

That Vacation!

SCUSE THIS BURNINDE
FELLAS - BUT THEY JUST
SEEM TO GO WITH
VACATIONS - HUH?

IDEAL SUMMER
WORKING CONDITIONS

(We hear that the boys who went
to Camp near the Border picked
up quite a bit of Spanish)

Well - another season of
pale moonlight, needle beer, and
grass stains has passed away
ah me, its books instead
of blades now. Dear
old school daze -

while others took
their life in the raw -
as life - guards.

Vacation hell! Up
at 6:50 to make
that 7:00 o'clock English
class in summer school -

And some of the husker
lads did some good (?)
work in the ice (man's)
racket -
