some sort of organization. H. R. Brayton of the chemistry department said Saturday. The plan is to make this a special branch of the ex-students association, he continued.

A banquet for all graduate students is planned for next Wednesday night, Mr. Brayton concluded.

Animal Husbandry Department Gets Yearling Steers

Fifty-two yearling steers have been purchased for experimental feeding, according to D. W. Williams, animal husbandry department head. The animals were carefully selected from herds at Canadian, Texas. Mr. Williams said. The steers will be allowed to run in the fields for thirty days before put on a concentrate ration. After one hundred and fifty days the animals will be slaughtered in the new meats laboratory and their carcasses used for the study of meat cuts as related to the type and finish of the live animal. As the meat will be served in the mess hall by the subsistence department, Mr. Williams explained that the purchases of the cattle will be a threefold benefit.

The experiment, which is to test the feeding value of cottonseed, cottonseed meal, rice bran, and thrashed milo, will be conducted cooperatively by the animal husbandry department, under the direction of J. H. Knox, the Texas Experiment Station, and the U. S. Department of Agriculture.

Through the courtesy of Armour and Company, A. K. Mackey, professor of animal husbandry, was able to spend the entire summer studying the methods employed by that packing house at their Ft. Worth plant. Mr. Mackey has been assigned the two new junior courses of meats and animal nutrition. Enrollment for these two courses has necessitated the opening of extra sections, Mr. Williams reported.

Agronomy Club Holds Initial Meeting Sept. 26

Mogford Gives An Account of the Tour Made by the Winners of the 1933 Cotton Contest.

Members of the Agronomy Society held their first meeting Tuesday, September 26, in the Agronomy Library of the Agriculture Building, to discuss plans for the annual cotton contest, and cotton ball and style show, which is held to defray the expenses of the contest winners. Anyone in the School of Agriculture who has had at least one course in cotton may enter the contest, J. S. Mogford, professor in the Agronomy Department and sponsor of the Society, stated.

Mr. Mogford also gave an account of the tour made by last year's winners, who were accompanied by Curtis Vinson, publicity director of the college, and himself. Interesting snapshots of the places visited on the tour through Europe were shown to the group. Thirteen members attended the meeting: Leonard Farber, Denver, Colorado; Lee Scarpinato, Bryan, Texas; W. A. Moseley, Quanah, R. J. Hodge, Pledger; L. M. Thompson, Throckmorton; Frank Bednarek, Schulenberg; Floyd Thurman, Cisco; Tom P. Porter, Terrell; R. L. Bennett, Decatur; J. W. Huckabee, Holland; J. C. McBride, Waco; Tom G. Carlisle, Blackwell; and W. T. Brutes, Lovelady.

Members of Y M C A Honored At Dinner In Mess Hall Sunday

Members of the Y M C A Cabinet were entertained with a dinner in the banquet room of the mess hall at noon Sunday. Places were set for eighteen members and M. L. Cashion and J. G. Gay, Y M C A Secretaries and advisers of the Cabinet.

Immediately after dinner, the group adjourned to the lounge for its regular meeting. Following reports from all of the recently appointed committees, a formal constitution was approved after having been voted on by sections. Names of students nominated to fill vacancies on the cabinet were heard, but it was decided to delay action on the matter for a week in order to allow sufficient time for investigation.

CO-OPERATIVE LIVING—

(Continued from page 1)

board, and laundry have been reduced to about \$10 per month. One or two groups are living for considerably less than \$10 per month. Successful groups have been organized from Crockett, Lufkin, Moody, Groesbeck, Mesquite, Kerrville, Palacios, Fairfield, Shelby County, and Jones County. Dr. Russell emphasizes the fact that the boys in these groups are not "batching." They have a woman, and in some cases a man and wife, who act as supervisors and prepare the meals.

Besides these cooperative groups, some forty other boys have been assisting in obtaining work off the campus that would help them pursue their courses at A and M. Most of the oil companies have hired A and M students, two or three filling stations are under their

complete control, J. C. Penny in Bryan hires six A and M students, Montgomery Ward and Company, four, and many other firms hire one or more A and M students.

The present project is only a part of a much larger program to be sponsored by the College. President T. O. Walton has appointed a new student labor committee consisting of Dr. Russell, S. G. G. Bailey, Executive Secretary of the College, and E. L. Williams, head of the department of industrial education. Dr. Russell has charge of student jobs off the campus, Mr. Bailey has charge of the jobs on the campus for stu-

6 Graduate Students Enrolled In Economics

Six graduate students majoring in economics this year establishes a new record over previous years, F. B. Clark, head of the department of economics, said yesterday. We have only awarded one masters degree in economics at A and M and the honor fell to E. J. Howell, registrar of the college, Dr. Clark concluded.

Students who are paid out of State Funds, and Professor Williams has charge of the other student jobs on the campus.

PRESIDENTS AND DEPARTMENT HEADS OF THE LEADING UNIVERSITIES RECOMMEND

WEBSTER'S COLLEGIATE

"The best American dictionary that has yet appeared for a college student to keep within arm's reach. It has no-where else in speech or on printed pages will not be necessary in a liberal arts degree."—Orin Loom, Director, Walter Institute of Literature, University of Miami.

The best abridged dictionary because it is based on the "Supreme Authority"—Webster's New International Dictionary. 100,000 entries including hundreds of new words, with definitions, spellings, and correct use; a dictionary of Biography; a "Handbook" of scientific and technical terms, abbreviations, etc.; a dictionary of foreign words and phrases. Many other features of practical value. 1,200 pages. 1,700 illustrations. See it at Your College Bookstore or Write for Information to the Publishers.
