

A AND M DEBATERS OPPOSE VETERANS REPRESENTING USC

Vela and Tisinger Will Represent A and M in Debate To Be Held Monday Evening.

W. O. Vela, Laredo, president of the Debate Club, and D. L. Tisinger, Garland, will represent A and M College in a debate with a team from the University of Southern California in the chemistry lecture room at eight o'clock Monday evening, March 12. The A and M debaters will uphold the negative side of the current Pi Kappa Delta question. Resolved that, "The powers of the president of the United States shall be substantially increased as a settled policy".

The following information has been received from the University of Southern California by C. O. Spriggs, professor of public speaking and debate team coach: "Martin Agens, captain of the varsity debaters' team, second-year varsity debater, is a graduate of Los Angeles High School, 1929, pledge to Kappa Sigma social fraternity, pledge to Delta Sigma Rho, and is a winner of numerous oratorical and extemporaneous speaking contests in Southern California. He is a Political Science major".

"James Kirkwood, junior debater, graduate of Hollywood High School, is a non-fraternity man and is a winner of numerous oratorical and debating tournaments of Southern California. He is a Psychology major".

Dr. Godbey Addresses Ag. Eng. Society

"Problems of Our Present Population" was the subject of an address given by C. B. Godbey, associate professor of genetics, at the meeting of the Agricultural Engineering Society last Thursday night, March 1. J. E. Boothe, president of the Agricultural Engineering Society, introduced the speaker.

After the talk by Dr. Godbey, a discussion was held on the Agricultural Engineering show which will be held in May. It was decided to exhibit new designs in automobile industry, newer types of farm machinery, electrical and gas equipment adapted to the farm, and articles made in the farm machinery shops by students, including a miniature model of various types of farm buildings. The meeting came to a close after discussing plans for a benefit show to be given March 16.

NEW HAVEN, Conn.—Rexford G. Tugwell, assistant secretary of agriculture and professor of economics at Columbia University, has been named research associate in the Yale Law School, it was announced this week. Tugwell is one of the leading members of President Roosevelt's professorial "brain trust."

CHAMPIONS OF EIGHTH CORPS AREA

Above are the members of the A and M Rifle Team who broke the college record in the Eighth Corps Area match last week when they led their nearest opponent, the University of Arizona, by fifteen points. Front row (left to right): Lieut. J. E. Rierson, coach, C. A. Tosch, Mesquite, captain; T. J. Guerdum, San Antonio; W. S. Sinclair, Galveston; Roy Huffaker, San Antonio; J. A. Franz, Dallas; Kenneth Tucker, Burkburnett. Second row: P. E. Ott, Dallas; C. J. Anderson, Law; O. A. Seward, Amarillo; W. R. Large, Dallas; L. R. Sayers, San Antonio; H. E. Meador, San Antonio. Third row: A. B. Blank; B. W. January, Delia; T. J. Moore, Dallas; G. D. Gorman, Dallas; B. M. Spenser, Dallas; J. M. Crews, Trinidad; J. F. Schultz, Anahuac; A. R. Meador, San Antonio; C. A. Montgomery, Denton; G. E. Shultz, Harlingen; H. S. Trewitt, Dallas.

Annual Cotton Ball And Pageant Plans Are Progressing Rapidly

Fifty Or Sixty Girls From Over The State To Be Chosen As Duchesses For The Royal Court.

Elaborate plans are under way for the third annual Cotton Ball and pageant to be held in the Mess Hall the evening of April 6, according to J. E. Loupot, Dallas, recently elected king of the ball by the Agronomy Society. Miss Betty Ligon of Fayetteville, Arkansas, president of the C. I. A. student body, has been elected the queen of the ball by the C. I. A. students, and Miss Gene Handley of Sweetwater, Junior C. I. A. yell leader was chosen as the maid of honor.

Between fifty and sixty girls chosen as duchesses, from all over the state, with their Aggie escorts will make up the Royal Court to be presided over by King and Queen Cotton. The pageant featuring the cotton costume preceding the ball will bring the royal court before the royal throne and the queen will be crowned. The duchesses are to be selected by the various mother's clubs, A and M clubs, and recognized colleges in the state. The brilliant court scene, style show featuring the cotton costumes, and the royal ball will make up the major phases of the Cotton Ball and Pageant ushering in the 1934 cotton contest sponsored by the Agronomy Society under the leadership of J. S. Mogford, chairman of the ball and associate professor in agronomy.

Entertainment has been arranged for both the pageant and the royal ball. Miss Virginia Self, talented dancer and teacher, will present dances at both occasions, and music will be furnished by the Campus Serenaders. Miss Self has had wide experience as a dancer and teacher, now dancing at the Palace Theater in Dallas and teaching in that city. She has had wide study under the best teachers in the United States.

Proceeds from this hall will be applied to the traveling scholarships awarded to the winners of the cotton contest. These traveling scholarships give the winners the chance to visit the centers of the textile industry in the United States and in Europe. The contest is to stimulate the interest and study of the cotton industry, and is scheduled to start about April 10.

WILLIAMS-MATHEWS

George H. Williams, San Antonio, junior student of A and M and member of "E" Infantry announced his marriage of January 27 to Miss Jacqueline Mathews, also of San Antonio, Williams, who has kept the marriage a secret, made the announcement at a luncheon at the Gunter Hotel Saturday noon.

Mrs. Williams is staying in San Antonio while George continues his pre-med work.

Texas Lutheran Head To Address Students

Professor William K. Kraushaar, president of the Texas Lutheran College of Seguin, and an outstanding educator of the South, will deliver a message to the student body in the Assembly Hall on March 18, under the auspices of the A and M Lutheran Club.

Being organized only a few months, the club has grown rapidly and plans to give a banquet for the speaker on the evening of his visit here. Professor Kraushaar has been associated with college students all of his life, and his subject is to be one of interest to the students.

"Fish" Roosevelt Gets Eyes Blacked

CAMBRIDGE, Mass.—Franklin D. Roosevelt, Jr., Harvard freshman and son of the president, this week was displaying a pair of black eyes and a battered nose—the result of being accidentally struck across the face with a squash racket during a lively game with fellow students.

INSPECTION TRIP MADE THRU VALLEY BY HORT. SOCIETY

Students Will Attend Meeting of The Citrus Institute At Edinburg To Be Held March 5-8.

Senior and graduate students of the Horticulture Society left Sunday, March 4, on an inspection trip to the Rio Grande Valley where they will attend a meeting of the Citrus Institute to be held at Edinburg March 5-8. The students will spend three days in the valley returning to the college Friday, March 9. G. W. Adriaance, professor of horticulture, stated.

Besides attending the Citrus Institute at Edinburg where some twenty or thirty citrus experts will be present, the students will make several side trips to some of the large citrus orchards and also to the citrus sub station at Weslaco.

Plans for the trip were made and the program of the Citrus Institute read and discussed at a meeting of the Horticulture Society last Thursday, March 1. Also S. B. Apple, San Juan, graduate student of horticulture, gave a talk on mushroom raising in the old lead and zinc mines in Kansas, a new horticulture industry.

Little Theatre Club Entertained By Show

Members of the Little Theater Club and their guests were entertained with a marionette show given by Mrs. H. C. Fulgham of Bryan at their regular meeting in the Asbury room of the college Library Tuesday evening. Mrs. Fulgham has a show including stunts, dancing, and a one-act play. She is assisted by her son in the operation of the puppets.

Following the performance Mrs. Fulgham talked on "The History and Mechanics of a Puppet Show."

From 27 links ONE STRONG SYSTEM

Welded together by common policies and ideals, the 27 Bell System companies work as one.

Operation is in the hands of 24 associated telephone companies—each attuned to the area it serves. Scientific research and manufacture of apparatus are delegated to Bell Telephone Laboratories and Western Electric. Co-ordination of all System activities is a function of the American Telephone and Telegraph Company.

Thanks to the skilful teamwork of these many Bell System units, you can talk to almost anyone, anywhere, anytime!

for Pipe Smokers

the pipe tobacco that's MILD
the pipe tobacco that's COOL

The method of preparing Granger Tobacco for pipe smoking is not like any other method now in use.

So far as we know, it is the best way ever found of taking out of tobaccos the oils that don't smoke right or taste right in a pipe. Granger owes its extra fragrance and mildness to Wellman's Method. The way Granger Tobacco is cut—in big flakes—helps it to smoke cool and last longer. Try it.

—folks seem to like it

Just about the nearest thing to a pouch that a package could be—it keeps the tobacco the way you want it. A sensible package—10c.
