

SPORTS—
(Continued from Page 4)

record that can be approached by only a very few coaches in the entire United States.

Some of the accomplishments of this coach are:

(a) His teams were undefeated for three years. In the fourth year he lost only one game and that by only one point on the grounds of the A and M College.

(b) During his last twenty-one games, his teams were undefeated. Fourteen of these games in succession his teams were unscorred on.

(c) During this period, according to the Associated Press, he developed twelve players who received All-American recognition. This was more than twice as many as all the coaches in the Southwest Conference combined developed during this period.

(d) His leadership and character is such that when he left Centenary, the following was said of him by Reverend Sexton, former President of Centenary, and now presiding elder of the college:

"From the standpoint of a president, and one interested in character building, education, and the creating of a good Athletic Department, Coach Norton was as nearly perfect as one could be expected to be. He worked in perfect harmony with the ideals of the college. He was athletically clean. He took great interest in the members of the various teams, especially in their college work. I believe that he was just as anxious to build real character in the boys under him as he was to turn out winning teams. I have said many a time that if I had a son of school age, I could not desire anything better than to have my boy under Norton, interested in athletics for a period of four years.

"I do not believe that there is a better coach in the South, and very few if any in the entire athletic field. The reason I believe that, is the success he attained with the material he had. Many of the best athletes, those that made southern and national ratings, were boys that knew nothing about football when Norton got hold of them. If I were the president of a college or chairman of an Athletic Council, I do not know of any man anywhere that I would take in the place of Coach Norton."

OTHER COACHES

Next on the Aggie All-American coaching staff comes Cal Hubbard, All-American college tackle, All-American professional tackle on the New York Giants and the Green Bay Packers for eight straight years closing with last season, and umpire in the International Baseball League. Having just finished actual playing of football in the leagues where real, smart and hard football is played, and where he has been termed by Grantland Rice as the greatest tackle ever having played, Hubbard is anxious to use the knowledge he has attained on the gridiron to train ambitious young men who have hopes of going places in football.

Other coaches on the staff are: Frank Anderson, track coach;

RIFLEMEN MISS WINNING TROPHY BY FOUR POINTS

Make Clean Sweep in Eighth Corps Area by Leading in National.

Only four points kept the A and M rifle team from winning a trophy in the Hearst match, according to Lieut. J. E. Rierson, coach of the Aggie marksmen. The University of Washington won first place this year. However, the Aggies made a clean sweep in the Eighth Corps Area this year by winning the Corps Area match and by capturing the honors in the National Intercollegiate. Though the final results for the United States in the National have not been announced, A and M lead its nearest rival in the Eighth Corps Area, Oklahoma A and M, by 158 points.

These victories round out a highly successful season for the local team, as it also won over eighty-five per cent of the Intercollegiate matches held earlier in the season. Indications point to an even better chance for next year, as Captain C. A. Tosch, Mesquite, is the only letterman that will be lost, though several fourth-year men will not be eligible for all the matches.

The team will have its annual banquet _____ night, at which all the lettermen and army officers of the college will be guests. Sweets will be presented as soon as they arrive, probably the second week in May.

HUMAN NATURE

The crowning fortune of a man is to be born a bias to some pursuit which finds him in employment and happiness.—Emerson.

Roswell Higginbotham, who three years ago wrested the baseball championship from Texas University for the first time in twenty years and who this year has developed a championship team; John Reid, basketball coach who has developed many outstanding players; and W. L. Penberthy, director of intramural athletics. Besides these, Manning Smith, who received All-American mention last year, and Ray Murray, all-Southwest Conference end will assist in coaching.

Cavalrymen Swamp Artillery In Polo Game Sunday Eve.

Great Interest Shown As Rough Riding and Spills Frequent in New Aggie Sport.

Major John P. Wheeler's Cavalry Polo Team ran rough shod over Lieutenant J. V. Carroll's Artillery Team Sunday afternoon, 10-1, in a fast, rough polo game. The game was filled with many thrills and a few spills as the "Wagon-soldiers" tried vainly to revenge the 5-0 "nosing out" that the Cavalrymen gave them last week.

O. A. Seward, who made the lone Artillery score, was the first to take a spill during the game when he made a mighty swoop at the ball and toppled off his horse when he missed. He landed well on his feet, however, and was not hurt.

The Cavalry was not long in starting their scoring spree. When hardly more than three minutes had elapsed, J. E. Miller made a hard drive that placed the ball in

scoring position in front of the Artillery's goal and George (Tooky) Dunn then followed up nicely to make the first goal. After this, the Cavalry scattered their scoring well out among all the players with Dunn being high scoring man with four tallies to his credit.

The lone Artillery goal came in the third chukker. After the Artillery had driven the ball to the goal line, the "Wagon Soldiers" and Horsemen made a mad scramble for the pellet but Seward finally drove the ball through the posts for the point.

No polo game will be held for the next two Sundays because of the proximity of the Federal inspection and because of the preparation for the annual horse show to be held May 13. After these events are over, however, Major Wheeler, Lieutenant Marcus and Lieutenant Carroll plan to have another game.

Line ups for the game plus substitutions were: Cavalry, J. E. Miller, Sinton; W. L. Young, San Antonio; R. W. Fichtner, San Antonio; H. W. Dugan, Shreveport; G. W. Dunn, Sherman; Fred Gremmel, Pettus; W. H. Seaman, Houston; Frog Ragsdale, San Antonio; A. P. Meador, Waco and W. H. Kelley, Houston. For the Artillery; J. B. Johnson, Dallas; L. B. Farber, Houston; R. S. Con-

ley, Asherton; J. H. Crow, San Benito; J. A. Whately, Hearne; H. Underwood, Houston; O. A. Seward, Amarillo; and W. C. Rodgers, Bonham.

HAZING
(Continued from page 5)

no hazing is being carried on in their organizations: T. N. Gerreald, captain of the Aggie Band; S. W. Scott, captain of B Company Infantry; W. A. McLeod, captain of H Company Infantry; E. F. Carter, lieutenant-colonel of the Coast Artillery; C. K. Swanson, Captain of E Battery Artillery; W. W. Holmes, Captain on the Corps Staff; J. E. Weaver, Captain of A Battery Artillery; R. E. White, Major on the Composite Staff; and H. N. Lyle, Lieutenant-Colonel of the Engineers.

The following freshmen who were questioned on the subject of hazing also stated that no hazing was being carried on in the organizations of which they are members: Arlington Helbing, Company B Infantry; V. T. Adler, Company H Infantry; W. J. Lacey, Battery A Artillery; J. A. Crichton, Battery E Artillery; J. B. Lesh, Band; W. W. Harris, Company A Engineers; A. W. Oakley, Company B Signal Corps; L. B. DeWalt, Company B Engineers; and O. W. Appelt, Company F Infantry.

CHECK UP ON

VITALITY

WHEN you miss the gist of lectures, and can't seem to concentrate; when even campus life seems blue—look to your health!

Your sluggishness may be due to common constipation—a condition which frequently causes loss of appetite and energy, headaches, sleeplessness. This ailment can usually be corrected by a delicious ready-to-eat cereal.

Tests show Kellogg's ALL-BRAN provides "bulk," vitamin B and iron. Two tablespoonfuls daily will help promote regular habits. Ask that ALL-BRAN be served at your fraternity house, eating club or campus restaurant.

The way tobacco is cut has a lot to do with the way Chesterfield burns and tastes

There are many different ways of cutting tobacco.

A long time ago, it used to be cut on what was known as a Pease Cutter, but this darkened the tobacco, and it was not uniform.

The cutters today are the most improved, modern, up-to-the-minute type. They cut uniformly, and cut in long shreds.

The tobacco in Chesterfield is cut right—you can judge for yourself how Chesterfields burn and how they taste.

Everything that science knows is used to make Chesterfield the cigarette that's milder... the cigarette that tastes better.

Chesterfield
the cigarette that's **MILDER**
the cigarette that **TASTES BETTER**

Double-Breasteds
are smart for SPRING

"D. B's" (That's the short for double-breasteds) will be the choice of many style-wise young men this spring. And the most stylish of these young men will select Under-Grad's "Nelson".

Neat, convenient, secure... that's the Talon story!
