Tracksters To Be in Kansas Relays

The Aggies, holding to second place in the conference baseball race, are through with conference competition for the week and are playing the Baytown Oilers in Baytown today and tomorrow.

They trimmed the Baylor Bears in Waco Tuesday afternoon when Ralph Lindsey beat Tommy Fine 4 to 0. Fine struck out 15 of the Aggies while Lindsey was whiffing only 4.

The Cadets have only two more games with T. C. U. and three with Texas left on the conference list this season. Their chance at the title is washed up and from now on they will be trying for second place. There is only a slight chance for them to take the flag and it appears to be too slight.

Golf matches between the Aggies and Texas take place today, the tennis team plays in Waco tomorrow and the tracksters will run in Lawrence Kansas tomorrow. Also tomorrow there will be many guys getting over the Cotton Ball that is to take place tonight. Oh yes, there is a review for the governor this afternoon.

The mile relay team that is in Kansas has run the mile in faster time this year than any other Aggie team ever made.

Coach Norton has got a novel contraption to use in passing practice. It is a hoop with a web in it that slides along on a wire. The object is for the passer to hit the hoop as it slides along the wire.

This should give the passer lots of practice at judging and aiming at a moving target.

It looks like Ralph Lindsey is the most consistent pitcher of the Aggie lot. Peden has also pitched some great ball for the Cadets this season.

Uncle Billy Disch, the old gentleman that holds the reins of the Texas baseball team, is having pitcher trouble right now. His ace is suffering with a sore side and his number two hurler is out with a broken jaw. Oh well, he probably has a list of good hurlers as long as a piece of string.

Aggies Trim Baylor 4 to 0 In Waco Tuesday

With Ralph Lindsey pitching six hit shutout ball the Aggies trimmed Tommy Fine and Baylor 4 to 0 in Waco Tuesday afternoon to make it three straight wins over the Bruins.

Lindsey was never in trouble after the third frame when the Bears put together two hits to get a man on second and third. No Bruin crossed the pay station and Baylor's only real scoring chance was lost.

In the first inning Alsbrook hit a clean bingle and went to third on a single by Nolan. Fine walked Stone to fill the sacks; and when he failed to touch first base after fielding Jeffrey's slow roller, both Alsbrook and Nolan scored.

In the fourth, the Aggies scored twice more to end the tallying for the day. Lindsey started the inning with a walk, went to second on a single by Alsbrook and advanced to third on an error by Bryce. Both men scored when Nolen lifted a long triple out to the right field wall.

Eight Aggies Kansas Bound For Track Meet

"Kansas bound!" said track coach "Dough" Rollins as he threw his new Oldsmobile into low gear and gave her the gas Wednesday afternoon, and with that the Aggie contingent of eight track men, Rollins and Lil Dittmann tore off for Lawrence, Kansas, where they will take part in the annual Kansas Relays tomorrow.

Performers making the trip include co-captain Ralph Moser, Henry Dittman, Ed Dreiss, "Red" Cecil, Jerry Faubion, John McLean, Bob Schiller and Harvey Storms.

With these men the Aggies will have possible entries in the 100, 220, 440, 880, 440 relay and mile relay, 120 and 220 hurdles, high jump, broad jump, pole vault, and discus. However, it is not likely that Dreiss will take part in the vault.

The sprint relay team probably will consist of Dittman, Cecil, Schiller and McLean, and the mile relay team of Moser, Storms, McLean and Dittman or Schiller. Moser will run the 440 and Cecil the 100 and 220 and also the broad jump. Dreiss will take part in both hurdles and the high jump. Storms and possible McLean will run in the 880 and Faubion will toss the discus.

Aggie Fish Will Play High School Nine Here Tomorrow

The Aggie Fish will play the Wilmer Hutchins high school baseball nine here tomorrow afternoon starting at 2:30 on Kyle Field.

Coach Manning Smith has announced that Charlie Stevenson will do the hurling for the first year Cadets.

The freshmen have played two games this season, winning from Gatesville high school and losing to the Texas freshmen here Tuesday afternoon by a score of 10 to 7.

In the two games Stevenson has whiffed 18 batters, 15 in the first game.

For the freshmen, Bowdre is holding down second base and is the lead-off man. Stevenson is batting in number two spot. Ross is playing center and batting third. Polanovich is in right and batting cleanup, "Bama" Smith is doing the receiving and batting fifth. Bill Henderson is taking care of the initial sack and hitting in the number six slot. Cullen Rogers is holding down left field and batting seventh. Ballow is on short and Adams on third.

The game will start at 2:30 with the gates being thrown open to all.

Aggie Water Polo Champs To Battle Longhorns

Coach Art Adamson has spent a busy week getting his national champion water-polo players in top shape for their game with Texas University in Temple tomorrow night.

The Steers boast some of the best swimmers in the nation and they planned on doing their best to upset the favored Aggie aggregation.

These two teams have met once before this year with the Cadets giving the Steers a sound licking. Their team is composed of the best water polo players that can be found at the University, including coaches. Some of the members of the Orange and Yellow team have played through college and for athletic clubs on the West Coast. Adamson is well pleased with the showing of his boys during their practice sessions this week and is confident that they will be able to take the Steers into camp. The Aggie players making the jaunt are Nordhaus, Hensley, Spangh, Hall, Couch, Armstrong, Johnson, Denny and "Ponto" (spelled Ponthieux).

A nation-wide campaign to recruit college and university students for training as pilots of the 3,000 new war planes recently authorized by congress has been launched by the army air corps. To enroll prospective June graduates as training students at army training fields, five board of officers have been named to tour the nation's campuses.

Texas Yearlings Defeat Aggie Fish 10 to 8 in Ball Game Tuesday

The Texas Yearlings trimmed the Aggies fish here Tuesday afternoon by a score of 10 to 7 in a game that saw 23 hits, 12 of them for extra bases, produced. Nine of the licks were good for two bases, one for three and two for the circuit.

Stevenson, who twirled the entire game for the fish, allowed two runs to cross the platter in the first frame. Two more were chased across in the second and six in the fourth. The fish got three in the second, three in the fifth and one in the ninth. The fish were out 14 to 9.

Smith and Henderson were the only two fish to get more than one hit. Smith got a single and a double while Henderson hit a triple and a homer for a total of seven bases.

Bill Gossett did the hurling for the Yearlings and whiffed 11. He set the fish down in 1-2-3 order in the first frame on strikes.

In the fifth inning the fish got three runs and four hits. Henderson poled a homer, Martin doubled, Stevenson and Adams singled. Gossett also walked three men in this frame.

Game Manager Tells Conservation Idea To Fish & Game Club

A new idea in game management was presented by William H. Kellog before the weekly meeting of the Fish and Game Club Monday night. Kellog is working on a program management in the national forest of Walker and Montgomery counties. Although the actual program is still in its preliminary stages, Kellog thinks that there are excellent possibilities of such a set-up. The private land-owners within the forest boundaries are very desirous of such a program and for the most part are lending their full cooperation. The program in its entirety will unite the cooperation of the National Forest Service, the Texas Game, Fish and Oyster Commission, the Agricultural Experiment Station, the Texas Cooperative Wildlife Research Unit, and the Extension Service. Game species formerly abundant in the area but now extinct there, are to be reintroduced, while those still there are to be protected and managed so that a harvestable surplus will allow public hunting in the future. The program is directed not only toward the game birds and mammals, but also toward the fur-bearing.

Next Monday evening at 7 p. m.,

Longhorns Play Frogs In Austin Tomorrow

Uncle Billy Disch's Texas Longhorns will attempt to lengthen their Southwest Conference baseball lead at Austin tomorrow with another victory over the Texas Christian Horned Frogs. The Steers smacked the Frogs twice at Fort Worth last week.

Another game is near with a team that Texas has defeated twice—the Rice Owls go to Austin next Monday to complete their '39 Texas series.

A fortnight ago the threatened loss of Melvin Deutsch would have sent Coach Disch scurrying frantically in search of pitchers. However, the Longhorns' recent North Texas trip uncovered several possibilities—among them Charley Still, a cautious, clever right-hander; Bob Meitzen, slender sophomore with a lot of steam, and Udell More, proficient with the "sinker ball" that carried his dad, Wilcy Moore, to organized baseball fame.

With young Dave Rodriguez about to conquer a blistered pitching finger, Coach Disch will have his choice of these promising although inexperienced flingers for the T. C. U. and Rice games.

Deutch, ace of the staff, suffered an appendicitis attack last week.

Daniel W. Lay, former graduate assistant in the Wild Game Department, now connected with the Texas Game, Fish, and Oyster Commission, will speak on the duties of a game manager with emphasis on training and qualifications.
