 Colonel, U. S. Army  
 Commandant

## CIRCULAR NO. 13:

1. The following instructions regarding the parade in Waco, October 22, 1938, are published for the information and guidance of all concerned.

2. DETRAINING  
 The first section will arrive at 10:15 A. M., second section will arrive at 10:30 a. m. Organizations will detrain promptly upon arrival and will march in column of twos, via Second street to the assembly area. (City Hall Square—See map). Students who do not go by train will join their organizations at the City Hall Square not later than 10:30 a. m.

3. BAGGAGE  
 a. Immediately after halting in position at the parade assembly area, each squad will make up a squad roll containing all overcoats and raincoats, securely tied in one bundle and tagged with two tags to each roll. Tags will be distributed by Company Supply Sergeants. Hand baggage will be marked with chalk, the name of the owner organization, and branch; example, Joe Smith, Troop C Cavalry. Rolls and baggage will be assembled in stacks adjacent to City Hall under supervision of Regimental Supply Sergeants. Four men will be detailed from each regiment as guards to remain with property and safeguard same during the parade.  
 b. Point of dismissal will be at original assembly area and luggage will be secured.  
 c. On detraining members of the Band will secure instruments from the baggage coach and proceed to a moving van provided for the purpose, and leave baggage and instrument cases in the moving van.

# Film Based on Dewey's Work as D. A. Slated; "Y" Cards Good Friday for "Happy Landing"

BY PAUL KETELSON

The corps is to be complimented on the action taken over an editorial a few weeks ago about the roudness which took place during a Saturday night preview. There are some who do take pride in the fact that they can and will attend a picture show without all the noise and ruff-stuff that happened that Saturday night. It is very good to know that these boys have done something about the "bleed" and as a consequence the theatre is now a better place to spend one's time.

After a very heated race for the possession of the Arthur Caesar original Women Without A Country, based on the life of Barbara Hutton, Universal studios was the winner. John Stal will direct the picture and Irene Dunn will play the lead.

## Palace—Saturday Preview

"Racket Busters"—a picture based on the persecutions of the famous New York District Attorney, Thomas Dewey. There is nothing new to the plot of this picture, it runs along the same lines of every other gangster picture and for some reason has a great amount of interest. The acting is good, because it is not seldom that Humphrey Bogart does not turn in a banner performance. Walter Able as the "racket-buster" does very well also. The plot is old, the gangsters getting ahead of the law, taking over control, then the hero jumping in and running them all out of business. The picture is thoroughly enjoyable from the stand point of entertainment but has such little variety from preceding shows the same type that you will wonder if you haven't seen it.

"Y" cards will be good for the show Friday night, due to the fact that most of the Aggies will be at Waco Saturday. The picture is "Happy Landing," a show in which Sonja Heinie does her stuff again to the utmost of perfection, ice-skating her way to glory as she has done in most of her pictures so far. It is not with malice that this column picks on this picture but because the type Sonja has been playing in is getting very tiresome, so tiresome that it is doubtful whether many more of these no-plot pictures will be enjoyed. She is a very likable young lady, and, while not good looking she will get along. If you like skating you will

# WILCOX TALKS AT SCIENCE MEETING

Prof. George B. Wilcox, a member of the Education Department, will lead a discussion on the subject of "Newer Developments in Higher Education," at the Social Science Seminar to be held in the Physics lecture room Monday night at 7:30.

## Delineascope Added To Lab Equipment

During the summer the Agricultural Engineering Department added to its equipment on a "delineascope," a machine that projects pictures either from previously prepared glass slides or from any desired page of pictures or print in a book or magazine. According to Professor Christy this machine adds materially in class lectures and in other talks because the eye gathers and retains information more readily than the ear. Already in use before the still projector was purchased was a 16 mm. movie projector but the expense and difficulty involved in obtaining suitable films acted as a serious handicap which is now relieved by the new all-purpose still projector.

CHARLES F. THOMPSON, Pre-veterinary student from Pearsall, Texas, won a trip to the American Royal Livestock Exposition in Kansas City, which is now going on through the Future Farmers of American competition, it was learned today.

All students and other persons interested in these subjects are invited to attend the lecture and discussion.

## CADETS IN SHAPE—

(Continued from Page 1)  
 that same kind of a crowd on the same field that the Aggies beat them before.

There has been a change in the Aggie lineup and those two boys will be fighting every minute to show that there has been no mistake in putting them in. The changes are for Herb Smith to start at end in place of Schroeder and for Tommie Vaughn to start at center in place of Coston.

"Jinx" Tucker of the Waco Tribune has written that it takes three of the Aggie backs to be as good as Patterson. He says that Price can throw the ball hard, and that the only trouble is that he doesn't know where it is going when he throws it. He says that Thomason can hit the line hard, but that sometimes he forgets to carry the ball with him.

"Jinx" is a friend of the Aggies and no doubt he is attempting to build up some confidence for his home team. They will need it for the Aggies are the most determined team this writer has seen.

They have worked some pass plays out that should be sure things against the Bears' defense. Don't be surprised if John Kimbrough is the star of the Baylor fracas. He may be stumblin' John, but he stumbles for many yards before he is downed. He is a pass receiver that can catch them from any angle.

For all time games the Aggies have scored a total of 453 points to 210 for Baylor. The Aggies have won 23 games, lost eight and tied five. The second worst licking the

Aggies ever took was from Baylor in 1901 with a score of 46-0. It is hoped that the cadet corps will be in large numbers at Waco Saturday.

## WE SHALL MAKE AMERICA OVER

First Complete Story of 400 New Dealers, Who Really Run the U.S.

Backbone and nervous system of today's New Deal is a group of 400 men, few of whom hold elective office. Yet they run America. Detested by leading Democratic politicians, they formulate New Deal programs; write its speeches, spend its billions. Who are they? How did they get their power? Here is the first complete story of this curious government-within-a-government, revealing how the Brain Trust became the 400 now busy remaking America. First of three important articles. Read it in this week's Saturday Evening Post.

### How to start a football argument

JUST tell somebody that football today is downright soft compared with the game in the 90's. You'll have "Pudge" Heffelfinger, all-time All-American guard, to back you up on page 16 of this week's Post. Barred (at 52!) from playing against Yale because he was too rough, "Pudge" tells why old-timers wouldn't stoop to tackling a dummy, and what modern stars rank with football's great.
