CLASS SECTION DEADLINE

Sophomores are reminded that November 15 is the deadline for class pictures to be made. November 30 is the last day for Freshmen to have their class pictures made. These pictures should be taken as soon as possible to avoid last minute rushes.

MEMORANDUM:

Application for appointment in the Officers' Reserve Corps.

1. MID-YEAR GRADUATES

All students who expect to graduate at the end of the first term 1938-39, who have completed or will complete the four year R. O. T. C. course are directed to report at their first vacant period to Room 101, Academic Building, to make application for appointment in the Officers' Reserve Corps.

2. REGULAR SENIORS, not taking Military Science.

All students who have completed the four year military science course including the advanced R. O. T. C. camp, but who have not yet applied for or received appointment in the Officers' Reserve Corps, should report during first vacant period at Room 101, Academic Building, to make application.

3. VETERINARY MEDICINE SENIORS

All students pursuing the course of Veterinary Medicine except those enrolled in the second advanced course, R. O. T. C., who expect to graduate June 3, 1939, and who desire appointment in the Veterinary Section, Officers' Reserve Corps, should report during first vacant period at Room 101, Academic Building, to make application.

4. REGULAR SENIORS, taking Military Science.

Seniors taking Military Science will be handed forms in class on which to make their applications.

By order of Colonel MOORE:
Claude F. Burbach,
Captain, Field Artillery,
Adjutant

CLEANING AND PRESSING REGULATIONS

On recommendation of a joint committee representing the College authorities and the student body, the following regulations governing cleaning and pressing for students living in the dormitories are to become effective at midnight Sunday, November 13, 1938:

1. The College, through the Commandant, will limit the cleaning and pressing firms which may have agents to two in each military organization. The cleaning and pressing firms to operate in a company shall be selected by the members of that company.

2. No one else, student or otherwise, shall be permitted to solicit, pick up, or deliver cleaning and pressing work in the dormitories, and this prohibition will be enforced by the Commandant's office.

3. Each student agent is to represent only one cleaning and pressing concern and both agents in an organization may not represent the same concern. Agents shall be paid a standard commission of 20%, but shall not be given free work. If, in the judgment of the Commandant, an agent is not handling his business affairs in a satisfactory manner that agent shall forfeit his agency and another shall be chosen. Organizations may not ordinarily be permitted to change the firm selected, but under exceptional circumstances where just cause for such change is presented, the Commandant may permit the change, provided all obligations to the concern formerly represented have been satisfied.

4. No firm may solicit, collect, or deliver cleaning and pressing work in any dormitory unless it conforms to the following rates:

a. Cleaning and pressing prices through student agents shall be reduced to 30¢ each for blouses and breeches, and the same rate given on student civilian clothes.

b. The price for wool or serge

shirts shall be 25¢.

c. The price for cleaning and pressing on a cash and carry basis shall continue at 25¢ per garment as already established.—F. C. BOLTON, Vice-President.

INTRAMURAL MANAGERS

There will be an important meeting of upperclass and freshman Intramural managers in the Y Chapel immediately after yell practice Monday nove. 14.—W. L. Penberthy, Intramural Director.

CLUBS

ENTOMOLOGY CLUB

A short business meeting was held by the Entomology club Thursday, November 9. Assignments of articles for the club paper were made, and the next meeting was set for the first Wednesday after Thanksgiving. The schedule of bi-weekly meetings will then be resumed with a meeting the following Wednesday.

SADDLE AND SIRLOIN CLUB

All members of the Saddle and Sirloin Club and all sophomores majoring in Animal Husbandry be at the send-off supper for the Senior Livestock Judging Team, to be held in the Animal Industries Lecture Room Monday night at 6:30. Members of the Dairy and Poultry Judging teams are also invited.

LIVESTOCK TEAM—

(Continued from page 1)

team and vice-president of the Saddle and Sirloin Club; Ed Campbell of Brady, member of last year's team; Ed Brown of Beeville, also a member last year; Herbert Mills of Sterling City, president of the Saddle and Sirloin Club and only senior not a member of the junior team last year and; Marvin Smith of Sonora, another member of the junior team that won first honors at Ft. Worth last year. They will be accompanied by Prof. N. J. Schuessler, coach, and Mrs. Schuessler.

FOOTBALL—

(Continued from page 1)

Rice again was slow in getting started this year. They lost to Oklahoma, L. S. U. and Tulane on successive Saturdays, but then reversed their field and have taken Texas, Auburn and Arkansas during the past three weeks. It is to be remembered that the feathered flock did about like that last year when they won the conference and then defeated Colorado in the Cotton Bowl.

Last week the Kittamen battled to a 0-0 score until the last minute when Jake Scheele got three tries at kicking a field goal, making good on the last attempt. There was a near riot after the game, but the Owls had won 3-0.

The Owls have won three and lost three for an average of .500. The Aggies have won three, lost three and tied one for the same. Dick Todd will be playing his last game against the Owls and he has never scored on them. He will be out to show Kitts' "feather merchants" that he can do it.

It is expected that Ernie Lain will be in top shape for the game although the city papers continue to state that he will miss the fray. That sounds like publicity department junk from Rice. Ernie has not been sitting around in an easy chair for nothing. They have been getting him in shape for the feverish game.

Cordill, Sullivan, and Steakley are the best backs that Rice has.

"Slick" Rogers is of the opinion that Sullivan is the best of the lot.

The Aggies and the Owls started playing each other in 1914 and have played every year except '18 and '19, the war years. During this time the Aggies have lost only five frays to the "feather merchants". The Owls wins were by 7 to 0, 20 to 0, 7 to 6, 7 to 0, and 25 to 6 scores in the years of 1915, '16, '23, '35, and '34 respectively. In 1933 the Aggies were the underdogs, but they went to Houston with blood in their eyes and when they were through the Owls had lost their tail feathers and the Cadets had won 27 to 0.

In 1934 the Owls with Bill Wallace, John McCauley, and Harry Witt came to College Station and won 25 to 6. That year marked the first time in history that Rice won the conference championship. The lucky Owls won 17 to 10 in '35, but the Ags captured a 8 to 0 game the following year. Last year Rats Watson and Jimmy Kitts famous stop watch enable the Owls to glean a 6 to 6 tie.

"Dough" Rollins say that he is going to collect stop watches as well as cameras this week.

Over the period of years that the two teams have been playing the score stands 268 for the Aggies and 122 for the Instituters.

The game is rated as the best in the Southwest Conference this week due to it being a grudge battle.

We are showing Tuxedos that are correct in every detail for your formal occasions. Skillful designing and gracefully draped lines result in authentically styled evening wear and genuine comfort. Single or double breasted models are featured in midnight blue—

YOUR BUSY LIFE

LETS DOWN THE BARS TO NERVE STRAIN

BOSTON TERRIER—A cross between the English bulldog and white English terrier, but this gentle, lovable house pet is strictly an American product. First bred in Boston some 60 years ago. Once called the "Roundhead," today he is known as the "American Gentleman" of dogdom.

HE'S GIVING HIS NERVES A REST...

AND SO IS HE

ARE these busy, trying days for you? Do you find yourself, at day's end, irritable, nerve-weary? Take a moment—study the dog above. He's resting his nerves. Even in the midst of strenuous action he will stop, relax. The dog does that instinctively, though his nerves are complex, high-keyed like our own. We, trained for the intense contest of modern life, are likely to ignore the dis-

stress signals of our nerves—the instinctive urge to rest. So often, we let our will-power drive us on at a task, hour after hour, heedless of nerve tension.

You don't want your nervous system to be a drag. See what a difference it makes when you rest your nerves regularly—when you LET UP—LIGHT UP A CAMEL. Enjoy the matchless mildness of Camel's rich, ripe tobaccos.

Break Nerve Tension as Millions do—
"LET UP—LIGHT UP A CAMEL"

EDDIE CANTOR—

America's great comic personality in a riot of fun, music, and song. Each Monday evening on the Columbia Network. 7:30 pm E.S.T., 9:30 pm C.S.T., 8:30 pm M.S.T., 7:30 pm P.S.T.

BENNY GOODMAN—

Hear the King of Swing, and the world's greatest swing band—each Tuesday evening over the Columbia Network. 9:30 pm E.S.T., 8:30 pm C.S.T., 7:30 pm M.S.T., 6:30 pm P.S.T.

A QUARTER-MILLION miles of flying are behind Miss Lolly Sisson (left), air hostess on TWA's "Sky Chief." She says: "Caring for passengers is a real strain on the nerves, but I keep away nerve tension by pausing when I can. I let up and light up a Camel."

Smoke 6 packs of Camels and find out why they are the LARGEST-SELLING CIGARETTE IN AMERICA

LET UP—LIGHT UP A CAMEL!

Smokers find Camel's Costlier Tobaccos are SOOTHING TO THE NERVES
