

Aggies Capture Third Place at Meet Saturday

Irwin Breaks Own Record in Shot Put; Ties for First Place in Discus.

B. M. "Honk" Irwin, Kosse, brought back honors for the Aggie track team from the meet at the Fair Stock show in Fort Worth Saturday by capturing one first place and tying for another. In the shot put, Irwin, who already holds the conference record, bettered his old record by two feet, four and one-fourth inches. In the discus throw, W. M. Skripka, Rosenberg, tied with Irwin for first place to give the Aggies credit for first and second places in this event.

Wilbert Randow, Hallettsville, was the only other Aggie who took a first place in the meet. Randow approached closely to Irwin's score by taking first in the 220-yard low hurdles and placing second in the 120 yard high hurdles. In the low hurdles, Randow was followed closely by Herring, also of A and M.

In the prep-school division, the Texas Aggie freshmen won the relay race, and although the team had to pay its own way to the meet, brought back a bigger cup than the entire varsity team.

Other Aggies who placed in the meet are: Tom Kennerly, third in broad jump; Terrell, fourth in broad jump; "Red" Akins, captain, second in the 440 yard run; Sam Logan, third in high jump; Hester and Alexander, tied for third place in pole vault; and the relay team placed third.

As a team, the Aggies placed third in the meet with a total of 37 points. Texas University again won the first place honors with a score of 54 and Oklahoma took second place with 43 points.

A fire warden recently discovered in the lava beds of Goose Lake, Washington, the prints of two human hands and moccasined feet, believed to be those of some man of long ago who was entrapped in a bed of lava and fell forward before extricating himself.

Win Aggieland Pharmacy Cage Awards

Taylor Wilkins, star sophomore guard from Franklin, has been awarded the most valuable player trophy of the Aggieland Pharmacy, campus drug store at Texas A and M College, following his selection as the most outstanding member of the 1934 Aggie basketball team. He is the second sophomore to receive the basketball award since its establishment in 1930, Captain Joe Merka, of Bryan, having been the first.

During the past cage season Wilkins proved himself to be a sterling player both on the offense and defense. His work throughout the season earned him All-Southwest Conference mention from many sports critics.

The most valuable player award is given at the close of each major sport season at the college to the player selected by a committee composed of the Aggie athletic department staff and S. A. Lipscomb, manager of the Aggieland Pharmacy. Team captains are not eligible for the awards, a special trophy being given to each of them by the pharmacy.

Past winners of the Aggie most valuable player award for basketball have been as follows: 1933, J. E. (Jocko) Roberts, Terrell, guard; 1932, Joe Merka, Bryan, center; 1931, Lester (Squawk) Veltman, San Antonio, guard; 1930, Cecil (Shiro) Hoke, Houston, center.

AGGIE NINE MEETS HOUSTON "GRAND PRIZE" TEAM HERE

Cadets Open Home Schedule With One of The Best Semi-Pro Teams In The South.

Aggie baseball fans will get their first glimpse of Coach Roswell Higginbotham's 1934 A and M baseball team Saturday as the team plays its first home game of the season. The cadet's opponents for this game will be the "Grand Prize" team of Houston, a semi-pro team that boasts some of the best material in semi-pro baseball in Houston. The game will start at 3 o'clock.

With excellent baseball weather greeting the training during the afternoons, Coach Higginbotham has been busy this week brushing over the rough spots that appeared in the first games Friday and Saturday at Henderson and has been grooming the infield especially for faster work since the infield showed weakness in these games. Moon and Mooty, who each pitched one entire over-period game in the first starts of the season will bear the brunt of the pitching although Perrinet, Martinez, and Proctor may be used some as reliefs.

The entire conference schedule for the Aggies has been announced and is as follows: April 6 and 7, Baylor University at College Station, April 13 and 14, University of Texas at College Station, April

20 and 21, Texas Christian University at Fort Worth; April 27 and 28, Baylor University at Waco; May 4 and 5, Texas Christian University at College Station; May 9 and 10, University of Texas at Brenham (these two games not to count in conference standing) and May 14 and 15, University of Texas at Austin.

WALTON RETURNS

President T. O. Walton went to Atlanta Georgia, on Sunday, March 11, to confer with the Federal Relief Administration officials on the question of rehabilitation of the farmer. President Walton returned to the college last Wednesday, March 14.

College Men asked for it and

STETSON created it

From leading college campuses came a call for a new kind of hat—a hat that felt as if it wasn't there. Stetson stylists have built such a hat. Light as a feather. It's made of fine, soft fur—every inch, a Stetson. Crush it—roll it—pack it in a week-end bag—it still keeps its cavalier smartness.

We present, gentlemen, the new Stetson MITY-LITE, in perfect-fitting sizes and alluring new colors, at \$5. Other Stetsons, \$6 (unlined), \$6.50, \$8, \$10 and upward.

FOUR CONFERENCE— (Continued from Page 4)

the star swimmers come into action in this meet. The conference records in swimming, because of its relative newness as an intercollegiate sport, are not very low yet and nearly every one of them is scheduled to be lowered. Texas University, from dual meets held already this session, is favored to easily take the meet while the fight for second place should be almost a deadlock between S M U and the Aggies.

Of special interest will be the 400 yard free style race between

Chappell of S M U and Allen of Texas. Both men have been steadily besting the existing conference record and they swim the 400 free style in nearly the same time. W. S. Sinclair of A and M is probably the only Aggie who will likely cop a first place but Coach Leonard Nachman is relying on second plac-

ing in the meet. Dupree of the Longhorns is a sure shot to clip time from the record in the back stroke while the relay team from each school has been consistently swimming under the conference record.

Admission for the meet will be fifteen cents for students and twenty-five cents for others.

They pick you up every 50 miles

Without vacuum tubes, Long Distance telephony would hardly be possible. But with these little tubes placed in "repeaters" or amplifiers at 50 mile intervals along the line—even a whisper carries from coast to coast!

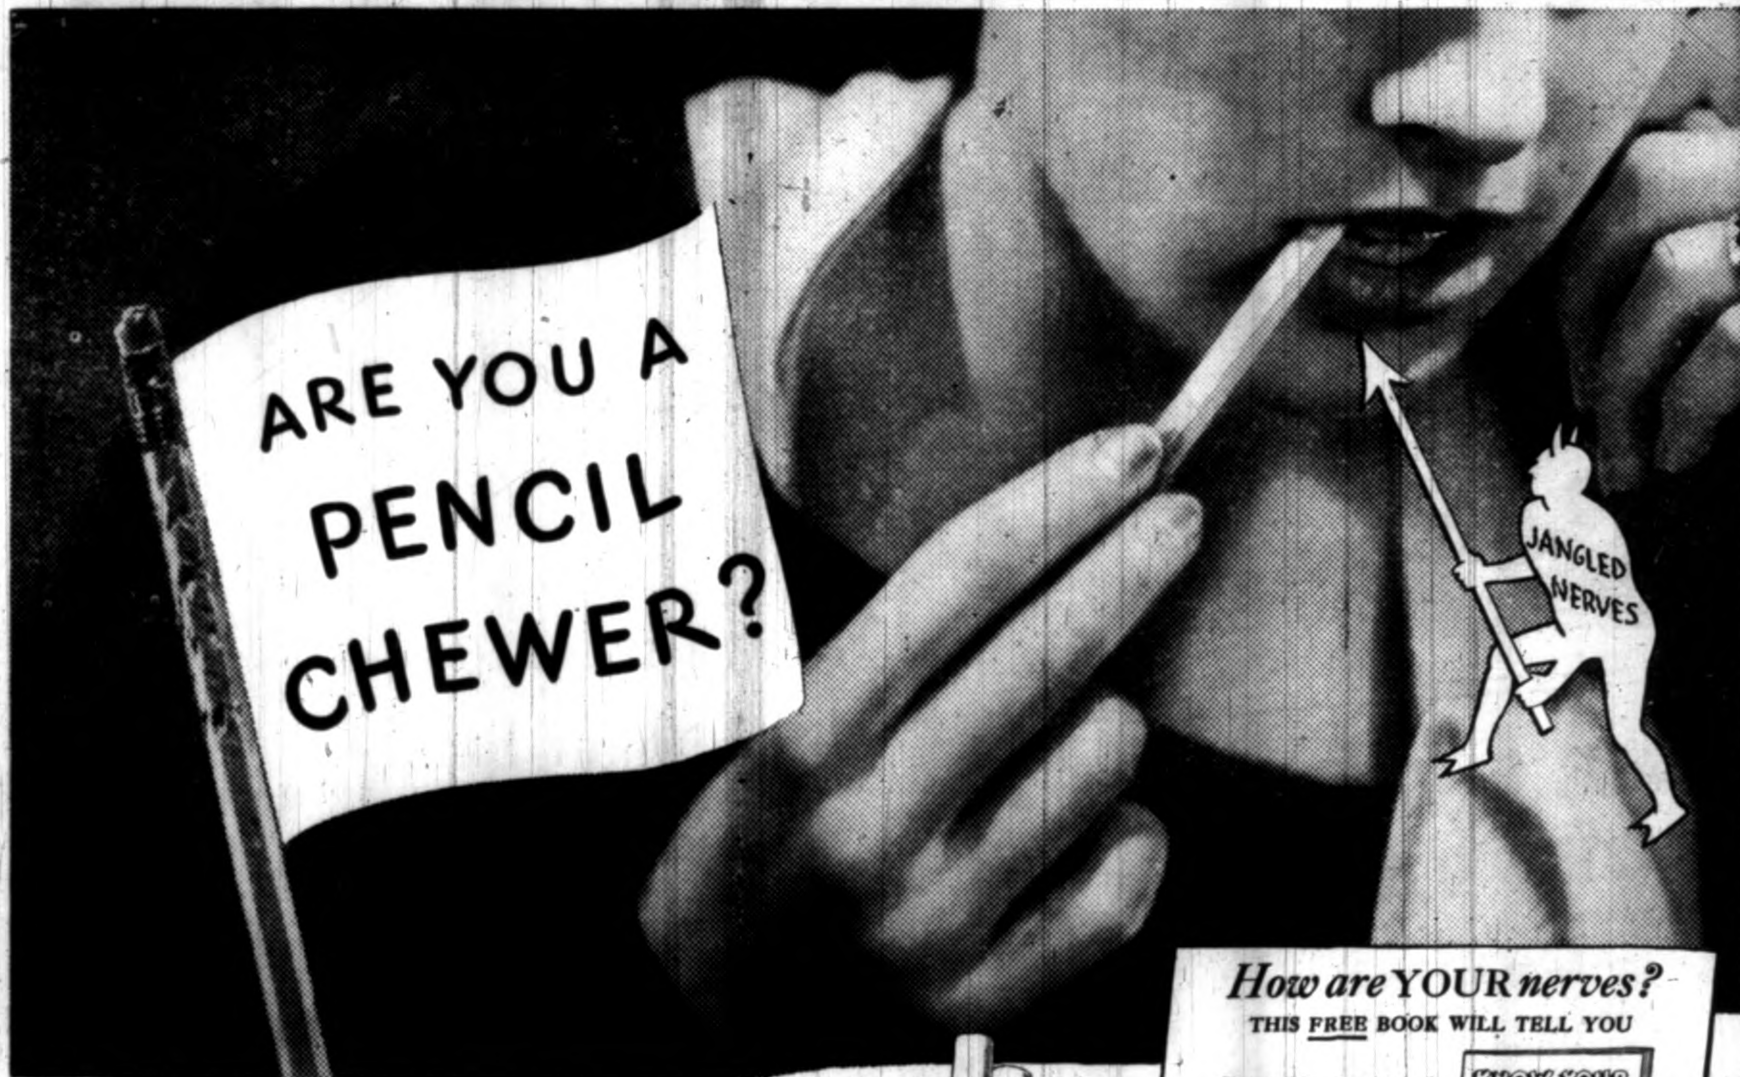

With many tubes used in tandem, individual performance must be almost perfect—or cumulative distortion would render speech unintelligible. That today's Long Distance connections are so reliable and clear, is a tribute to the skill used in making Western Electric tubes.

Manufacturing nearly all Bell System apparatus, Western Electric contributes much to the quality of telephone service.

Watch out for the telltale signs of jangled nerves

Other people notice them—even when you don't—little nervous habits that are the danger signal for jangled nerves.

And remember, right or wrong, people put their own interpretations on them. So it pays to watch your nerves.

Get enough sleep—fresh air—recreation—and make Camels your cigarette, particularly if you are a steady smoker.

For remember, Camel's costlier tobaccos never jangle your nerves—no matter how many you smoke.

COSTLIER TOBACCOS

Camels are made from finer, MORE EXPENSIVE TOBACCOS than any other popular brand of cigarettes!

How are YOUR nerves? THIS FREE BOOK WILL TELL YOU

Shows 20 ways to test nerves—all illustrated. Instructive and amusing! Try them on your friends—see if you have healthy nerves yourself... Mail order-blank below with fronts from 2 packs of Camels. Free book comes postpaid.

CLIP AND MAIL TODAY!

R. J. Reynolds Tobacco Company Dept. 6-A, Winston-Salem, N. C.

1 envelope fronts from 2 packs of Camels. Send me book of nerve tests postpaid.
