

**ON  
KYLE FIELD**

BY E. C. "JEEP" OATERS  
Battalion Sports Editor

The Aggie pistol team is just about to wind up their year. In their inter-collegiate matches they have been beaten only by Purdue. Their latest victory was 1396 to 1250 over Santa Clara.

A polo match between the Aggie riders and New Mexico that was scheduled for Sunday has been called off.

Bruce Laver, sports editor and radio commentator, is a representative for this section of the country to select the best athlete for a cup to be given to the best athlete in the country. He would like to have nominations for this man. He can be written at the Houston Post, Houston, Texas.

No doubt there will be a real brawl when the Aggies and Steers get together in Austin tomorrow afternoon. Both teams will let go with both barrels. The Aggies will

# Aggies Tangle Steers Tomorrow

be fighting to overtake the Steers and the Texas team will be fighting to stay undefeated.

We have noticed that Joe Routh, the twice \*All-American Aggie guard, has given up his job with an oil company to give professional boxing a fling.

He will fight his first match at the Benbow Olympiad in Houston Tuesday night.

Joe was always a rough and ready man while in college. He held the boxing title here until he gave it up. He set out to be known as the "toughest man in Texas" during his last year here and really gleaned the title.

We are sorry to see Joe go into this business. He is 23 years old and that is too old for a man to start into the fight game. If he doesn't go over in a big way we hope to see him quit before he turns out to be just a pug. As it is, Joe is a wide awake and educated fellow who can go over well in the business world.

## Ball Game Will Also Be Contest Between Coaches

Tomorrow afternoon the Aggie and Texas baseball teams will tangle in their first of five engagements of the year, three of which are conference games, at Austin, but besides this baseball fray there will be two coaches getting together for a show that will be work for them but just a lot of laughs for the fans. These two coaches will be "the grand old man" Billy Disch and "charging" Marty Karow, the Aggie mentor.

Disch is the type of coach that pitches every ball for his club with his handy scorecard. Karow is the type of coach who doesn't give an inch and the type that will come charging out of the dugout if there is a close decision that goes against his boys.

Marty will sit on the bench and twist his cap, pick up dirt and toss it against the ground in disgust, and get up and pace the ground.

Either Walter Bass or Ralph Lindsey will draw the starting assignment on the mound for the Cadets and will be opposed by Melvin Deutsch, the ace of the Texas staff. Deutsch has not lost a single contest this season.

The Aggies will have to silence the big guns of Bog Moers, Charlie Haas, Evans, Hill and Phiel if they expect to win. These sluggers have carried the Steers to lopsided victories over every club they have met in the conference this season.

The Steers have eight victories and no defeats and the Aggies are in second place with six wins and four losses.

Princeton University is organizing a corps of students to travel through five states lecturing on public affairs.

Phi Alpha fraternity has banned the use of paddles on freshmen in all of its 34 chapters.

Brown University will award King George VI of England an honorary degree when he visits the U. S. this summer.

Monday the Rice Owls come here for their last fray with the Cadets. In their previous two games these teams have swapped out.

Marion Pugh has been slapping the ball to all corners of the lot for the Karowmen lately. He seems to be a fixture in the outfield for the rest of the season. Dave Alsbrook has been knocking the ball around of late also.

## TRACKSTERS GET IN SHAPE FOR BIG INTRAMURAL MEET SUNDAY

The cinder track on Kyle Field has been kept pretty hot the past few days with the intramural meet scheduled for Sunday afternoon at 2 o'clock. Many boys have been losing those extra pounds, loosening the joints, and seeing just what they can expect to do. Some of the organizations have been holding eliminations and many good entries have been noticed by bystanders and members of the track team.

This year's meet will probably be one of the best ever to have been held. A few changes have been made in the rules and the method of running the events has been revised.

The meet will begin promptly at two and all contestants and officials are due at 1:45. From 2 until 3:30 the Class A track events and Class B field events will be held. At 3:30, the Class B track events and Class A field events will begin.

Contestants in field events may take their tries any time during the time scheduled except in the high jump event, in which case they must keep up with the rise of the bar.

Contestants will be limited to two track entries but may enter any number of field events. Events in order of occurrence are 100 yard dash, 120 low hurdles, 440 shuttle relay, broad jump, high jump, shot put, and javelin throw.

Last year's meet ended with B Engineers holding top place in the Class A division and 2nd Combat Train of the Field Artillery claiming the honors in Class B. Many of the winners in last year's meet will return to the track and field to reclaim their titles and to try for more honors.

G Infantry captured the League C title Tuesday by defeating D Field Artillery, 15-4. The Infantry boys seem to be pretty serious about the title but will enter the play-off with one tie along with five wins. Bob Nsah, pitcher for the Infantry boys, also led the game in scoring, by marking up four runs.

John Larson led A Field off with the Class A League B championship this week by turning down A Coast Artillery with a tune of 24-0. Larson struck out seven men. Keen competition has been seen in League A of the upper class-

men's bracket in softball. Records now show C Field Artillery and D Cavalry tied for top place. One game remains to be played in the league and leaves possibilities for another team to tie for the honors. A Engineers has yet to play F Infantry and now stands with four wins and one tie. A win for the Engineers would tie up the three teams with five wins and one tie.

C Infantry sent out its annual warning to all who might be concerned that they will be back fighting to retain the Class A softball title for the third consecutive year. Last week the defenders won their 24th straight game.

Two league champions have been determined in the Class B softball calendar. These teams are A and B of the Field Artillery.

## AGGIES IN 4-WAY TRACK MEET AT T. C. U. TOMORROW

Coach "Dough" Rollins left today with his track team for Fort Worth where they will meet Baylor, S. M. U., and T. C. U. tomorrow in a quadrangular meet.

Rollins took with him some 20 men and felt confident that the Aggies will be the top team in the meet when the smoke clears.

The men making the trip and the events they will enter are Cecil, Shiler and Todd for the 100 dash; Cecil, Schiller and Moser in the 220; Dittman, McLean and Moser in the 440; Storms and McLean in the 880; Cecil, Moser, Todd, and Schiller in the sprint relay; Storms, Moser, Dittman and McLean in the mile relay; Hogan and Hall in the mile run; Strother in the two mile; Dillon, Dreiss and Hargrove in the hurdles; Kissinger and Dreiss in the pole vault; Dreiss, Conster and Cornes in the high jump; Todd and Cecil in the broad jump; Faubian and Schroeder in the discus; Schroeder, Thomason and Pannell in the shot; and Potthast, Smith and Robnett in the javelin.

The team was hurt some when Ed Dreiss, top Aggie point-maker, hurt his knee in practice this week.

## BEARS MEET T. C. U., S. M. U. OVER WEEK END

The Baylor Bears will make their north Texas swing in the Southwest conference baseball chase this weekend when they meet the S.M.U. Mustangs in Dallas Friday and then move over to Fort Worth for a single game with T.C.U. Saturday.

The Bruins made a great comeback last week to sweep both of their games with the Rice Owls by big margins in both tilts and if they can get both of their games this week, the Baylor nine will have a good chance to nose out the Texas Aggies for the runner-up spot in the conference standings.

Every member of the Baylor pitching staff is ready to go and Coach Morley Jennings will more than likely start Tommy Fine, ace Bear hurler against the Mustangs and then follow up with either Sherman Barnes, Franklin Golden or Bobby Roberts against the Frogs.

Jimmy Witt, Baylor shortstop banged out seven hits in 15 trips to the plate last week to boost his batting average to a .415 clip and take over the individual hitting honors for the Bruin nine.

Red Bolger, Bear outfielder, also

## PISTOL TEAM TO COMPETE IN AUSTIN SATURDAY

Capt. Phil Enslow will take his top-ranking pistol team to Austin tomorrow where they will shoot against the Department of Public Safety team.

The following Saturday he will take the team to Houston where they will fire in the Bayou Rifle Invitation meet.

Two weeks ago the Aggies fired a shoulder to shoulder match with the Bayou Rifles and the Public Safety team and finished second. The Bayou Rifles won with a score of 1294, the Aggies were second with 1295, and the Public Safety team was third with 1294.

In Houston the Cadets will fire against some of the best teams in the South in Bayou Rifles and the Customs officers of Galveston.

The best of the Aggie shooters are Bob and Gene Shiels, L. C. Kennemer, C. A. Lewis and W. A. Becker.

Utes, a sophomore men's honorary organization at Butler University, is now branching out into a national organization and is seeking chapters on other campuses.

continued his heavy stickwork, getting six out of eleven, to pick up 62 points and stay on the heels of Witt with a .408 average.

Lonnie Kemp, Bruin second baseman also advanced with his consistent hitting to pull up with an even .400 mark while Jack Lummus, last week's leader dropped to fourth place with his .351.

The conference batting averages for the entire team besides the first four leaders is as follows: Terry, 3b., .280; Bryce, c., .267; Haley, 1b., .200; Roberts, p., .333; Golden, p., .500; Barnes, p., .314; and Fine, p., .333.
