

Twilight League Begins 2nd Round As Pharmacies and Inn Win Openers

By A. C. "Jeep" Oates

Lipscomb Pharmacy, College Inn, and Aggie Cleaners jumped into the lead of the second round of the Twilight League Tuesday when they defeated Campus Laundry, Campus Cleaners and Aggie Cleaners respectively.

AGGIELAND OVER AGGIE CLEANERS

Aggie Cleaners, with a new bunch of players, gave the Aggie Cleaners a run for their money, although the Cleaners cleaned only two hits during the seven innings.

Aggie Cleaners jumped into the lead in the second frame when Harbison walked and then scored after a couple of miscues. The Cleaners came back in the third to score six tallies. This completed the Cleaners scoring and the Pharmacy team tallied two in the third, one in the fourth, three in the fifth, and two more in the sixth.

Elwell and Huebel hit for the circuit for the Pharmacy lads. The cleaners were gutbit two to eight as they lost six to nine. Moncrief was the winning pitcher for the Aggie Cleaners and whiffed six of the opponents.

LIPSCOMB PHARMACY WINS

Lipscomb Pharmacy and Campus Laundry battled back and forth until Lipscomb scored four in the six to win 9 to 6. LePage pitched for Lipscomb and allowed ten hits and six tallies. Bullock twirled for the losers and allowed 14 bingles. Rob Adams furnished the heavy stickwork for the winners. He was credited with three hits. One of them went for four bases with three men on when his clean hit got away from the center fielder. Ayers was the big noise for the losers. He got three hits and a walk, out of four appearances.

The Lipscomb group is now being managed by Merton "Red" Austin, and he has gotten a formidable team together.

Lipscomb and the Laundry each tallied a couple in the first frame. Lipscomb came back with one in the second to take the lead. The third was scoreless, as was the fourth. In the sixth Lipscomb tallied four. The Laundry came back with a couple in the seventh, but they were three short to tie the score.

COLLEGE INN TOPS

Mercur's College Inn also won, with Chip Rott leading the way with three hits and three runs. Two of his hits were good for four bases. For College Inn it was six hits and ten runs. For Campus Cleaners it was four hits and three tallies.

Campus Cleaners picked up a run in the third after the Inners

"Boy, can that guy take it!"

Summer Sports

With Hub Johnson

Winding up another week, we find a good number of incidents worth mentioning. So folks if you don't believe it just ask the guy that did it.

Eddie Johnson and "Nicky" Ponthieux returned from Dallas last week with a couple of medals to add to their collection. Eddie broke two records and won three second places while "Nicky" content with carrying off one second place. Johnson broke the Southwest A. A. U. 100-yard back-stroke record and the individual medley record. He carried second places in the senior classes of the 100-yard back, individual medley, and 400-yard freestyle. Ponthieux won his second place in the 100-yard breast-stroke.

A number of tennis fiends have been asking for a tennis tournament; so with the help of all the players one will be organized in the 'Y' lobby Wednesday night at 8 o'clock.

The Championship A. A. U. flag went over the New York World Fair Tuesday as the ten champions to tour Europe for the various meets went through a public vox-pop. Among them was the well known North Texas State Teachers College star, Blane Rideout.

The softball tournament is half over now or nearly so. With only six teams in the league this semester, the end will come soon, but an all-star game will probably be played with the Bryan boys. College Inn started out better this half than they did the last by turning down the Campus Cleaners, a team composed now of most of Aggie Cleaner's old players.

Aggie Cleaners downed a bunch of boys who decided only Tuesday that they would like to try their hand in stopping the rest. Jack Fugate and Len Glaser led these boys and before it's all over, they ought to deal some of the rest quite a bit of misery.

Lipscomb Pharmacy, now under the leadership of Merton Austin, started the second half similar to the way they did the last, by turning under the first ones. They downed the Laundry in a pretty good game.

Dave O'Brien will play the old game again. With a vote of 1,204-516, the largest any individual player has ever drawn, he was selected to fill the quarterback position on the All-American team to play the New York Giants on Soldier's Field August 30.

Langdale twirled for the winners and Holland pitched for the losers. Games are being played every Tuesday and Thursday evenings. Game time is 5:45 p. m.

More students ask every day why some one doesn't stage a swimming meet during the summer. If you think it can be done, talk it up a bit more and it might happen, who knows?

We did a little snoopin' this week but not much, just enough to find four prospective pitchers on the Aggie Cleaners team to handle five games. . . Paul Dillon coming from old Camp Bullis to inhabit the cool refreshing pool quite a bit. . . Tommy Sherman golfing on the Bryan Club Course pretty regular. . . Betty Jane Winkler possessing a sore shoulder from learning the proper swing in driving. . . Fred Richmond, leading pitcher last season, arriving home about 3 o'clock in the evening and pitching a championship game for his home town team that night. . . Florence Hollingshead around the pool in a blue suit rather than the one with Ferdinand's flowers. . . Edith Thomas winning a free game on the Put-It-In course in Bryan this past week. . . Sunny Campbell losing his Aggie-Cleaners team but taking up bowling already the same as Margaret Ann Williams. . . A good number of boys limbering up at nights on the old State Highway Number 6. . . Jimmie Giles claiming a tennis court just about every evening. . . "Satch" Elkins' softball team, Seaboard Life, not entering the league this time. . . Satch is on vacation.

The softball tournament is half over now or nearly so. With only six teams in the league this semester, the end will come soon, but an all-star game will probably be played with the Bryan boys. College Inn started out better this half than they did the last by turning down the Campus Cleaners, a team composed now of most of Aggie Cleaner's old players.

SWIMMING POOL, HOSPITAL, AND LIBRARY HOURS

Many students have been in doubt as to the hours during which the college library, the swimming pool and the hospital are open. For the convenience of the faculty and the student body these hours are hereby printed in full.

Library:
Monday through Friday—8 a. m. to 10 p. m.
Saturday—8 a. m. to 12 noon.
Sunday 7 p. m. to 10 p. m.
Swimming pool:
Monday through Saturday—12 noon to 2 p. m. and 3 p. m. to 6 p. m. and 7 p. m. to 9 p. m.

Hospital and swimming pool hours are the same as they were last semester, and library hours remain the same with one important exception. Due to the demand for additional hours over the weekend, the library is being kept open Sunday nights from 7 to 10.

H. P. SMITH OF THE AGRICULTURAL Experiment Station at College Station spoke on mechanical harvesting at the regular luncheon of the Lions Club Tuesday. He explained the problems of cotton picking of harvesting crops with machinery. In his talk he told of the types of cotton on which the machinery may be used. He said that an attempt is now being made to grow cotton which can be picked by the machinery, rather than making machinery to pick any type of cotton.

Coach Added to Football Staff

Faulkner To Coach Here

Contract Awaits Decision of Board And Athletic Council

According to George White's "Sports Broadcast" in Wednesday's Dallas Morning News:

"Addition of Harry Faulkner, business manager of the Lubbock baseball club, a farm of the Chicago White Sox in the West-Texas-New Mexico League, to the football coaching staff of Texas A. & M. was announced Tuesday by Joe Utay of Dallas, member of the College Board of Directors. Approval of his contract has not yet been announced and awaits the decision of the Board of Directors and the Athletic Council, but this is considered a foregone conclusion. "For years Faulkner was coach at Terrell School in Dallas, where he made a habit of winning the state gridiron championship in the academy class. His teams always were at the top and they beat their share of university freshmen eleven and other outfits of this class. They developed some outstanding stars, including Chief Jennings, Dexter Shelby, Malcolm Powell and others, who later made their names in college football. "Faulkner has been around the coaching business a long time and like many fellows in this game who have kept themselves in hiding as far as glamorous publicity is concerned, he more than knows his way around. He was on the staff at Southern Methodist University back about 1922. In recent years he has served as a scout for the University of Oklahoma, and head coach Tom Stidham of that school classes Faulkner as one of the cleverest sleuths he has ever known. It was on his hope that the Sooners tied Texas two seasons ago in their annual game in the Cotton Bowl when the Longhorns were prohibitive favorites and he also turned his notes over to Stidham last fall when the Sooners handed the Steers a licking. "Homer Norton, head coach of the Aggies, is on a spot this year. He is expected to win after being here since the fall of 1934, when he succeeded Matty Bell. The Farmers have never won a championship in this time and the old grads are crying for nothing but a title. It is conceded that the Cadets have about the best material in their history this year, and the wolves aren't taking no for an answer. "In Faulkner they are adding a splendid staff man who is probably better acquainted with the football tactics employed by other schools than any one in the business. He worked at S. M. U., and he has scouted all of the others at various times. Faulkner is the type who has a touch of professional sports in his veins fooling with baseball for a livelihood in the summer and he makes no false pretense for what college football is, but he knows the game."

THE LATEST OFFICIAL estimate of the population of the city of Houston, recently issued, places the figure at 423,000.

Summer Tennis Go To Be Held

Tourney To Begin Last of Next Week

A tennis tournament for summer school students has been announced, to begin the latter part of next week. Anyone interested is eligible to join.

There will be three divisions—men's, women's, and mixed. There will be a singles and doubles event for both the men's and women's division, and a doubles event in the mixed division. Medals will be given to the winners in each event. A small entrance fee will be charged to cover the cost of these awards.

All events will be played on the cement tennis courts, between the football field and the project houses. The preliminary rounds will be played in the evenings, and the finals will be played Sunday morning, August 13.

Those interested may sign up or obtain other information by calling College 8, or by going to room 54 Milner. The deadline for signing is 6 p. m., August 2. The entrants will elect their own manager.

Hauser Wins Country Club Golf Tournament

The annual invitation golf tournament held Sunday, July 2, on the Bryan Country Club course, attracted about 100 players from College Station, Bryan, and more distant localities.

A barbecue lunch was served to all contestants. J. G. Peniston was in charge of the food, prepared under the direction of J. C. Hotard of the Subsistence Department.

Prizes were won by several College Station residents and Aggies. The championship flight was won by Henry Hauser, with a score of 72; Marty Karow, Aggie baseball coach, and Joe Sosolik, College photographer, tied with Travis Bryan, of Bryan, for third place. Walter Holden Jr., A. & M. student, won the driving contest with an average of 283.66 yards. Joe Sosolik again took third place in the contest.

Accounting Dept. To Get New Tabulator, Offer New Course

H. A. Dulan, instructor in the Department of Accounting and Statistics, is to attend the special school to be held in Endicott, New York, from August 21 to September 22, conducted by the International Business Machine Corporation for instruction of employees of customers using their electric bookkeeping and accounting machines.

The company intends to furnish the A. & M. Department of Accounting and Statistics with a tabulator machine unit for instructional purposes, the unit to consist of an electric punch, sorter, and tabulator. The department is to offer a new course in machine method accounting; and the machine will be furnished by the International Business Machine Corporation. It will be on the basis of practical instruction for students enrolled in this course. The company has machine installations for accounting work in the majority of the large corporations of the country, thus making knowledge of the machines and their application in accounting work an essential requirement for students entering the accounting department of any large corporation.

International Business Machine Corporation has employed quite a number of graduates from the A. & M. Accounting Department this year.

ALL THE THRILLS OF "BAILING out" in a parachute, but with no risk of broken bones, are offered visitors to the New York World's Fair. The "chutes, carrying two passengers each, are dropped from a 250-foot tower. They glide gently to earth after being released by a fool-proof automatic mechanism.

Schedule For Twilight League—Second Semester

Game time is 5:45, forfeits allowed at 6:00 p. m.

TUESDAY JULY 25:

Aggie Cleaners VS Aggie Cleaners on diamond 2
Campus Laundry VS Lipscomb Pharmacy on diamond 3
College Inn VS Campus Cleaners on diamond 1

Aggie Cleaners VS Campus Laundry on diamond 3
Lipscomb Pharmacy VS College Inn on diamond 1

Outdoor Class Is Being Held Here Each Morn in Shade of Aggie Stadium

By Ruth Taubenhaus

The Aggie stadium, which we always associate with football games—the Band playing "Goodbye to Texas" and the boys yelling "Come on, Old Army!"—is now the center of a new interest. An academic air has prevailed around the place, and instead of the crowds cheering the team on to victory, a very calm and well-mannered class each morning listens and takes notes from teacher W. L. Penberthy—who is also intramural director—as he lectures on the "Organization of Health and Physical Education". This class of seven students is unique not only in the fact that its classroom is at the entrance to the Aggie stadium, but also because it is the only class at the A. & M. summer school that is held outdoors.

Imagine sitting outside and improving your sun tan at the same time that you're absorbing knowledge. It's an ideal set-up, and it's right up to date. Outdoor classes are gaining great popularity at schools and colleges all over the country. One school in New York has its classes on the roof, even in the winter.

It all goes to show that A. & M. keeps up with "the best of them"; and Mr. Penberthy's students should be the healthiest in the college, because of it.

TRAFFIC CASES HELD IN CITY COURT WEDNESDAY

The City of College Station held its first court meeting Wednesday night at which time 13 traffic violators were brought before the justice.

Six of the 13 violators were fined \$1 plus costs and the sentence suspended. Two of the cases were dropped. Five of the alleged guilty violators failed to appear, although some of them had made arrangements with the court to be absent.

Court meeting will be held over the Aggie Stadium every Wednesday evening.

DR. F. E. TURNER OF THE Geology Department is now spending his vacation in California. While there, he will read an abstract before the Sixth Pacific Science Congress, which will meet at Berkeley, Cal., during the first week in August. Later he and Mrs. Turner will travel to Wyoming, where they will meet Dr. C. L. Baker and the geology field trip class.

Baylor U. Already Planning Big 1945 Centennial Program

Baylor University's Centennial celebration in 1945, commemorating the founding of the Baptist school under the old Republic of Texas, will have as one of its highlights a national reunion of the Baylor and Allied families and the gift of the most outstanding family relics to a special collection of Baylor family history at the University.

Such was made known upon the return of Mrs. Mary McCauley Maxwell, curator of the University's Baylor Rooms, from a reunion of the family at Osgood, Ill.

Mrs. Maxwell spoke on the Indiana program, telling of the vast collection already made of things relating to the life of Judge H. E. B. Baylor, pioneer churchman, lawyer, and teacher, who founded the University.

Objects which probably will be presented the collection at the Centennial include a gold sword presented Cyrus Alexander Baylor by the federal government for his heroism in the War of 1812; a hat worn by Walker Baylor, father of Judge Baylor, which was buried with him and later reclaimed upon relocation of the burial site; and a carved walnut chest owned by Jane Bledsoe Baylor, mother of Judge Baylor.

THE PROPOSED BUDGET FOR the city of Bryan for 1939-40 was accepted by the Bryan City Commission after a public hearing Tuesday night. The budget was passed practically as submitted by City Manager James Aston. Since the taxpayers of the city have voted added improvements, it was necessary that the tax rate be raised to meet the expense of these. The commission raised the rate from \$1.60, based on 50 per cent of the true value of \$5,499,700; to \$1.82 for the current fiscal year, to be levied on an estimated roll of \$5,750,000. One of the largest crowds ever to attend a public hearing in Bryan was present at the meeting Tuesday night.
