

Aggie Swimmers Are Defeated by Houston Y Team

Arthur Adamson, Former Australian Olympic Star, Outstanding Performer of Meet.

Paced by Donald Grubbs, who accounted for two first places, the Houston Y M C A team defeated a composite Texas Aggie team, composed of varsity, freshman and ineligible swimmers, by a close 44 to 40 score here Friday night in a dual tank meet. The "Y" team also copped the water polo tilt by a 6 to 5 count when Arthur Adamson pitched one into the net with thirty seconds to go.

The "Y" captured five out of the nine possible first places, one of which was the 400-yard relay which gives eight points to the winner and only four for second place. The Aggies countered by winning the 300-yard medley which gives six to the winner and three to second. Second places were even at four-all, with the teams tying for second in the odd race. The Cadets also won four of a possible seven third places.

Arthur Adamson, former Australian Olympic star, turned in the feature performance of the evening when he traversed the 50-yard free style distance in 25.1, a half second less than the present Southwest Conference record and a new Kyle Field pool record for the distance.

Grubbs, who was the leading scorer of the night, won first places in the back stroke and 200-yard free style and also swam the back stroke lap on the Y's second place medley relay team.

The thrill of the evening for the handful of spectators, however was reserved for the second half of the water polo tilt when the Aggies made a grand rally and once forged into the lead. An Aggie spurt tied the count at 3-all at the half, and in the first few minutes of the second period the Cadets took a 4 to 3 lead. With only two minutes to go, the game's tempo increased considerably. Adamson sank a right side shot to tie the score and Grubbs added one from the left to give the Y a slight lead. Then Burt Hull, freshman from

Centenary Debaters Win Decision Friday

G. E. Wyse, Palestine, and T. K. Irwin, Dallas, members of the A and M Debate Club, were defeated Friday in a debate with Centenary College on the current Pi Kappa Delta question: "Resolved, that the powers of the president of the United States should be substantially increased as a settled policy." The debate was held in Shreveport on the Centenary campus.

Losing a two-to-one decision, Wyse and Irwin experienced the same sort of defeat that the Louisiana men met on this campus last year.

Houston, tied it up again at 5-5 with only one minute to play. Then Adamson sank the winning goal from the front with thirty seconds to go, and, although the Cadets tried several long shots, effective Houston goal tending kept the score that way for the remaining half-minute.

Summary:
400-yard relay—Houston (Talley, Crate, Barnett, Adamson); Aggies. Time: 1:22.1.

100-yard breast stroke—Sinclair (Aggies), first; Jameson (Houston), second; Halter (Aggies), third. Time: 1:18.2.

100-yard back stroke—Grubbs (Houston), first; Cox, (Aggies), second; Shell (Aggies), third. Time: 1:16.1.

50-yard free—Adamson (Houston), first; Hull (Aggies), and Talley (Houston), tied for second. Time: 25.1.

400-yard free—Cockrell (Aggies), first; Gibson (Aggies), second; Bryant (Houston), third. Time: 5:40.

100-yard free—Barnett (Houston), first; Crate (Houston), sec-

CORNELL AWARDS FELLOWSHIP TO T. N. GEARREALD

Teaching Fellowship Will Include Two-Year Course In Agricultural Administration.

After making an excellent record in his college work, T. N. Gearreald, Stephenville, has received the award of a teaching fellowship at the Cornell University. This fellowship will give him an opportunity to study for his masters degree in Agricultural Administration under the direction of Dr. G. F. Warren, who is recognized as a leading economic authority in the world today and who is Roosevelt's sole advisor on the monetary situations of the country. The work included in the fellowship will include field practice in the summer and teaching along with the study during the regular session at the University.

Gearreald received one of the two fellowships available, being one of the finest recognitions a graduate could receive, according to E. J. Kyle, dean of the School of Agriculture. The details are not available yet but the fellowship

will likely last for two years, with the school paying practically all expenses during the regular session as well as those for the field trips in the summer. Gearreald will likely go to Cornell shortly after school is out and take up the field work immediately.

Agricultural Administration at A and M is recognized as having one of the finest set-ups of its kind in the United States, according to Dean Kyle.

ond; Hull (Aggies), third. Time: 60.6.

Diving—Cox (Aggies), first; New (Aggies), second; Speer (Houston), third.

200-yard free—Grubbs (Houston), first; Crate (Houston), second; Cockrell (Aggies), third. Time: 2:24.

300-yard medley—Aggies (Cox, Sinclair, Hull), first; Houston, second. Time 3:43.6.

WATCHING THE AGGIES—(Continued from page 4)

fight it out for the basement place, according to the "experts".
INTRAMURALS ARE GOING at top speed with two spring sports now progressing rapidly. Class A playground ball began regular competition Monday and Class B will begin next Monday. These classes are each divided into four leagues for this year. A champion of each league will be determined and then semi-finals and finals will be played to determine the campus champions.

Boxing eliminations have reached the third round in many weights and have reached the semi-finals in a few of the weights that did not have much competition. Finals will be reached by April 14 and they will be held then at the Ex-Students' reunion.

New York—New York High school students are more interested in the old age pension question

than in any other academic or social question, a questionnaire sent out by the City College here revealed.

Says Girl Graduates Must Wed or Starve

NEW ROCHELLE, N. Y.—The college woman, as recent questionnaires in women's colleges have shown, will increasingly look to the home as a career, according to A. W. Zelomek, economist, who spoke before three hundred women here. He added: "Women entered industry during the age of machinery, displacing men because they could be hired more cheaply. Fundamentally, with the exception of a few occupations, they have been unable to compete with men on an equal basis, for the specialization of the sexes places women at a disadvantage. With the federal government scaling up minimum wages women lose their advantage, and workers of superior stamina and regularity will be preferred."

than in any other academic or social question, a questionnaire sent out by the City College here revealed.

Your Shoes

Are Ready at Penney's

All leather Shoes of reliability are being featured now for --- \$3.49 and \$3.98 --- at Penney's

Bring in your feet and enjoy a treat in a pair of our tested and tried shoes.

School Officials! You may wire us your vacancies at our expense, if speed is urgent. You will receive complete, free confidential reports by air mail within 36 hours.

Include a **SNAP, CRACKLE, POP** course in your diet

THERE is nothing easier "to take" than a bowl of Kellogg's Rice Krispies. So crisp and tasty. And the way those toasted rice bubbles snap, crackle and pop in milk or cream just tells you to "Listen—get hungry!"

A great breakfast cereal. Ideal for lunch with fresh fruit added. And after a hard evening of study, Rice Krispies satisfy hunger and promote sound, restful sleep.

Listen!—get hungry

Only the Center Leaves... they are the Mildest Leaves
Luckies are All-Ways kind to your throat

WHEREVER the finest tobaccos grow—in our own Southland, in Turkey, in Greece—all over the world, we gather the very Cream of the tobacco Crops for Lucky Strike. And that means *only the center leaves*. Not the top leaves—because those are under-developed—not ripe. Not the bottom leaves—because those are inferior in quality—they grow close to the ground, are coarse, dirt-covered, sandy.

The center leaves are the mildest leaves—they taste better and farmers are paid higher prices for them. These center leaves are the only ones used in making Luckies. Then "It's toasted"—for throat protection. And every Lucky is fully packed with these choice tobaccos—made round and firm, free from loose ends—that's why Luckies do not dry out. Naturally, Luckies are all-ways kind to your throat.
