

'Texas Can't Exist Without Free Trade,' Says Landrum to Club Here

"I do not see how Texas can exist for long without free trade," said Lynn Landrum, Dallas News columnist, before a meeting of the Economics Club in the mess hall parlor Wednesday night.

The former editorial writer for the old Dallas Journal represented a News policy of long standing in upholding free trade.

"The Erosion of Economics in the Flood of Politics" was the topic for Mr. Landrum's address, in the course of which he stated his belief that politics is undermining economic principles among the nation as a whole.

Purposely ignoring the concept of Jefferson—"the greatest good for the greatest number"—in his speech, Mr. Landrum criticized the present administration for its spending policy.

"The attitude toward taxation in politics—which is no more than the art of getting elected—is to take from one person because he has more than I think he should have and to give to another because he doesn't have what I think he should have," he said.

Confronted during the forum following his speech with a discussion of the "ability to pay" principle of taxation, he said that the principle is a good one but that it must be used within limits because of the danger of stifling enterprise.

Anti-New Deal in his outlook since immediately following the 1936 election, Mr. Landrum employed cynical barbs throughout the

evening in discussing the government.

"Planned economy" also was criticized by Mr. Landrum on the grounds that long-term planning cannot work in a system of free enterprise.

He was introduced by Roy Caldwell. His speech closed the activities of the club for this session.

AIR CORPS

Continued from page 1)

\$75 a month while undergoing training, a ration allowance of \$1 a day, and are quartered in cadet barracks at no expense to them. A distinctive uniform and necessary flying equipment are also furnished.

Upon graduation from the training center, a cadet is commissioned as a second lieutenant in the Air Corps Reserve, and ordered immediately to active duty with a Regular Army Air Corps Unit. He draws the same pay as a Regular Army Air Corps officer and may remain on active duty for a period of from three to five years. It is believed that even a longer period of active duty may soon be authorized. After three years of satisfactory service as a second lieutenant, an officer may be promoted to the grade of first lieutenant and serve the remainder of the five-year period in that grade which carries a substantial salary increase.

The Air Corps expansion program calls for more than 3,000 regular Air Corps officers. It is proposed gradually to expand to that number over a period of several years, with increments as great as 300 per year. Only Air Corps Training Center graduates are eligible for a commission in the Regular Army and the increments will be composed largely of former flying cadets who have become Air Corps Reserve Officers and have proved their suitability for Regular Army commissions during their period of active duty.

A man does not have to be enrolled in the R. O. T. C. to take advantage of this opportunity. Any student of this college, graduate or undergraduate, and any former student, is eligible to make the necessary application for enrollment, provided the applicant is of excellent character and sound physique, is in excellent health, and within the prescribed age limits. For complete information students may read the bulletin boards in the Academic Building, call at the office of the P. M. S. & T., or write the Commanding General, Eighth Corps Areas, Fort Sam Houston, Texas, or any agency of the War Department.

Faculty Final Dance Is Slated For Saturday Night

The Faculty Final Dance, the last social event to be given by the Faculty Dance Club this year, will take place tomorrow night from 9 until 12 in the banquet room of Sbis Hall. Music will be furnished by Tommy Littlejohn and his Aggrieland Orchestra.

The Dance Club, organized several years ago to promote the social life of members of the teaching staff, executive staff and extension staff of the college, is the only organization of its kind shared by the entire faculty of A. & M. This year has been by far the most successful ever experienced by the club, financially as well as socially. Officers for next year, a president and secretary, will be elected at the dance.

FENCERS TO HONOR COACH ROBERTS

Captain T. D. Roberts of the Cavalry will be honored by the fencing team at their annual banquet tonight at the Echo Tea Room. The fencing team will bring their season to an official close by giving the recommendations of eligible men for minor "T" awards. A farewell address will be made by Captain Roberts and each of the team members will speak for a few minutes. Capt. Roberts has been the fencing coach for the last two years and has helped to improve the team greatly. He leaves at the close of the school year by transfer of duty.

Last year the team carried off the championship in the foil division in the Southwest Fencing League and placed second in the Conference Meet. With a successful season behind them, the team captured the titles in foil, sabre, and epee competition in the league and first place in the conference foil matches. The team won all meets which it entered except the International Meet held in New Orleans in connection with the Mardi Gras.

The team will be under new coaching next year and will have at its head a new captain due to the graduation of the present team captain, Alvin Goodstein. The team captain will be elected at the banquet and trophies won during the past season will be displayed.

Oates Now Associate For College Magazine

E. C. "Jeep" Oates, sports editor of The Battalion, has been appointed editorial associate from A. & M. for "College Years", a national intercollegiate magazine.

This magazine is a monthly publication reflecting the college scenes of America.

DEBATERS

Continued from page 1)

Club, and others, comprised the attendance at the banquet.

The following students qualified for the honor rolls of the contests:

Freshmen in the finals of the Mathematics Contest—Jabus Barker, F. S. Bird, H. T. Chang, E. H. Copeland, W. G. Domaschk, Erwin G. Doughty, D. D. Echols, E. F. Foutz, Carroll M. Gaines, J. W. Gibbs, Jack Hall, Bradford Hardie, W. H. Harshey, M. D. Havlik, Thomas K. Hill, Roger C. Hill, F. R. Jones, Ransom D. Kenny, Gerald R. King, J. L. Lamberson, Alton J. Landua, Alfred L. Lea, M. A. Miller, Robert E. Morse, Rufus B. Pearce, Usto Francis Schulz, James M. Sinex, L. R. Smith, C. C. Sprinkle, and J. G. Walvoord.

Sophomores in the finals of the Math Contest—A. P. Bolding, B. D. Brundige, Joe Hilman Cain, K. W. Dahl, S. F. Fenner, J. P. Giles Jr., L. H. Grashoff, G. C. Hardin, V. A. Kline, R. Littlefield, Frank A. Loving, W. J. Montgomery, P. J. Ortiz, David Phillips, Phil Potts, G. H. Reynolds, N. H. Snyder, Harold G. Talbot, Eldred B. Wheeler, and J. K. Winsor.

Freshmen in the Francis Marion Law English Contest—Warren B. Adams, Arnold E. Boehmer, E. H. Copeland, Paul O. Enger, Oscar D. Ferris, George D. Gabriel, Robert L. Gully, Bradford Hardie, William E. Hensley, Roger C. Hill, M. L. Howard, Alton J. Landua, Louis A. Larrey, Robert E. Morse, Rufus B. Pearce, Henry M. Rollins, Alton W. Sissom, and Rafael S. Urdaneta.

Sophomores in the William Morris English Contest—E. W. Bisset, B. D. Brundige, Joe Hilman Cain, A. L. Christian, C. B. Christian, George D. DeArmond, J. P. Giles Jr., Harold L. Hausman, W. M. Hunter, B. S. Hutchins, Clyde A. Lilly Jr., Frank A. Loving, Robert A. Lynch, Alvin M. Martin, C. R. Matchett, Robert E. Nisbet, William M. Oliver, Frank Phelan, Harold G. Talbot, Robert G. Tonkin, Ernest L. Wehner, and Eldred B. Wheeler.

Official Notices

ALL THOSE WHO ARE CONSIDERING taking Entomology 301 and 302 (Systematic Entomology) next year are asked to meet in the Entomology Lecture Room, Science Building, Friday, May 19, at 7 p. m. Dr. H. G. Johnston will discuss and illustrate methods of collecting and mounting material taken during the summer. All others interested in methods of collecting and preserving insect specimens are invited to attend.

LUTHERAN SERVICES WILL be held Sunday at 7:15 p. m. in the Y parlor. Everyone is cordially invited.

CONFIRMATION SERVICES will be held at St. Thomas Chapel Sunday at 11 a. m., with Bishop Quinn of Houston presiding. Sunday afternoon at 3:30 a reception will be given the Bishop.

LOST—Bill-fold containing about three dollars, several receipts and a Kentucky driver's license. If found, leave notice in day-students' bulletin.—Samuel Ernest Hancock, Jr.

LOST: Mannheim slide rule in leather case in or near the library, glass broken. See S. J. Baldwin.

LOST: Lady's Elgin wrist watch, sometime this past week end. Reward for return to Kennerly, 98 Puryear, or for information leading to return.

South E. bedroom, next to bath; at new home, College Hills Estates, 221 Milner, Tel. College 905 or Bryan 354J. Available June 1st.

LOST: Pair of gold rimmed glasses in blue Texas Centennial case, last Friday between the M. E. shops and Law Hall. Name H. M. Anderson is in case. Double usual reward for return to 55 Law.

Sunday Morning, Bible classes, worship and communion, beginning at 10 o'clock.
Sunday evening: The Evening Worship begins at 7 o'clock.

Seeing is Believing!
HERE'S AN INTERESTING CIGARETTE COMPARISON... See how it's made by college student Bob Hendrickson
SMOKERS all over the country are learning what Robert S. Hendrickson, Jr. (right) is showing a group of classmates. It's a striking way to compare cigarettes by simply watching them burn! Bob is testing the leading brands to find the one that burns slowest! Which brand won? C-A-M-E-L... by a wide margin! The reason? Costlier tobaccos, expertly blended in a cigarette that burns slowly, completely—smokes cooler, of course!
Recently, a group of scientists ran this interesting laboratory test on a bigger scale. 16 of the largest-selling cigarette brands were rated impartially. CAMELS BURNED SLOWER THAN ANY OTHER BRAND TESTED—25% SLOWER THAN THE AVERAGE TIME FOR THE OTHER BRANDS. (Camels were remarkably consistent.) IN THE SAME TEST, CAMELS HELD THEIR ASH FAR LONGER THAN THE AVERAGE TIME FOR ALL THE OTHER BRANDS.
Camel is the cigarette of costlier tobaccos... cool, mellow, appealing in taste, so uniformly delightful!

Smoking is Believing!
WHEN you've enjoyed the thrill of a mellow, ripe-tasting Camel, you'll know that NOTHING can take the place of costlier tobaccos! What a pleasure it is to get set with a cigarette that is really mild—a matchless blend, made to give you all the enjoyment in smoking. Camels have more tobacco by weight than the average of the 15 other brands tested. Besides, Camels burn slower than any of those other brands. And by burning 25% slower than the average of the 15 other of the largest-selling brands, Camels give you the equivalent of 5 extra smokes per pack!
Camels give you even more for your money when you count in Camel's finer, more expensive tobaccos. Buy shrewdly! Buy Camels... America's first choice for a luxury smoke every smoker can afford!

"Look how slowly the Camel burns compared to the other brands," Hendrickson points out. Everyone agrees that Camels win hands down. "No wonder Camels smoke so cool and mild," Bob adds. "And that must have a lot to do with why Camels have such an appealing taste!"

Camel's slower burning (compared to the average time of the 15 other brands tested) gives you the equivalent of 5 extra smokes per pack! You economize while enjoying smoking pleasure at its best!
