

Aggie Nine Trips Horned Frogs, 4 to 3

TCU AND SMU TRIM AGGIE DIAMOND MEN DURING TWO GAMES OVER WEEKEND

Aggie diamond stock dropped to almost nothing, after being above par with two victories over Baylor, when Guy Dougherty pitched the S. M. U. Ponies to a 4 to 3 victory over Ranlph Lindsey and Sam Bass Friday, and Woodrow Duckworth, T. C. U. mound ace, trimmed them 5 to 1 while allowing only three singles in Ft. Worth Saturday.

S. M. U. GAME

Going into the ninth inning with the score knotted at three all, the Aggies failed to count in their half of the frame, but the Ponies came to bat in their portion of the inning with a determination to score. Bass was then on the mound for the Cadets after relieving Ralph Lindsey earlier in the game. With one down Bruce Kilmer, S. M. U. shortstop, clouted one over the fence but it was foul by inches. He then drove a hot one toward short and Chubby Nolen made a brilliant knock down and recovered in time to throw out the runner.

O'Neil came through with a single, went to second on a passed ball by Doran and scored on a hit

by Churehill.

Hits were even with each team garnering eight. The Aggies scored one in each of the first, sixth and eighth frames. The Ponies tallied one in the second, fifth, seventh and ninth innings.

T. C. U. GAME

Polanovich started on the hill for the Aggies and got through the first inning without any damage. In the second inning the Cadets got their lone run off of Duckworth when they got two of their three singles. Cooper singled and was sacrificed to second by Nolen. Karcher then singled, sending Cooper home with the lone tally.

The Frogs jumped on Polanovich in their half of the second and scored four runs. In the third inning they shelled Polanovich to the bench and Roy Feden pitched the remaining six and two-thirds innings, allowing only two hits, but the damage had already been done.

Marland Jeffrey gleaned the other single off the Frog ace.

A. & M. Scenes on Quilt

A quilt which shows a "campus tour" of A. & M. in a 72 inch by 90 inch block is shown above. The quilt was made by Miss Frances Puchard, San Saba County Home Demonstration Agent, and belongs to John H. Shows, '36. In the picture above, left to right, are E. E. McQuillen, secretary of the Former Students' Association, the quilt, and John H. Shows.

Welsh, Lindsey Hurl Cadet Team To Monday Win

With Ralph Lindsey, junior right-hander, turning in a sterling relief job, the Texas Aggies noed out the T. C. U. Horned Frogs, 4-3, Monday afternoon to gain an even split in the Southwest conference series in Ft. Worth. The Frogs won the opening game Saturday, 5-1.

Durward Horner, burly right-hander, was the victim. He hurled a fine game himself, allowing only seven Aggie hits, but was in constant trouble because of wildness and errors. Harold Welsh opened for the Aggies but went out for a pinch-hitter in the fifth after he had been shelled for three of the Frogs' five hits and all their runs.

Lindsey came in and blanked the Frogs the rest of the way, to receive credit for the triumph. He gave up only two hits and was in danger of being scored on only twice. He whiffed five Frogs and Welsh set down four on strikes before he retired. It was Horner's second defeat in three starts.

The Aggies' opened the scoring with an unearned run in the second. A twin killing ruined an Aggie attack in the fourth. Stone singled to center and was sacrificed. Cooper walked and Nolen hit for one run. Williams also stroled, to fill the bases, but Kirkpatrick rapped into a double play, Horner to R. Hankersley to Fortie.

The Frogs then jumped on Welch for three runs to take the lead. With one away, Don Looney singled to right but was forced by Dennis Tankersley. R. Tankersley walked and Bilderbeck single to right. Sparks then, singled to right and went all the way to third while two runs counted as Cooper booted the ball and had to chase it down.

With Lindsey on the hill, the Aggies went to work to win the game in the fifth. It was a wild round. Marion Pugh, pinch hitting, popped

to the catcher but Timmerman walked. Jeffrey singled to center, one of his three hits and Timmerman, who had swiped second, scored. Stone walked but was forced by Karcher, Jeffrey taking third. On a double steal, Karcher was run down between first and second but wasn't tagged out until Jeffrey brought home what proved to be the winning run.

This was all the scoring. In the eighth, the Aggies filled the bases with nose down but couldn't count. Karcher singled to short and Forte tossed Cooper's roller away. Nolen walked. Williams tried to put on the squeeze play but missed the ball and Tankersley threw Karcher out at third. Williams then popped to short and Kirkpatrick rolled out.

CONSOLIDATED STUDENTS GIVE HOP THURSDAY

The public is being invited to a dance in the A. & M. gymnasium Thursday night given by the junior class of Consolidated High School. Scrip will be 25 cents.

The dance will be from 8 until 12, with a nickelodeon furnishing the music.

SMITH-HUGHES DAY SCHEDULED FOR APRIL 17

Some 2500 high school students have signed up for the 22nd annual Smith-Hughes judging contest for future farmers which will be held at A. & M. on April 17, breaking all previous records for attendance at the contest.

Ten different judging contests will be open for the boys to enter this year to compete for number of prizes including both individual and team awards for each contest.

The judging contests to be offered will be on livestock, dairy animals, crops, soil conservation, horticulture, cotton classing, entomology, wild game, poultry, and farm shop.

The winners of the livestock, dairy, and poultry judging contests will be eligible to enter the national contest which will be held during the American Royal Livestock Show at Kansas City, Mo., next October. All winners will be classed as state champions in their respective divisions and will be given awards both to high point teams and individuals.

The boys will arrive Sunday afternoon and will spend the night at Kyle field so as to be present for the early opening of the contests Monday morning which will have to be extended over the entire day in order to accommodate the large number of students which will be present.

A large number of the teams will be area winners from the ten Future Farmer areas of Texas; the contests will be of a stiffer competition than any of the past affairs.

6,600 STUDENTS EXPECTED FOR '39-'40 TERM

In an estimate of enrollment for the session of 1939-40, E. J. Howell, Registrar, states that he expects a total enrollment of 6,600 for the whole year with an initial enrollment in September of 6,800.

The accuracy of Registrar Howell's estimations have been supported by past statistics. On April 1, 1938, he estimated 5,700 enrollees for the '38-'39 term. The enrollment turned out to exceed his estimation by only 160.

Dividing his estimate into classes, there are 200 graduate students, 48 fifth year students, 920 seniors, 1,208 junior students, 1,109 sophomores, 2,800 freshmen and 16 special students expected to attend. It is believed that the enrollment in September will follow those figures closely.

Exhibit of Baker Oil Tools Equipment Here Wednesday

According to Harold Vance, head of the Petroleum Engineering department, Baker Oil Tools Incorporated will have an exhibit of equipment which they manufacture on display and demonstration in front of the Petroleum building Wednesday from 8:30 a. m. to 5 p. m.

The Baker company also contributed to the senior petroleum engineering contest fund which was an award of \$35 to the two best papers written by seniors petroleum engineers on "Oil Well Cementing Equipment".

Biology Club Shows Educational Films For Public Tonight

Tonight at 7 the Biology Club, meeting in the lecture room of the Animal Industries Building, is sponsoring the presentation for the public of a number of new biological films, of late release from the University of Chicago, which have been popularized to be of general interest.

The pictures will be shown on modern sound projection equipment by a representative of the Texas Visual Education Company, agents for Erpi Films, Inc. All visitors are welcomed.

ELECTRICAL ENGINEERS TO MAKE INSPECTION

Friday after spring holidays the senior electrical engineers will make their annual inspection trip. This year the trip will cover the hydro-electric plants on the Colorado River, as follows: Marshall Ford Dam, twenty miles from Austin; Ink and Buchanan Dams, thirty miles from Burnet.

The students will leave Friday afternoon and will spend Saturday and Sunday at the three plants. M. C. Hughes and N. F. Rode of the Electrical Engineering Department will accompany the party.

In conjunction with the inspection trip the electrical engineering students will attend the Southwest District meeting of the A. I. E. E. to be held in Houston on April 17, 18, 19. The district covers the states of Arkansas, Texas, Kansas, Missouri, New Mexico, and Oklahoma.

TSCHAIKOWSKY'S FIFTH symphony is the musical favorite of University of Minnesota students.

CAPITAL UNIVERSITY students stage an annual "Pay Your Debt Day" on which they settle their financial obligations.

FIRE SATURDAY IN BASEMENT OF AG BUILDING

College Station's Fire Department was called out at 4:30 p. m. Saturday afternoon to put out a fire in the basement of the Agriculture building. The fire was caused by the combustion of carbon bisulphide fumes. Paul Mebane, Agronomy senior, was in the room at the time, but managed to get out unscathed, suffering a "singeing".

According to R. C. Potts, the Agronomy Department suffered an estimated loss of around \$250. Most of this loss was accounted to the destruction of numerous bins of grain classified as to type.

The fire started when carbon bisulphide fumes exploded. The explosion blew out the only window in the room and set fire to the grain. Carbon bisulphide is used as treatment to eradicate weavels. Mebane said he didn't know what caused the fumes to explode, but that he saw the fire in time to get out before the explosion occurred.
