## New Committee Is Now Functioning, Says Dean Bolton

A Student Election Committee the membership of which was suggested by the Student Welfare Committee last night may be considered as functioning, and any protests which may arise either from the Junior Class Election of yesterday and the General Election of Monday may be filed with it, Dean Bolton said today.

Members of the committee are the Cadet Colonel, chairman, the senior president, the vice presidents of the four classes, the Registrar and the manager of student publications.  
 Formation of a Student Election Committee to supervise elections and hear appeals, carried out thru the Student Publications Board, met with wholehearted approval from the Student Welfare Committee in its Wednesday night meeting.

At the meeting, Prof. C. M. Crawford of the Mechanical Engineering Department spoke for exemptions from final exams for students with high scholastic ratings, for national scholarship societies, and against the stratification in classes now in evidence here.
