

EXES MAY ESTABLISH PLACEMENT BUREAU HERE

Five Most Popular Aggie Seniors Selected

Less Than 20 Percent of Class Votes

Rogers, Adams, Hargrove, Todd, Aston Selected

A. & M.'s senior class named Slick Rogers, Bob Adams, Beal Hargrove, Dick Todd and Hub Aston the most popular members of the class of '39 in balloting held Saturday by The Battalion and The Longhorn. One hundred and one ballots were cast, representing less than 20 per cent of the class.

Closely following the leaders were Andy Rollins and Dave Thrift.

Votes cast for the first five were as follows:

Owens "Slick" Rogers, captain of the football team, 71.

Bob Adams, president of the senior class, 52.

Beal Hargrove, cotton king and Entertainment Series manager, 45.

Dick Todd, All-Southwest half-back, 45.

Hub Aston, chief yell leader, 38.

Full-page pictures of each of the five will appear in The Longhorn.

Rollins, Scholarship Honor Society head, polled 31 votes and Thrift, cadet colonel, 24.

Votes for around 40 seniors other than those who placed were received. Voting was lighter than it has been in several years.

BOOKS SELECTED BY STUDENTS WILL BE ORDERED

New books for the library will be ordered in the very near future, pending action of a student committee which meets Wednesday, Dr. Mayo, librarian said. Requests have come in for about \$50 worth of books.

Dr. Mayo has requested that each class president select one representative to meet with him to consider selection and other details involved in ordering the books. Since the fund was donated by the students, Dr. Mayo thinks it best that a committee representing the students take charge of spending the student's money. The meeting will be held Wednesday, and the order will be made shortly thereafter providing arrangements are satisfactory to everyone concerned.

The library fund totals \$155. Money collected through the "dime campaign" amounted to \$50, a donation from the San Antonio A. & M. Mothers' Club amounted to \$100, and Dean Marsteller donated \$5.

Requests for books have been submitted to Dr. Mayo through the box in the lobby of the library. These will be ordered as soon as possible and put on reserve for the student requesting the book.

AGGIES' DINNER AND DANCE FOR STEPHENS COLLEGE GIRLS WILL ROUND OUT NUMBER OF AFFAIRS

The dinner and dance to be given at A. & M. next Tuesday evening for 300 Stephens college girls will round out a program for the Columbia, Missouri, college students which includes such affairs as a party by Mrs. Franklin D. Roosevelt, a dance at West Point, a dance at Annapolis, and dances at various other leading colleges in the East and the South.

Aggies want to make this an annual affair during the girls tour through the south, and every attempt possible will be made to show them the best time of their entire

BLUEBONNET QUEEN

Miss Molly O'Daniel, daughter of Governor and Mrs. W. Lee O'Daniel, will officiate as Blue Bonnet Queen of Texas at the first annual Blue Bonnet Festival to be held in Navasota April 14, 15, and 16. She will be attended by numerous state duchesses representing the forty-seven other states in a colorful celebration to be staged at Brule Stadium the opening evening of the fiesta.

Ross Volunteers To Accompany Molly O'Daniel at Bluebonnet Festival

The Ross Volunteers of A. & M. seem to have a regular job with the state's first family—at least in appearing in different functions with them—for they will escort Molly O'Daniel who will officiate as Blue Bonnet Queen of Texas at the Blue Bonnet Festival to be held in Navasota April 14, 15 and 16.

The Ross Volunteers will also have the job on their hands to escort 100 duchesses which are in the queen's royal party.

The coronation program will begin as pages to the blue bonnet garden enter. These will be followed by the Parade of the State Flowers in which the state flowers of the forty-seven other states will be represented. Following this will be the "Planting of the Human Blue Bonnet Field" which will see the participation of one-hundred school children and which will be accompanied by W. Lee O'Daniel's "Beautiful Texas."

Then Molly O'Daniel, officiating as Blue Bonnet Queen of Texas, and her company of one hundred duchesses will enter accompanied by the white clad members of the Ross Volunteers.

The celebration will be concluded as the American Flag and the Texas Flag pass the coronation stand to the accompaniment of the National Anthem.

Sweetheart of A. & M. Selected for Texas Roundup

Madeline Campbell, A. & M. Vanity Fair Beauty, Is To Represent A. & M.

Miss Madeline Campbell, Vanity Fair beauty and a junior at Texas State College for Women, has been selected by the senior class officers and the cadet colonel to represent A. & M. at the annual Texas Round-Up at Texas University as "The Sweetheart of A. & M."

Miss Campbell is one of the outstanding beauties selected for the Vanity Fair section of the Longhorn and is from Longview, Texas. Her escort will be R. J. McKenna, senior in the coast artillery.

Due to the short time in which to select a representative from A. & M. the senior class officers selected a representative themselves instead of putting it up to a committee from the class as has been the custom in former years.

Sweethearts from all of the large colleges of Texas are selected to form the court for the Queen of the Round-Up who will be chosen at a later date. The Round-Up will be held this year on March 31, and April 1 and 2 in Austin.

Mrs. F. D. Roosevelt Probably Will Not Visit A. & M. Campus

The possibility that Mrs. Franklin Delano Roosevelt might visit the A. & M. campus during her forthcoming trip to Texas seems to now be practically negligible.

A letter was recently sent to Elliot Roosevelt by President Walton requesting her presence here, and shortly thereafter a reply was received from Mr. Roosevelt's secretary to the effect that Mrs. Roosevelt's time schedule was so full that she would not have any available time to pay a visit here.

It was hoped that she might be obtained to make an address to the student body.

81 Percent of Senior Class Order Rings

According to the registrar's office, 513 senior rings have been sold to date. This is about 81% of the present senior class, although some rings have been sold to students.

In order to be eligible for a ring the person must be either a classified senior in school or an ex-graduate. One ring this year was sold to R. E. Schaefer of the 1908 class and others of older classes have ordered them.

Another World War Soon to Come Predicts Max Brauer, German Refugee, During Lecture Here Monday Night

Brauer Declares His Faith in the Great Democracies as U. S.

BY HILL MURRAY

"I do not venture to predict how soon the next world war will break out—but it is sure to come," declared Max Brauer during the course of his lecture last night in the Assembly Hall on "Totalitarianism: Causes, Cure, and Prevention."

Brauer is a German refugee of high class. He was formerly director of one of the largest consumers' cooperatives in Germany, and for 14 years was mayor of the city of Altona, a city of 280,000 in the north German province of Schleswig-Holstein. Following Hitler's dramatic seizure of power, Brauer had to flee to this country with his family. He has made seven crossings of the Atlantic, having

United Daughters Of Confederacy Will Make Annual Award To Military Senior

It was learned today that the Texas Division of the United Daughters of the Confederacy has authorized and created an annual award to be given to an outstanding senior taking military science at A. & M. This award will be a dress sabre and will be known as the Albert Sidney Johnston Sabre. It is to remain in permanent possession of the person to which it is awarded.

A letter to Col. Moore requested that specifications be set up to pick the recipient of the sabre each year. Realizing that no fair method could be devised to pick the outstanding man from the whole military body of the senior class, Col. Moore in conjunction with the senior instructors in the military science department, decided to grant the award by letting one regiment each year have the honor of choosing one of its seniors as suitable to receive the sabre.

The order in which the regiments will receive the sabre each year was determined by lot. The next seven years will see the choice falling to the individual regiment in the following order: Engineers; Signal Corp; Chemical Warfare; Coast Artillery; Cavalry; Field Artillery; Infantry.

At the end the seven years the award will be repeated in the same order and so on as long as the sabre is awarded. Mother's Day has been suggested as an ideal date for the presentation ceremony, but that date has not yet been made definitely certain.

MANY STUDENTS ANSWER CALL FOR BLOOD SELLING

In answer to an appeal announced in the mess hall last week for anyone wishing to sell blood for the aid of a fellow student to report to the college hospital, approximately some 200 Aggies reported to have their blood typed in an effort to aid Lal H. Wadwani, a student of A. & M. from Hyderabad, India, suffering from streptococcus viridans, a blood stream infection.

From among the students including most of the members of the football squad, reporting for typing of their blood Nick Owen, a senior majoring in Ag. Ed. from Jacksboro, was selected after being found to have type four blood, the same as Wadwani's, and donated some 300 cc. for the transfusion which took place immediately.

DANCER

"It was a great surprise to receive Mr. Hitler's request" was comment of Marion Daniels, California dancer, who was flown from Cannes, France, to Munich to repeat dance performance which charmed the Fuehrer recently. She is an acrobatic dancer.

A. & M. TO GET WATER FROM NEW SOURCE SOON

The new water wells five miles north of Bryan will soon be supplying the residents of College Station and the buildings of college with excellent water, free of practically all mineral content.

According to Jimmy Aston, city manager of Bryan, four of the new wells have been drilled already and have proven they can supply Bryan and College Station with two hundred and twenty-two million gallons of the best water every year. With the need of more water, more wells will be drilled which would take care of the increased demand.

The piping has already been laid past the intersection of the old and new highways south of Bryan and pipes have been placed all along the route out to college. The Automatic Sprinkling Company of Dallas, which has the piping contract, is using the newest type of piping which is made of concrete and asbestos. These pipes will be jointed together with a rubber washer and a concrete and asbestos joint which fits over the two sections.

College authorities propose to discontinue the use of the college water system altogether, keeping it in working order to use only in case the new water system is out of order temporarily.

Soon College Station will be receiving its daily quota of five hundred thousand gallons of pure water.

Plans Talked At Saturday Board Meet

Bureau Would Aid Deans, Departments In Search for Jobs

Establishment of a placement bureau to aid students and exes in securing jobs may be made by the former Students Association, it was learned at the conclusion of the Saturday meeting of the board of directors of the association.

"The general plan, as visioned now, is for the bureau to be of every possible aid and assistance in placement and personnel work being done by the various departments and deans of the college," said E. E. McQuillen, '20, secretary of the association.

C. L. Babcock, '18, president of the association, will appoint a local committee to aid in developing plans in the near future, it was learned.

The bureau, according to temporary plans, would be financed entirely by the association and would be handled by the association. Its services would be offered free to both students and ex-students of A. & M.

Final decision on the action will be made at the summer meeting of the board.

Mr. McQuillen will be sent to mid-west and eastern colleges this summer by the board in order to secure information on the operation of placement bureaus.

Present plans would call for the addition of at least one and possibly more employees to the association office at College Station.

Members of the board of directors are Mr. Babcock, C. P. Dodson, '11, vice-president; Mr. McQuillen; L. B. Locke, '18, assistant-secretary; Dr. R. L. Lewis, '05; H. K. Denson, '16; M. H. Hyvins, '07; Add G. Wilson, '12; Dr. M. B. Starnes, '27; Col. O. A. Seward, Jr., '07; J. R. Saunders, '27; Victor Barraco, '15; G. Graham Hall, '13; T. M. Smith, '01; A. C. Love, '99; J. B. Snider, '14; P. L. Downs, Jr., '06; Louis P. Merrill, '26; E. W. Harrison, '13; E. A. Hinman, '25; Charles E. Richter, Jr., '30; E. V. Spence, '11; R. T. Shells, '10; Guy C. McSwain, '20; Joe W. Jennings, '11; Major E. E. Aldridge, '16; Penrose B. Metcalfe, '16; F. D. Perkins, '07; Paul G. Haines, '17; and Roy D. Golston, '03.

APPLICATIONS FOR DEGREES REACH 616 MAR. 1

Some 616 applications for degrees were turned in to the registrar's office before March 1, the deadline for applications, according to an announcement made today by H. L. Heaton, assistant registrar. Included in this number of requests for degrees are applications for all degrees to be awarded by the college during the June commencement.

This list of graduating students, which is the largest number in the history of the school and which exceeds last year's group by approximately fifty applications, will be checked by the registrar's office and will then be put on file for the use of the heads of the various departments and the deans of the different schools, both for reference and the securing of positions for the seniors.

In addition the list will be mailed to a number of business firms that have already requested copies and to any other firms or individuals that request copies from the college.

MAX BRAUER

been given receptions, the first time he visited the United States, by (then) Mayor Jimmie Walker

Says That the Dictators Cannot Keep Deluding Their People Forever

of New York and "Big Bill" Thompson of Chicago. For a time he acted as an advisor to the Chinese government until Hitler forced China to give up his services.

"It seems as if a new world conflict is inevitable. The dictators cannot keep deluding their nations forever, and they cannot stand still in their course; they must move forward, and they appear to be heading only to war. But I believe that as soon as Germany begins war with any other nation, civil war will break out in Germany—a revolt that will crush Hitler and his party."

Speaking in his strongly marked German accent, Brauer, an outstanding man of sanguine countenance, said:
