

A and M Likely to Remain A Boy's School Even Though State Courts Affirm Girl's Right to Entrance

Decision of District Court May Be Announced Friday; Likely To Be Taken To State Supreme Court.

"God rest ye merry gentlemen" - comments will enable it to keep on probanish your fear of co-eds destroying the time honored traditions and customs of your own alma mater. Come what may, A and M is, always has been, and will continue to be a school for men. Mere state legislation cannot tear down that which took fifty-seven years to build.

Present indications are that, regardless of the decision rendered by the bench of the district court, the defeated side will carry their case to the supreme court of this state. Nor will the verdict of that judicial body materially change that which is, by the right of heritage, our own. It is out of all reason to believe that state legislation will provide the vast sums necessary to convert this institution into one that could adequately care for women students in large numbers because only a hundred odd miles away there is one of the finest state universities in this country. Texas University has for years educated men and women in citizenship as well as in the professional and cultural fields. Its continuous additions and improve-

DOCTOR V. P. LEE NAMED FEDERAL BANK ADVISER

Head of Agricultural Economics Department Asked To Serve As Economic Adviser To New Federal Banks.

V. P. Lee, head of the department of agricultural economics, has been given leave of absence by the College until the first of June, according to E. J. Kyle, dean of the school of agriculture, as requested by the Federal Government.

The Federal Government is establishing two new banks in Houston in connection with the Farm Loan Bank and the Intermediate Credit Bank which have already been established. These two new banks are the Bank for Cooperatives and the Bank for Production Credit. The Government has asked the College to loan them Dr. Lee to serve temporarily as Economic Adviser.

During Dr. Lee's absence, P. A. Nutter, Oklahoma A and M will take over his classes. R. L. Hunt, assistant professor of marketing and finance, will act as head of the department of agricultural economics while Dr. Lee is on leave.

There are two graduate of this college who are connected with the new banks. Owen W. Sherrill is secretary of the new Production Credit Bank and J. B. Jones is secretary of the Bank for Cooperatives.

Dr. James M. Kieran, who resigned last year as president of Hunter College, has returned to this country after a vacation in Europe, and he says he is going to do "a lot of reading and some writing."

AG STUDENTS AND PROFESSORS WILL REVIVE BARBECUE

All-Stag Affair To Be Held Dec. 18; Members of Extension Service and Experiment Station Also Invited.

Agricultural students and professors will revive their annual barbecue this year it was decided Wednesday afternoon November 22, at a meeting of a committee of professors and a student committee composed of presidents of the various clubs in the School of Agriculture. Members of the Extension Service and the Experiment Station will also be invited to the

all-stag affair, which will be held Saturday, December 18. Arrangements for entertainment will be made by T. R. Timm, Hallettsville, who will authorize each club to present an act during the evening.

Representatives of the faculty attending the meeting were: D. E. Scoates, chairman; D. W. Williams; C. N. Shepardson; and Daniel Russell. The following were student representatives: M. H. Lee; J. E. Boothe; G. V. Holmes; C. A. Tosch; F. L. Hansen; C. D. Ritter; T. P. Porter; T. R. Timm; T. E. McGregor.

EDY, CITY MANAGER OF DALLAS, TALKS TO SEMINAR GROUP
Discusses Effects of Depression On Local Government and Explains Problems of

Completing his visit to the A and M campus, John N. Edy, city manager of the City of Dallas, addressed the Science Seminar in the Physics Lecture Room Monday night, Nov. 27. Mr. Edy lectured

to Professor Steele's graduate class in city management and also to the senior and junior classes in civil engineering, on "The Work of a City Manager."

Mr. Edy was graduated from the University of Missouri where he received his degree in Civil Engineering in 1909. In 1927 he received the degree of Master of Arts in political science, at the University of California. Mr. Edy has held many capacities in the engineering field, some of which are, Assistant Engineer in St. Louis, County Engineer in Missouri, and Assistant and Chief Engineer of the Montana State Highway Department. In 1923 he became City Manager of Berkeley, California, later to take the position of City Manager in Flint, Michigan. The city of Dallas engaged him as city manager several years ago.

Mr. Edy discussed the subject, "Effects of the Depression on Local Government," in which he explained the problem of obtaining constructive economics without impairing the functions of government. He also offered suggestions for the improvements of local governments in Texas.

IT TAKES HEALTHY NERVES TO BE A FOOTBALL REFEREE

M. J. ("MIKE") THOMPSON, FAMOUS FOOTBALL REFEREE
IF YOU WANT TO SEE nerve strain, look at "Mike" Thompson's job—refereeing two tons of football brawn. "Mike" Thompson has been a steady smoker for years. "I'm open-minded on cigarettes," he says, "but I've got to keep my nerves in shape, so I stick to Camels."

IT IS MORE FUN TO KNOW
Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

Steady Smokers turn to Camels

M. J. ("Mike") Thompson, football's most famous referee, has to keep his nerves healthy. He says:
"Because nothing can be allowed to interfere with healthy nerves I smoke Camels. I have tried them all—given every popular brand a chance to show what it can offer. Camels don't upset my nerves even when I smoke constantly. And the longer I smoke them, the more I come to appreciate their mildness and rich flavor."
Many smokers who have changed to Camels report that their nerves are no longer irritable... "jumpy." Switch to Camels yourself. You will find that Camels do not jangle your nerves—or tire your taste.
