# YOUR SCHOOL'S PERSONALITY

Did you ever stop to think that every school has as distinct a personality as any of the students in it? Well, it does. The personality of a school is created by many things, big and little, by student activities both curricular and extracurricular. Virtually every action of every student influences or contributes to in some way, directly or indirectly, the personality, the spirit, of the school, and thereby the impression the school makes on outsiders.

The above is an interesting though. If every student would just realize that his friendships and acquaintances, his relations with his teachers, his studying and his grades, his sports and other school activities, and the way he speaks to and treats his fellow-students, the visitors to the campus and other people, all help in some degree to create either a good or a bad personality for his school—if each student would just realize and keep in mind these facts, then surely he should remember to act properly at all times, to work always for the betterment of his school, and do those things expected of a good student.

In past years A. & M. has always had a good personality. It has always been noted for its great school spirit. It is to be hoped that we are not falling down in our record this year. Let's all cooperate in all we do to keep the personality of A. & M. as good during this and future years as it has been in the past.

# WHEREIN WE BLEED AGAIN

Things have come to a very ugly pass.

Not only have freshmen forgotten that theyre supposed to meet people, speak to Aggies on the campus, and so on, but some upperclassmen—chiefly sophomores—are showing some of the worst effects of a poor school spirit it has ever been our misfortune to come in contact with.

A member of the Aggies squad—his name is withheld for obvious reasons—was walking across the campus the other day when two sophomores came up to him.

The sophomores didn't know him, which is another something to mark down in your little black book.

But to top it all off, one of them cracked very wisely, "That was the sorriest football game Saturday that I've ever seen." Then they proceded to criticize this particular fellow's playing.

We don't agree that it was a sorry game, in the first place; but even if it had been, that is no occasion for the Aggie spirit to be shot to pieces.

We would like very much to see these two sophomores, just to get a glimpse of what the "new kind" of Aggie is like. We would like to meet two of them who are trying to lead the "one per cent" into a majority at A. & M.

THE AGGIES ON THE GRIDIRON REPRESENT THE BEST OF ALL STUDENTS ATHLETICALLY. THEY ARE ENTITLED TO ALL THE SUPPORT WE CAN GIVE THEM. THIS SUPPORT SHOULD NOT VARY WITH THE WINS AND LOSSES MARKED UP BY OUR TEAM'S NAME. STICK BEHIND THE TEAM, WIN OR LOSE.

## CHURCHES

**THE FIRST BAPTIST CHURCH IN BRYAN**

William Harvey Andrew, Pastor
Sunday School—"The Dan Russell A & M Class" —9:45 A. M.

## LOST

LOST: one pair brown leather moccasin's about one block east of north gate. If found please return to E-7 Walton.

LOST: A billfold by Tom B. Darst of Richmond, Texas, at the A. & M.-T. C. U. ame. Information concerning same, which included a "T" card and identification card, should be forwarded to Mr. Darst at Richmond.

THE HILLEL CLUB HELD their regular meeting Sunday evening, October 16, in the Asbury room of the Library. Included on the program was V. K. Sugareff who spoke on the subject, "The Probable Results of the Munich Agreement." Mr. Sugareff pointed out that the only thing the Munich Agreement provided for was the partition of Czechoslovakia. He also stated that the world was spending four times as much for armaments at the present than was spent in 1913.

At the conclusion a general discussion of Mr. Sugareff's address followed.

THE MEMBERS OF THE chemistry department gave a picnic for their wives and families Wednesday afternoon at 5:00. Miss Imogene Couch, secretary of the department, was in charge of the plans for the picnic.

Members of the team were Bob Balch of San Angelo, B. F. Itschner of Elm Mott, S. C. Stribling of Rotan, R. O. Dittmar of Doss, and C. C. Watterson of Bastrop.

## One Tradition Of School Is Sorry, Junior Opines

TO THE BATTALION:

For the past three years and more than likely years before that, there has been, an the Aggie campus a practice that is not only rude, but not done in the best of circles. This campus is not the "gas house gang" hangout and will never be such, although there are some who are trying hard to make it such. I am speaking of the practice of some of the more uneducated members of the student body who insist upon whistling, shouting and otherwise making nuisances of themselves to the girls who happen to be unfortunate enough to have to walk on this campus. And that is a true statement, for the girls themselves do believe themselves very unfortunate to have to pass this campus. It is prevelant at meal time and after dinner. Such things are to say the least very embarrassing to the girls and give the school a black mark.

There are some rules that have to be observed in the rudest of classes, and to this class, which so proudly hails itself at every opportunity goes the blue ribbon for rudeness.

The practice of upper-classmen sending the 'fish' to meet some girl or girls is also very uncommendable. For what reason this idea was born, I have no answer. Maybe there are some who have gained by this method of meeting girls but it is safe to say that these few would never admit the fact. There are no "per-cents" involved within this article for there are no figures low enough to give credit to them, but they themselves believe they are the best of Aggies—so do a lort of "percenters".

PAUL KETELSEN

THE STRONG AUSTIN COLlegians won over the Aggie polo team by an 8 to 3 score last Sunday at the Aggie Polo Field. Charles Hall, national two goal man, was the outstanding man on the field an dreceived much help from John Armstrong and John Voorhees. The outstanding men for the Aggies were Rech Culbertson, Fairfax Bennet and Forrest Jordan.

## Series of Lectures in Marriage And Relations Course Started

Last Thursday a new series of educational lectures on sex, marriage, and family relations was inaugurated. It is required that all students registered for the new "Marriage and Family Relations Course" attend these lectures, and all juniors and seniors who are not registered for the course are being invited to be present.

A lecture will be given each Thursday night from now on. The time will be from 7:30 to about 8:30, and the place the Agricultural Engineering lecture room.

The first lecture of the series, presented last Thursday, was one on "Sexual Vices and Abnormalities", given by Dr. Daniel Russell, head of the Rural Sociology Department which is sponsoring the series.

The other lectures on the first half of the series include the following subjects presented by well-known speakers:

Oct. 27—Dr. T. O. Walton—"The Importance of Marriage in Business and Professional Life".

Nov. 3—Rev. R. L. Borwn—"Morality and Marriage".

Nov. 10—Dr. Charles La Motte—"The Physiology and Anatomy of Sex".

Nov. 17—Dr. Cox (head of the State Department of Health)—"Venereal Diseases".

About this many more programs are planned for after Nov. 17. Complete details for these, however, have not yet been arranged; but three of them will feature women speakers. This is quite an unusual departure for A. & M., as it will be the first time in history that the college has had women teachers or lecturers.

They will speak on the following subjects: "Family Relations" (relationships among members of the family, the importance of and proper way to impart to the children knowledge of the fact of life, etc.); "Family Budgeting"; and "Family Buying" (values of foods, furniture, furnishings, etc., for the home and family, and how to economize in the purchase of these items).

President Roosevelt is going on the air twice within the next two week, on October 26 and again November 4, both via NBC and CBS.
