Letters From Mayor and Chief of Police at Austin Persuade Seniors to Make Second Corps Trip to University.

A second Corps Trip, for this year, to be made to Austin for the Thanksgiving game between A and M and Texas University, was unanimously favored by the Senior Class in a meeting held Friday afternoon in the Assembly Hall.

Previously, when official trips have been made to Austin, the Corps has been hampered in its parading by an excess of traffic, however such difficulty this year will not be sustained, according to word received from Austin city

Writing to Dr. Walton, President of the College, Mayor Tom Miller, and General W. W. Sterling, of the Austin Chamber of Commerce, made assurance that Congress Avenue would be cleared for the cadet review.

On casting their final vote, the seniors, Friday, were unanimous in an agreement to accept the invitation. In a discussion, before the voting, some objection was made by a few students in light of the possibility that a large number of cadets might be financially able to make only one trip, and thus, in choosing Austin over Dallas, or Dallas over Austin, would allay the effectiveness of both parades by their absence. This idea was short lived, however, as other students convinced the objectors that the holiday season of Thanksgiving would encourage the majority of students to leave the campus any-

Mayor Miller was especially enthusiastic in his invitation to the

"I believe it has been four years now since the City of Austin, and its visitors on that day, have had the pleasure of viewing this splendid parade, and I am frank to say that I believe that next to the game itself, the parade adds more to the gaety of this gala day than every-

BILL BRADFORD

Editors Note: Since Bill Bradford writes this column, his name never appears here; but an incident which happened in Bryan the Sunday before last deserves mention. While horse-back riding with Miss Lucille Vick, Miss Lucy Parks, and another young lady too bashful to mention her name, Bill managed to stage three miraculous and hair-raising resues when the horses ran away—that is, Bill thought they were run-aways. The young gallant, not being satisfied with his manly accomplishments, excited the horses to such a degree that the young ladies were finally pitched off. Of course, they didn't mind, because he helped each one back on in turn. We wonder what major sport Bill will go out for next.

rip Made Possible by Donations and Proceeds of Cot-ton Ball; Many Places Are Contacted Including Manchukuo.

This summer J. S. Mogford, head the agronomy department; Curtis L. Vinson, publicity director of the college; and three senior winners of the cotton contest, T. P. Porter, Terrell; Floyd Thurman. Cisco; and R. L. Bennett, Decatur; accompanied by T. J. Watanabe, Japanese student and interpreter for the group, made a trip to Japan to study the cotton situation there. Mr. Mogford acted as tour leader while Mr. Vinson acted as publicity agent. The trip was made possible-by funds donated by members of the cotton trade and by proceeds

from the Cotton Ball. The party left the College June 3, arriving in San Francisco June-5, and sailing on the N Y K, "As-ama Maru," on the sixth for Yokohoma by way of Honolulu, where they spent some time. After ex-periencing a little Gyphoon weather, the "Asama Maru" reached Yokoms on the twentieth of June, and the A and M group landed the next morning, being met before leaving the ship by representatives of the different Japanese cotton compa-nies that donated to the cause of making the tour possible through their Texas offices.

When the customs had been passed, the group went on to Tokio, an embassy, visiting the Imperial University, the Japanese Seri Cul-ture Industry, and a number of scenic places around Tokio. The next day they spent at one of the most beautiful spots in all Japan, Nikki, noted for its beautiful tem-

COMMUTATION

The senior class is expected to be over \$5,000 richer this week.

Federal commutation aggregating that amount is due to be passed out to 285 seniors, military science students, and each check will average approximately \$19.

The vouchers have been sent to Ft. Sam Houston, in San Antonio, and the checks are expected this week, according to a statement issued Monday by the Military Science Office.

Stefansson Makes Address As First of Lyceum Course

Reveals Arctic As Land Of High Temperatures And Covered By Vegetation; Expodes Ideas Of Eternal Ice Mass.

An incomplete report from the publishers shows that ten support the rodeo in every possible colleges and universities have al-ready adopted his book.

Would "Put American Education on its Feet" With Federal Fund of \$25,000,000, Committee Spokesmen Say.

Washington,-A plea to the gov rnment to wipe the smear of depression and drought from the nation's schools was expected to net \$25,000,000 in federal aid for educational rehabilitation purposes.

In conference with Federal Relief Administrator Harry L. Hopkins and Secretary of the Interior Ickes, spokesmen of the National Council of State School Superintendents and Commissioners of Education set the relief figure necessary to keep distressed schools open during the 1934-35 school year at \$25,000,000

The federal money would virtually put American education "on its feet" and would dispel the unsavory picture of closed schools and curtailed activity.

A survey by the College News Service had revealed many schools in the midwest and far western states to be suffering from curtailed programs while others were closed because of the drought havoc.

The council, which met in Wash ington, forced a seven point relief program which included:

Prompt Federal consideration of the need to extend school terms in 1935 in districts where state and local resources cannot provide normal terms.

Increased research by the office of education to develop an adult education program that will 'fit

Dr. Walton To Be Leader For Program

Budget Announced This Year Sets Goal for Charity Movement; One Thousand Nine-**Hundred** and Forty Dollars, Russell Says.

The annual drive for funds for the College Community Chest will start November 1 under the leadership of Dr. T. O. Walton, it was decided at a meeting of the Community Chest Committee Thursday afternoon, according to an announcement made by Dr. Daniel Russell, head of the department of rural sociology. The budget this year will reach \$1940.00.

Dr. Russell has been professo of rural sociology here since 1926. He took the lead in organizing the College Community Chest a few years ago and is now chairman of the permanent committee responsible for the annual drive each fall. Working with him on the committee are D. L. Weddington, C. H. Winkler, dean of the school of vocational teaching; R. E. Karper, D. B. Cofer, professor of English; and H. C. Dillingham, professor of electrical engineering.

The Community Chest this year will include the following organizations: Chamber of Commerce, \$650; College Y M C A, \$100; Student Welfare Fund, \$100; Contingent Fund, \$500; Local Charity. \$250; College P T A, \$150; the Red Cross, \$150; and the Salvation Army, \$40.

The committee states that each college employee will be asked to lonate one day's pay and the students will be asked for five cents each. These donations, however, will be on a voluntary basis. The person making the donation will be allowed to choose the organiza-

NATIONAL CHIT-CHAT George Wonnacott

It is not unusual in this day and age to witness very sudden rises former was quite tragically demonstrated last week when Prince Peter of Jugo-Slavia, through the violent death of his father, was suddenly elevated from the station of boy-scout to that of a sovereign. Undoubtedly he would have preferred to remain a mere scout but unfortunately assassins do not consult those who are liable to be affected before they take it upon themselves the task of righting what they think is their wrongs.

Much ado is being made over Mahatma Gandhi's feminine aide who is at present visiting America. Her mission here is to "enlighten the people of the United States as to Gandhi's true ideals." Two weeks is the time that she has allotted herself to do this. She certainly will have to be much more explicit than "Friend Gandhi" was at times

Fellow men, we are advised that "it is extremely discourteous to drink while out on a date." So says one of our leading authorities on good behavior. Well we have known some women to drive some men to greater misdeeds than drinking. They were not on a date either.

Five years ago this month we very reluctantly entered the "de-
