

## Batteries Begin Phone Installation

### "A" and "D" Coast Are First Units To Ask Phone Service

Batteries A and D Coast Artillery have been the first two outfits in dormitories to make arrangements for installation of telephones, it was learned today. Out of the members of the two outfits, only one dissenting vote was registered against the installations.

Dean F. C. Bolton has announced that the college has O. K.'d the possibilities of telephone installation provided location of the phones in the dormitories is approved by Commandant Moore and the wires to the dormitories meet requirements of college regulations.

Dr. Dan Russell, head of a sub-committee of the Student Welfare Committee, has announced that the local telephone company will install telephones at a cost of \$2 per month for a party line or for \$2.50 a month for private lines. Installation charge is \$1.50.

In addition, the outfits must pay a vacancy fee of \$1 for party line phones and \$1.25 for private phones during the three summer months. All these charges, however, would be covered by a cost of only 15 cents a semester for each student where as many as 85 men are in a unit, Dr. Russell pointed out.

The telephones for the two Coast Artillery batteries are to be installed this weekend, it was said.

ALL GRADES UP UNTIL THE end of October will be turned in to the Registrar's office on Nov. 1. As has been the custom in past years, students having failing grades will have their names sent to their deans. Complete grades will be turned in by all departments Dec. 1 for the second check-up. Mimeographed reports of students failing one or more subjects will probably be sent out to all organization commanders, according to H. L. Heaton, assistant registrar.

## KADET KAPERS

BY JACK PUCKETT

Among the people on the campus who can't take it is POKEY POCZYLA. After the publication in this column two weeks ago about his telling Miss Mary Evelyn Carlisle that he was to be the cadet colonel, POCZYLA told everyone on the campus and your columnist in particular that the whole story was a lie, that he never heard of Mary Evelyn Carlisle, that he never told anyone he was going to be cadet colonel, and that the whole story was an attempt to slander his character. He asked your reporter to print these things and apologize to him, but the following letter from Baylor clears things up considerably.

Waco, Texas  
October 11, 1938

Mr. Jack Puckett

Dear Jack:

If I received the correct information, there is some concern as to the authenticity of the statement I made to a certain Aggie (Bill Greenwald) a couple of weeks ago. I really didn't think a few passing remarks during an intermission date would cause such a commotion. In fact I never expected the "chat" to be repeated on the A. & M. campus. It seems that the ratings of the Aggie seniors mean a lot to them—I wonder why? But that is straying from the point a bit.

I did make a remark to an Aggie that I visited the R. O. T. C. camp (Fort Clark) this summer with some girl friends to see several of the Cavalry boys. There I met this tall handsome young Aggie who told me during the course of the afternoon he would be the future cadet colonel of the A. & M. corps. I do think he would have made a good one, that he is a nice fellow, and that the military authorities made a mistake in not making Mr. Pochyla the Colonel.

I hope this will help you in some

# VOTE TO INCORPORATE SLATED

## 247 SENIORS HAVE ORDERED CLASS RINGS

There have been 247 rings ordered by seniors to date according to an announcement from the Registrar's office Monday. Approximately 157 of this number have been delivered.

The Registrar's office is in charge of ordering and distributing senior rings as a result of an investigation made by the Senior Ring Committee. Under the old method unclassified seniors were free to make their orders from a local jeweler who handled the rings. The Registrar's office now checks up on all students who turn in orders for rings and no one but classified seniors are permitted to turn in their orders.

Under the old system a definite date of delivery was not assured. This disadvantage has been remedied in that the manufacturers are held responsible for delivery and an early delivery is promised the members of the senior class.

The rings are ordered from the Star Engraving Co., at Houston, and come in two different finishes, dark rose and green gold. There are seven different weights, ranging from 12 dwt. to 18 dwt., and seven prices, ranging from \$19.20 to \$24.40.

Rings are ordered the 1st and 15th of each month and delivered in two weeks. All rings ordered for the 15th are here and may be called for at the Registrar's office.

DR. JUST T. LUND OF THE Agricultural Economics Department of A. & M. is spending Friday and Saturday of this week in Dallas with the head of the Farm Security Administration office in that city.

Mr. Robert Denhardt of the Agricultural Economics Department spoke over the radio last week on the introduction of horses into America. There have been many favorable comments on the talk received from all over the state.

## Faculty Dance Club To Hold Costume Ball

Shisa Hall Annex will be the setting for a colorful party on Thursday evening at 9:00 when the faculty dance club holds its annual costume ball. Class room dignity and school cares will be forgotten as the gay revelers trip the light fantastic to the tuneful strains of Tommy Littlejohn's Aggieband Orchestra.

President Dick Hickerson and Secretary Ty Timm extend a cordial invitation to all faculty members and their friends to enter into the spirit of Halloween and compete for the prizes which are to be awarded for the most clever Halloween costumes.

## A. & M. STABLES TAKE LION'S SHARE OF FAIR PRIZES

Entries from A. & M. stables carried off a lions share of the awards in the horse show at the State Fair in Dallas last week.

In the Percheron division the college exhibit won nine firsts on nine entries, Junior Champion stallion on Carcenot, and Senior and Grand Champion stallion on Carcellus Junior, an outstanding three year old horse. Senior and Grand Championship honors in the Percheron mare class were awarded to Josephine, one of the best horses owned by the college.

In the saddle horse group, A. & M.'s entry of five animals won seven first in individuals and groups, as well as a clean sweep of all Junior, Senior, and Grand Championships in both stallion and mare classes. The Grand Champion saddle stallion was Centennial Chief, a winner in previous shows. The Grand Champion mare in this class was Helen Peavine, another of the college's better horses. This was another outstanding win to add to the long list of impressive show victories accumulated by A. & M. horses.

## BAYLOR UNIVERSITY STUDENTS

have a new way of determining what courses they'll take. Each student takes a personality test before making out his class schedule—a test that shows his psychological tendencies. Results of these tests are combined with aptitude, scholastic record and study habits to tell faculty members how to advise their charges.

## Southern Pacific Station Site Of Polling Booth

College Station's voters will decide at the polls Wednesday whether or not the city will be incorporated.

The proposed plan of incorporation would include the campus proper, North Gate, the Oakwood addition, College Hills estates, and College Park in a city, College Station.

Election judge for the Wednesday voting will be Prof. Alva Mitchell of the Department of Engineering Drawing.

Polling place will be the Southern Pacific station, with the polls open from 8 a. m. until 7 p. m.

## Lawrence Sullivan Ross Now at A. & M.

Believe it or not, Lawrence Sullivan Ross is now attending A. & M. College, and is living in Ross Hall. He is better known as Fish Ross. He hails from Waco and is a direct descendant of the Lawrence Sullivan Ross, leader of early Texas A. & M. College.

Fish Ross is 17 years old and has lived in Waco all his life. He has always had the desire to come to A. & M. He graduated from Waco High School last year, and this year he's here.

Fish Ross is majoring in forestry, and intends to work with the government after he finishes college. His nickname is Sull, and he is interested in intramural sports. He also plans to go out for the freshman track team.

THE A. & M. EX 4-H CLUB Association held its first monthly meeting of the school year last Monday night. This initial meeting consisted of a discussion of plans of the association for the 1938-39 school session. The next meeting will be Nov. 3.

The student Association of Ex 4-H Club members was organized three years ago by A. & M. students and members of the Extension Service. Its primary purpose is to keep former 4-H Club members in closer contact with one another during their college careers, and to keep them well informed on present-day 4-H Club activities.

## Purveyor Photograph In Bolton's Office

Hanging now in the office of Dean Bolton is a large photograph of Dean Emeritus Puryear, only living ex-Dean of the College.

Dean Puryear, who will observe his seventy-eighth birthday Friday, came to A. & M. in 1889. In 1907 he was named Dean of the College, in which position he served until 1932, when Dean Bolton took over that position.

Dean Puryear was at that time named Dean Emeritus of the College.

## JUDGING TEAM WINS THIRD PLACE IN NATIONAL MEET

The A. & M. Livestock Judging Team won third place in the national contest according to a wire received by the Animal Husbandry Department last Sunday night. In the individual divisions of the contest, the Aggie team placed second in cattle, third in horses, fifth in sheep, and eleventh in hogs. The two winning teams of the contest were Nebraska and Kansas.

The Meats Judging team will compete Wednesday in Kansas City with other teams from over the nation, according to an announcement from the A. H. Department.

## Leland Scheduled To Lead Discussion At Next NACA Meeting

T. W. Leland, Head of the Department of Accounting and Statistics at A. & M. will lead the discussion on the subject of "Control of Inventories and Receivables" at the next meeting of the chapter of the National Association of Cost Accountants. An educational program on cost accounting is scheduled for the meeting. The Houston Chapter has scheduled a meeting at A. & M. in March at which time a program will be presented for the accounting students of this school. Last year at a meeting of this kind, problems of oil accounting were discussed. The subject matter for the March meeting has not been selected.

The NACA chapter in Houston is composed of seventy members made up of Houston men interested in problems of industrial accounting.

## Corps Trip To Waco Due On Saturday

### Classes Suspended For First Official Trip of '38-'39 Year

All classes will be suspended Saturday morning in order for the A. & M. Cadet Corps to make the first official corps trip of the year to Waco to attend the football game between A. & M. and Baylor University.

According to Colonel George F. Moore, Commandant, 2500 students have signified their intention of making the trip. Two special trains have been engaged from the Missouri Pacific Railroad Company which will leave College Station at 7:15 and 7:30 Saturday morning and which will arrive in Waco in time to enable the corps to form for its parade down the main street of Waco at eleven o'clock. The assembly ground for the parade will be in the area in front of the City Hall, and all students who go to Waco Friday are requested by the Commandant to report to the City Hall at 10:30 in order to enable them to find their respective organizations in time to fall in for the parade.

### REVIEW AT 11 A. M.

The parade will cover a length of about sixteen blocks, and will take approximately an hour to complete. The reviewing stand will be located at 8th Street near the Raleigh Hotel facing Austin Avenue. After the parade is over the entire cadet corps will be the guests of the Waco Chamber of Commerce for a barbeque dinner to be held at the fair grounds, which is a few blocks from where the end of the parade.

The fare for the round trip will be \$1.85 and the football ticket in the Aggie rooting section can be procured from the Athletic Office for \$1.10 plus coupon No. 33 from the athletic coupon book. It is suggested that all men contemplating making the trip buy both tickets as soon as possible in order to enable the authorities to make an accurate estimate on the crowd that they will have to handle.

The special train from Waco will leave at 8:00 p. m. Saturday night. Other regular trains on which the holders of round trip tickets will be permitted to ride leave Waco at 1:00 a. m. Sunday morning, 10:55 Sunday morning, and 1:00 a. m. Monday morning.

Instructions from the commandant's office as to the destination of the line of march of the review are to be announced shortly.

### FREE BARBECUE SLATED

The invitation for the Aggies to make the trip to Waco an official corps trip was extended to the senior class at the first of school by the Waco Chamber of Commerce, the agency which is giving the free barbecue for the cadet corps. Two weeks ago the Executive Committee met and accepted the invitation, thus making two official corps trips and one unofficial one for the year. Last week Lieutenant Joe E. Davis, the assistant Commandant, made a trip to Waco to arrange details for the parade with the Waco Chamber of Commerce and the Waco Police Department.

It is hoped that more than 2500 students, the number estimated by the Commandant's Office, make the trip to Waco. Last year 4000 cadets made the corps trip to Ft. Worth for the T.C.U. game which set an all time record; but this year the increased student body should break that record on each corps trip.

### SHS Holds Meeting

The Scholarship Honor Society held its regular meeting last Thursday night. Announcement was made at this time to the effect that the new list of candidates for membership would be published within a week.

According to the organization's constitution, the 75 high seniors and the 75 high juniors (scholastically) are admitted to the Scholarship Honor Society.

## AS TEXAS AGGIES BOWED TO HORNED FROGS, 34 TO 6

Right, above, is Davey O'Brien, T. C. U. backfield flash, headed on an end run against the Aggies Saturday. Hall is shown taking out an Aggie defensive player. No. 52 for A. & M. is Duncan. Left, above, shows Dick Todd as he started on one of his several jaunts with Looney of the Frogs and another of Meyer's aggregation after the Aggie star. Below, right, is a shot of the Knot-Hole Gang at one of the ticket booths at Kyle Field. Center shows Dick Todd on another run with Sparks and Looney of the Frogs—among others—gunning for him. Left lower shot shows the swingin' T. C. U. band—Staff Photos by Golman.
