CORPS TRIP TO WACO WILL BE OFFICIAL

3 Trips Will Be Made This Grid Season

Official Trips To Waco, Dallas Are OK'd by College

In a meeting of the Executive Board held Monday afternoon, the invitation of the Waco Chamber of Commerce to make an official corps trip to Waco for the Baylor-A. & M. game was accepted.

The entire corps will go to Waco, accompanied by the Aggie Band, Saturday, Oct. 22, and all classes on that day will be suspended. Three special trains will carry the corps to Waco, leaving College Station at an early morning hour and arriving in Waco in time to have a parade down the main section of that city in the morning.

The final decision of the Executive Board gives the Aggies two official corps trips and one unofficial corps trip for this year. Besides the Waco trip, other corps trips will be made to Dallas on November 5 for the S. M. U. game and an unofficial corps trip will be made to Austin for the Thanksgiving game with Texas University on Thanksgiving Day.

This marks the first time in several years that the A. & M. corps has made the trip to Waco an official one, as the corps trips to Dallas or Fort Worth are usually given official sanction.

The Waco Chamber of Commerce has promised that the Aggies will receive the greatest hospitality in Waco than they have ever received in any town at any time.

BATTALION WILL ISSUE TEAM SPECIAL

A special edition of The Battalion, printed exclusively for members of the Aggie football squad, will be rushed to San Francisco tomorrow, it was announced today by R. L. Doss, editor-in-chief.

Doss said the edition is to be sent as a token of the student body's appreciation of the team. It will be stressed the fact that the Aggies are behind their team whether they see the games or not, he said.

Owen (Slick) Rogers, captain of the Aggie grid squad, is to wire news of the team while it is in San Francisco to The Battalion, E. C. (Jep) Oates, sports editor, announced.

WTAW to Broadcast Aggie-Bronco Tilt

Next Saturday afternoon a play-by-play description of the football game between the Texas Aggies and Santa Clara University in California will be broadcast over Station WTAW. The broadcast will be started at 4:30 (2:30 by Pacific Coast time) and will last until about 6:45.

The account of the game will be given by one of the popular sports commentators of the Pacific Coast. The program, which is being sponsored by the Humble Oil and Refining Company, will originate from a California station but will be re-broadcast from College Station by WTAW.

Czech Minister

Vladimir Hurban (right), Czech Minister to the United States, is pictured as he was interviewed by the press on arrival at the State department in Washington for a conference with Secretary of State Cordell Hull. This was Hurban's first visit to State department since return from Europe.

A. & M. Men go to AIME Meet in San Antonio Wednesday

Stevens and Gross Will Present Papers at Fall Meeting of the Institute

The Texas A. & M. Petroleum Department, world's largest petroleum engineering school, will be well represented at the fall meeting of the petroleum division of the A. I. M. E. to be held in San Antonio Oct. 5, 6, and 7 in the form of papers to be represented at the gathering.

A. B. Stevens and H. E. Gross, instructors in the petroleum department, will be among the principal speakers. The paper to be presented by Stevens deals with an apparatus made by Stevens for determining porosity of a sand by the gas expansion method. This same paper will be contained in the next issue of The Scientific Review.

Gross will give a paper on "The Development of Decline Curve Analysis." This paper was in Oil and Gas Journal distributed in September.

Harold Vance, head of the petroleum department, will be chairman of the Friday meeting.

The two papers that will be presented by Stevens and Gross will help to give nationwide recognition to the A. & M. petroleum school in the oil industry.

Besides having the largest petroleum school in the world, the department is in hopes of having the largest enrollment in the student branch of the A. I. M. E. before the year is over.

Schunior Gets Statistician Job at Houston Bit Company

George E. Schunior, class of '32, and former recorder in the Registrar's office, has left to accept the position of statistician in the Sales Department of the Reed Roller Bit Company located in Houston.

Schunior was graduated from the Electrical Engineering school in 1932 and was awarded his Masters Degree in the spring of 1937. He was a member of the Brazos County Chapter of the R. O. A.; serving as vice president and secretary during his membership. He was a first lieutenant in the Infantry of R. O. C.

"His leaving will be a loss to the Institution as a whole and particularly to my department," said Mr. E. J. Howell, "but I feel that it is a wonderful opportunity for him."

Scholars To Be Selected For Oxford

Rhodes Candidates Get Information From Dr. T. F. Mayo

Annual competition for the Rhodes Scholarships have begun and anyone from Texas A. & M. College who desires to apply should make a prompt request to T. F. Mayo, college librarian and local representative of the Rhodes Trust, for application blanks and full information as to procedure.

According to the will of Cecil John Rhodes, which specifies the basis of selection, a candidate to be eligible should have a remarkably good scholastic record in at least two years of college work. He should also be a man who has distinguished himself in other fields of student activity, exhibiting moral force of character and of instincts to lead and to take an interest in his schoolmates, Dr. Mayo points out. In addition, he should have some real knowledge of what sort of work he would like to do if he were selected as one of the Rhodes scholars. Some definite quality of distinction, whether in intellect, character or personality, or in any combination of them, is the most important requirement for a Rhodes Scholarship. Financial need does not constitute a special claim for consideration.

The Rhodes Trust gives to each appointed Rhodes Scholar about \$2,000 a year for three years so that he may study in Oxford University, where he may do his work in any one of a wide variety of fields, including chemistry, mathematics, physics, biology, economics, philosophy, English literature and history.

Four Rhodes Scholars will be sent to Oxford University this year from the Southwestern District, which includes Texas, Oklahoma, Arkansas, Louisiana, Mississippi, and Alabama. Each of these states will select two candidates and send them to New Orleans, where the District Selection Committee will choose from these twelve men the four Rhodes Scholars to be sent to England.

BARTON NAMES ASSISTANTS ON LONGHORN STAFF

The editorial and business staff of the 1939 Longhorn has been announced by Editor-in-Chief W. D. Barton. Associate editors will be J. F. Hollingsworth and O. D. Butler; sports editor is H. F. Beckhorn, and business manager is A. G. Beckman. Other seniors on the staff editing sections in the annual are P. W. Anderson, vanity fair; O. L. Patrick, classes; C. H. Hudson, military; Willard Thomas, features; and J. W. Stark, clubs. A. R. Trimble is the staff photographer, and H. M. Moseley, art editor.

Junior editors appointed by the Editor-in-chief for experience and aptitude in this work are S. H. Gottlieb, J. F. Fouts, and G. W. Smith. From these men the head of next year's annual will be chosen by election at the close of this school year.

Sophomore assistants are W. A. Becker, Winifred Eakin, and Randall Henderson.

General plans will be discussed before the entire staff at a meeting in the near future. An increase of annual sales amounting to 3,600 copies, 1.5 times that of last year, shows vast improvement in the circulation.

Italian Artillery On Move

Italian soldiers haul on the ropes to ease a cannon, hitched to a tractor, down a hill. Scenes such as this again occur as the peninsula country goes on a war footing. Mussolini has placed the Italian nation beside that of Germany in the present European crisis.

Moore Is Promoted to Rank of Full Colonel; Will Continue A. & M. Duties

Lt. Col. George F. Moore, professor of Military Science and Tactics and Commandant of A. & M. College was promoted to the rank of colonel Saturday, it was learned today.

Col. Moore will continue his duties at A. & M. College. He is a graduate of A. & M., having received his bachelor of science degree in civil engineering in 1908. While he was here, he lettered at tackle and guard on the Aggie football teams of 1906 and 1907. Immediately after his graduation, Colonel Moore entered the U. S. Army as a second lieutenant of the Infantry.

Since that time, Col. Moore has steadily risen on the ladder of promotion until he now occupies the position of a full colonel. He transferred to the Coast Artillery immediately upon its organization before the war. Col. Moore graduated from the Command and Staff School in 1928, and from the Army War College in 1934. At the present time he is on the General Staff eligible list.

Col. Moore not only directs the military affairs of the college as Professor of Military Science and Tactics but also is responsible for the maintenance of discipline through his position as Commandant.

CHURCH WEEK IS BEING HELD

This week is Campus Church Week. It is being observed by every church at College Station, each of which will hold short special services at the respective churches each night of the week at 7:30.

The services will consist in general of hymn-singing, inspirational study, and short talks by the ministers. Any student of any class may be excused from other duties in order to go to these religious exercises.

DAIRY JUDGING TEAM AT NATIONAL CONTEST IN OHIO

Friday morning the Dairy Cattle Judging team left for Columbus, Ohio where it will participate in the National Dairy Cattle Judging Contest on the eighth of October. The team is composed of N. H. Nance, Shannon Carpenter, A. D. Hilburn, E. J. Botard, and A. L. Darnell as coach.

When the team arrives in Columbus, three of the boys will be picked for the team and one will act as alternate. The trip will serve as an inspection trip and the team will compete in several other dairy shows. October 15 is the scheduled date of the team's return.

Last year's team won the highest honors ever achieved in the twenty-five years history of the National Dairy Cattle Judging Contest and there is expectations in the Cream and Kow Klub that this year's team will repeat in the contest. At the initial meeting of the Cream and Kow Klub the members of the following teams were introduced by their respective coaches: Livestock Judging Team, Poultry Judging Team and the Dairy Cattle Judging Team.

Arrive At Golden Gate On Friday

National Rating Would Jump With Victory Over Broncs

Coach Homer Norton and Captain Owens (Slick) Rogers will head the party of coaches, gridgers and spectators who will leave tonight for San Francisco where the Cadets will play Santa Clara Saturday afternoon.

The party will travel over the Missouri Pacific to Millana Junction, Texas where they will change to the Santa Fe, which will carry them to San Francisco Friday morning.

All of the players came out of the Tulsa tussle in good shape with the exception of Dick Todd, "the Crowell Cyclone", who was injured in the first quarter of the fray. Todd's injuries are not serious, but painful. He will be ready to go against the Santa Clara Broncs.

The Empire Hotel will be the stopping place of the Aggies while they are in the Golden Gate City. The players would appreciate receiving telegrams from the student body Friday and Saturday morning. They will entrain for home Saturday night after the game, and will return by the same route as that taken on the outward trip.

Santa Clara started their season off with a bang by defeating Stanford, who is rated to have the strongest team in years, 22-0. If the Aggies win their ball game, their stock will jump high in national rating.

Civil Engineers Make Inspection Trip to Houston

Fifty junior civil engineering students, accompanied by Dr. A. A. Jakkula and Dr. L. M. Legatski of the Civil Engineering Department, made an inspection trip to Houston today in order to study structural drafting as it is done in commercial practice.

The students left at 10 o'clock this morning in the civil engineering truck and two station wagons of the petroleum department. Arriving in Houston at noon, the group was given lunch by the Moser Steel Company. The rest of the day was spent in study of the Moser Steel plant, in which special emphasis was placed on the drafting rooms and the methods of procedure in the shops.

KADET KAPERS

BY JACK PUCKETT

First in line of business is to apologise to LITTLE GENERAL ALDRICH for the erroneous report in last week's Kapers which stated that the LITTLE GENERAL was drilling his fish and sophomores on Sunday afternoon. However, ALDRICH drills every day except Sunday, and Tuesday afternoon—one of his fish passed out completely during company drill.

There were lots of good times had in Tyler the past week-end, but no one enjoyed life so much as the BAND FISH, who stayed on the campus while the rest of the Band went to Tyler. It seems they had a regular West Point Christmas in Bizzell Hall.

RIP COLLINS, senior in the Chemical Warfare, non-military and unclassified, was seen at Tyler wearing captain's buttons and several medals and ribbons. Incidentally, MAJOR STICKNEY also saw him.

"TRAP" TRAPOLINO drove his jitney to the Rose Festival and had as passenger "PANCHITO" WHALL, MAJOR CHEER HUB ASTON, LIEUT. YELL CHARLIE TRAIL, and PRIVATE SHOUT BODIE PIERCE. Although they made excellent time through the dry counties the average velocity wasn't very great.

A senior made a trip up-state and had a date with Miss Mary Evelyn Carlines. During the course of the evening she told him that two weeks ago she had a date with the Cadet Colonel of A. & M., Mr. POKEY HACHYLA. He was very handsome and had a magnificent build, she said, and his one diamond (the symbol for the Cadet Colonel) really set him off.

Saturday night HENRY KEELING and RICHARD JEPPESEN didn't have to pay any hotel bill, as they slept on bunks which were furnished free to them by the Tyler Police Department. And CHESTER MOODY, KEN MARSHALL, FROG HOLMES, and

BULL STONE claimed that they only used half the hotel room, including half the bed, therefore they should only pay half the bill. But the manager didn't agree with them.

BOB ROBINSON took his date home in a taxi, and then had to walk the five miles back to Tyler. HAROLD DYKE, DAVE HARBEL, LENDON BEARDE, and SNUFFY SMITH, together with a Jacksonville buddy, between them a date with one of the Tyler maidens. But while the four were guzzling at a honky-tonk the Jacksonville buddy sneaked off with the car and maiden, and the four were forced to sit on the steps two hours after the joint closed. P. S. The car returned but not the girl.

PEE-WEE PAGGI went clear to Georgetown to get his girl for the game. On returning Sunday night blanket out of the cashmere. PEE-WEE was seen lifting a blanket out of the car, which he said, was necessary to keep the boys riding in the rumble seat warm.

That sweet bit of feminine pulchritude that CHARLES W. ZAHN was sporting at the A. & I. game and at the corps dance that night was not his O and O, but his sister-in-law. Your brother seems to have better luck than you do, CHARLES. And WOODY VARNER seemed to be doing all the good with three car-loads of school teachers last Saturday.

Aggie Band Seniors JIM ADKISSON and DULEY BELL certainly have a way with the women—to judge by the quick way they struck up acquaintances with two pretty maids-of-honor on the queen's float in the Tyler Rose Festival parade, and the beautiful, long-gowned "ladies in red" allowed themselves to be lifted and carried by JIM and DULEY from the float to the sidewalk and (later) back again. Numerous other willing Bandmen had their kind offers of similar assistance rejected.
