

20th Annual Rodeo to Be Held Friday

Two Performances Will Be Given; 58 Men File Entry Cards for Events

The twentieth annual A. & M. Rodeo, sponsored by the Saddle and Sirolo Club, will be held in the Animal Husbandry Pavilion next Friday afternoon and night.

The show this year is to be larger and more spectacular than any previous rodeo, members of the Saddle and Sirolo Club declared. Five events are to be held—bronc riding, steer riding, calf roping, Mexican ribbon roping, and a boot race. A total of 58 contestants have signified their intention of entering one or several of these events. The list would be much larger but for the fact that the number of applicants for each event was limited to ten.

Two performances of the rodeo will be given, one at 2:30 in the afternoon and the other at 7:30 at night. The general admission price will be 50¢, and reserved seats will be 75¢. Tickets are now on sale at the Animal Husbandry Office and a ticket-selling canvass of the dormitories will be made by members of the Saddle and Sirolo Club.

A major prize of a silver loving cup, donated by Mr. Lauterstein, will be given to the best all-around cowboy. Separate cash prizes will be given for each event and will consist of five dollars for first prize, three dollars for second, and two dollars for third prize. These prizes are made possible through the one dollar registration fees that each contestant for each event was required to make. All admission fees will be given to the Livestock Judging team to enable them to attend the International Livestock Judging Contest at Chicago.

The night performance will be opened by the entrance of the king and queen of the rodeo, Herbert Mills, of Sterling, and Helen Schneeman, of San Angelo, accompanied by their attendants, the dukes and duchesses. The duchesses for the affair are Lynell Ellis of Menard, and Clidia Reese, of Waco, who will be escorted by Emil Prugal and Sam Harris.

The broncs are being obtained from the prison system at Huntsville and are the identical horses which were used in the prison rodeo held last month. Large four year old steers will be used for the steer riding events and the potential calf ropers will be required to try their skill on some local brahmas. This year three chutes have been provided for the riding events, and they will tend to cut down the time between events which will give the spectators a livelier and more exciting show.

"Gray Buck", the nationally known trained horse belonging to Emit Digby of Temple will be brought to A. & M. for the rodeo and will give an exhibition.

The boot race should prove very interesting and entertaining for the spectators. In this contest the contestants are required to find their boots from a large pile, put them on, and get a five dollar bill from the horn of a wild steer, and a one dollar bill from its tail.

Officials for the rodeo are James Grote, ringmaster; Frank Corder, business manager; Benton Adams, advertising manager; and Clabe Long, announcer.

Hamilton to Speak To Architect Students At November Meeting

"Economic Aspects of a Community" will be the title of the lecture to be given by Dr. Hamilton, of the U. S. Experiment Station, in his lecture to the Architectural Club at their first meeting in November. This will be the second of a series of lectures by prominent authorities on the general theme of "The Architect's Place in the Community."

Plans for the Architect's Beaux Arts Ball are well under way. Two themes for the Ball have been suggested, Surrealistic, and Hillbilly. These will be discussed and a decision made between the two.

SHE'S QUEEN OF THE RODEO

This lovely bit of feminine pulchritude is none other than Miss Helen Schneeman of San Angelo who will be queen of the Saddle and Sirolo Club's Rodeo Friday night.

ROTC SENIORS TO BE PAID AROUND NOVEMBER 1ST

The complete roll of all second year advanced military science students has been completed and sent to the corps finance officer at Fort Sam Houston, Colonel George F. Moore, the Professor of Military Science and Tactics, announced Monday.

This will mean that the seniors will be paid sometime between November 1 and 4 Colonel Moore stated. However the checks may come in several days before that time, as the Professor of Military Science and Tactics wrote a personal letter urging that the finance department get the checks back as soon as possible. The seniors are assured of having their checks before the Dallas corps trips on November 5.

Rodeo to be Dedicated To S. C. Evans, Club Decides at Meeting

Dedication of this year's Saddle and Sirolo Club Rodeo will be to Sterling C. Evans, president of the Houston Bank for Cooperatives, it was decided by the club at a meeting last night. Mr. Evans was Ringmaster of the first annual Rodeo, held in November, 1919. This first event was known as the Pageant and Novelty Horse Show, and was for the purpose of assisting in defraying the expenses of the stock judging team to Chicago.

One of the interesting points of the first Rodeo was the mounted wrestling match between the cavalry and the artillery, in which Bill King of San Antonio, major in the cavalry, had all his clothes torn off. The only casualty of the show was Raphael De La Olivers, who suffered a broken arm in a fall from a bucking steer.

It is interesting to note that the Ringmaster of this Rodeo was dressed for the occasion with the customary riding boots, black coat and tie, and derby hat, as contrasted with the custom of the last few years of having the Ringmaster dress merely in ordinary cowboy garb.

THE PERSON WHO LEFT THE opossum in the trash can in front of Dr. I. P. Trotter's home was doing a service with his joke. The sleepy animal, which was found by Dr. Trotter's wife, will be turned over to W. E. Taylor for observation by the Wild Game Department here at A. & M.

Pulitzer Prize Drama Will Show Here Monday Night

Anderson's Play Will Be First of Year's Programs On Entertainment Series

Beal Hargrove, manager of the Entertainment Series, announces the first program of the series for Monday night, October 31, and urges everyone to get his tickets for this and other fine programs to be presented this season.

The first program offers the Jitney Players in Maxwell Anderson's Pulitzer Prize play, "Both Your Houses" in 3 acts and 6 scenes. The Jitney Players boast an outstanding cast of twelve, featuring Ethel Barrymore, Douglass Rowland, Pendleton Harrison, Bettina Cerf, and Harry Gresham. This marks the sixteenth season of the company which is on its current tour of twelve weeks, taking them into twenty states and covering a total distance of over eight thousand miles.

"Both Your Houses" was the first play by Maxwell Anderson to win the Pulitzer Prize. Other plays by this distinguished writer include "What Price Glory", "Winterset", "High Tor", and "The Star Wagon".

In "Both Your Houses", Maxwell Anderson takes the House of Representatives apart and lets the entire theater going public see how it ticks. The "houses" referred to in the title are not the houses of Congress, but the two political parties to which Mr. Anderson is, at least, impartial. He lambasts the Republicans as well as the Democrats, and just for good measure, brings in a member of the Farmer-Labor party.

The story concerns a young radical who has been sent to Congress by the farmers of the west. He comes to Washington, booted and spurred, as it were, eager to ride an extravagant Congress to a far-three-well. He defies the leaders, who reminded him he can do nothing without party endorsement. He exposes them in the midst of their bantering and trades, and even beats them at their own game. He marshals the non-partisan group on his side when the vote on an outrageous appropriation bill is closed, in the hope of making it ridiculous.

He is defeated in the end but leaves with his eloquent threats, of what the people will one day do to its dishonest politicians, ringing through the ancient halls.

Howell and Heaton To Attend Registrar's Meeting in Austin

E. J. Howell, registrar, and H. L. Heaton, assistant registrar, will leave for Austin Friday to attend a meeting of the Texas Association of Collegiate Registrars. The meeting will take place Friday afternoon, and Friday night the registrars will attend a banquet. Mr. Howell will have charge of the amusement for the program which will be followed up by a more serious talk by Dr. Ruth Allen of the University of Texas.

Several years ago Mr. Howell was placed in charge of the amusement at one of the meetings of the Texas Association of Collegiate Registrars. He created what is now called the Add and Drop College. The college gets its name from the fact that most of the work in a registrar's office consists of adding and dropping courses from a student's record.

The college was created for amusement only, nevertheless it confers degrees. Some of the degrees which have been conferred in the past years as well as some of the courses offered in their curricula give a brief idea as to the "seriousness" of the college.

The title of one person's thesis was "Eat, Drink and be Leary" and that person was awarded a LL.D. in Lamentation. In the college curricula are found courses in Low Brow Language, Why Women are Always Right, Story of a Kiss, and many others. Mr. Howell has a degree in 3.2. He is also head football coach and President of the college.

AGGIES' DRIVES AGAINST BEARS

The upper picture shows the power drive of the Texas Aggies as they rammed into the Baylor line but fell six inches short on their fourth down. The center picture features John Kimbrough about to complete his drive over tackle to score the Aggies' lone touchdown for the game. The attractive young lady to the right is Miss Bernadet Breedlove, homecoming queen of Baylor University Saturday. Miss Breedlove is also queen of the Baylor Sophomores. — Staff photos by Phil Gelman.

Date Bureau Being Planned By S.M.U. Girls For Aggie-Mustang Game

BY NERISSA VAN DEREN
In the S. M. U. Campus

During the past week, increasing demands have been made of the girls who know boys at A. & M. It seems that 90 per cent of the S. M. U. girls want to go to the German with an A. & M. boy.

As most of the girls rather hesitate to write their favorite Aggie and say: "Dear Johnny, when you come up for the game, please bring with you three tall brunettes, one tall blond, and two short red-heads," there is a growing sentiment that something ought to be done.

DATE BUREAU? Why don't we have a date bureau, they say.

If Germans of the past are any

LIVINGSTON ASKS ARKANSAS GIRLS DOWN FOR DANCE

"There'll be a hot time in Aggie-land Saturday night," says Bill Livingston, social secretary of the senior class, "if my present plans go to completion." Livingston has written to the Dean of Women at the University of Arkansas inviting the girls at the university down for the dance after the game Saturday night. He has promised escorts for all girls making the trip to A. & M., and is counting on the Aggies not to fail him in this respect.

As the annual rodeo is being staged this week-end, Livingston said he expected a number of boys to bring dates here for the rodeo who will stay over for the game Saturday and then attend the third football dance of the season Saturday night.

Livingston said that he expected to receive a reply to his letter sometime this week.

Even if the girls from Arkansas do not get to make the trip for the game and dance, the dance will be one of the biggest events of the year. Tommy Littlejohn and the Aggieband Orchestra will be on hand to furnish music for the evening.

Kyle Leaves For New York Convention

Will Attend 25th National Foreign Trade Convention

Dean Kyle, Head of the School of Agriculture, left this morning for New York City, where he will attend and take an important part in the 25th National Foreign Trade Convention.

On the way up Dean Kyle will stop in Washington, D. C., for a conference with Assistant Secretary of State Francis B. Sayre and Assistant Secretary of Agriculture M. L. Wilson. From there he will proceed to New York.

The National Foreign Convention will last from October 31 through November 2, with headquarters in Hotel Commodore. At the opening meeting next Monday morning Dean Kyle will deliver an address on "Cotton Exports as Affecting Our Agricultural Economy." He will represent the South in the presentation of that subject. Dean Kyle is featured prominently on the program. Other speakers at the opening session will include New York City Mayor Fiorello La Guardia, Secretary of Agriculture Henry A. Wallace, Assistant Secretary of Commerce Richard C. Patterson and other nationally noted men.

Tuesday night Dean Kyle will attend the World Trade Dinner, an outstanding event of the convention. Speakers at this 25th anniversary dinner will include Cordell Hull, secretary of state, who will address a nationwide broadcast from 9:30 to 10 p. m.; the Ambassador to the United States from Brazil, Dr. Mario Brandao; and Sir Ronald Lindsay, Ambassador to the United States from Great Britain.

Dean Kyle will attend a number of other important events at this national convention before returning to College Station about the 5th or 6th of November.

BOLTON ATTENDS AIEE MEET IN NEW YORK CITY

Dean F. C. Bolton, the vice-president and dean of the school, left last Wednesday for New York City on a ten day trip.

Dean Bolton, who is vice-president of the seventh district of the American Institute of Electrical Engineers, made this trip to New York to attend the meeting of the board of directors and officers of the society. While there he will also attend the meetings of the Engineering Society for Engineering Development, of which he is a member.

These meetings will adjourn next Tuesday, and Dean Bolton will probably return to College Station sometime Thursday.

TODAY'S NAMES

BY JACK PUCKETT

The Battalion should carry TWO THOUSAND names, or all of you who went to Waco, in salute to the splendid way in which you represented A. & M. MOLLY O'DANIEL informed your correspondent that she had a warm spot in her heart for the Aggies. As she put it, "The Baylor boys told me that the Aggies weren't very nice, and to stay away from them as much as possible. But I'm convinced that they are entirely wrong; all the Aggies that I have met tonight have been so nice to me. And I think your uniforms are so good looking."

Congratulations are in order to SUNNY BROCK and the BAND for giving the best performance of the year, and completely outshining the swingers from Baylor, Jinx Tucker to the contrary. And HUB ASTON and CHARLIE TRAIL did a swell job in keeping the old twelfth man going all through the rain. Spectators on the west side reported that the Aggie section kept up their usual practice of completely drowning out the Baylor "pep squad".

indications of what is to be expected this year, about 150 or 200 S. M. U. girls will date about that many S. M. U. boys for the German, and about 1000 A. & M. boys will wander around over Dallas wishing they had dates, while about 1000 S. M. U. girls sit at home and wish they had dates.

Why don't they get together? Because the Aggie train arrives about noon Saturday, the boys go to the game, and then they start wondering about a date for the dance. By this time all the girls are tucked safely in the dorm for the night.

The general result is that nobody has much fun—on the weekends when there is a marvelous set-up for having a good time. The dance isn't any good because the stags get in your hair and on your feet, and staying away from the dance isn't any fun because—well—just because.

C. I. A. SYSTEM

At C. I. A. the girls have worked out a system by which several hundred girls can meet several hundred boys quickly and gracefully. They have receptions and date bureaus.

Because they realize that meeting and knowing students of other schools is a very definite part of college life, the school authorities are favorable toward any plan which furthers this end.

A date bureau at S. M. U. for the German could be successful, and, all in the spirit of good fun, it might be a good thing. A military uniform has always been more interesting to the female of the species than a business suit.

SECOND ISSUE OF THE BATTALION magazine will be distributed Wednesday afternoon from Room 17, Administration Building, Circulation Manager J. C. Dietz announced today.

Publication date on the magazine is the Wednesday nearest the 25th of each month; it was said. Each issue except the December number will be published on that date, with the December magazine distributed before holidays begin.
