Here's What You Get for Your \$11 Activities Fee--

The voluntary Student Activities Fee of \$11, payable now, offers a great saving to students. It entitles a student to admission to all athletic events which are played at home, and to receive all student publications. If the games and publications were paid for separately, the price would be almost three times as great as the fee. Listed below are the items to which the \$11 Activities Fee entitles the student. Included are the regular prices to those who do not pay the fee.

- 4 Varsity home football games \$ 8.60
- 1 Freshman football game
- 12 Basketball games 4.80
- 12 Baseball games 4.80
- 3 Track meets 1.20
- The Longhorn (student annual) 5.00
- The Battalion tri-weekly newspaper..... 3.00
- The Battalion monthly comic magazine 1.00
- Scientific Review quarterly magazine .. .50
- Total\$30.00**

Rhodes Scholarships Suspended Due to War

Owing to the European war, the operation of the Rhodes Scholarships will be suspended until further notice, Dr. T. F. Mayo, librarian, has announced.

The 1939 Scholars-elect will remain in this country; the 1937 and 1938 Rhodes Scholars now in residence in Oxford will return to the United States as soon as accommodations can be obtained; and the election of 1940 Rhodes Scholars due to be held in December of this year will be cancelled. Scholarships now in force are only suspended, and will be resumed when circumstances make this possible.

Copies of this notice are being sent to secretaries and chairmen of the committees of selection, institutional representatives of the Rhodes Scholarships in the various colleges and universities, ex-Rhodes Scholars, and families of Rhodes Scholars now at Oxford. Relatives and friends of the men now abroad are being warned that there will undoubtedly be some delay in returning scholars to the United States.

Directors Decide Many Questions of Importance At Meet Here August 19

Board Rules That All Students Must Live on Campus; Approves New Budget; Acts on, Considers Many Other Items

Action upon many matters of importance in connection with the opening of the 1939-40 regular session of A. & M. was taken by the Board of Directors of the College at the meeting of the Board on the A. & M. campus August 19. Approval of the budget for the school year beginning with this month was completed; and the board also ruled that no student at A. & M. this fall will be allowed to live off the campus until both the campus project houses and all dormitory rooms are filled. The Board approved the \$1,022,400 budget appropriations made by the Legislature and signed by Governor O'Daniel, and added to it a local fund of \$1,683,000 derived from fees and sales at the college, raising the total to \$2,705,400 for the school year.

The Board had earlier decided that all students except those living at home, married students living with their wives, and graduate students, must live in the campus dormitories and project houses, unless authorized for adequate reason to live elsewhere. "Adequate reasons" consisted of financial disability to live in either the halls or houses. But at the meeting the latter part of August, the Board amended its ruling to read that all students (except the three special classes named above) must live in the halls or campus project houses; and no one might be a day-student living off the campus unless and until all the dormitories both old and new were filled. It is believed that under the new ruling between 700 and 1,100 boys have found themselves financially unable to begin or continue their college education at A. & M.

The Board also decided that by September, 1941, all persons living on the campus must move off of it. Naming the new dormitories was another question brought up during the Board meeting, but no action was taken at the time other than to leave the matter to a committee. Action was taken to request the Reconstruction Finance Corporation, which lent A. & M. the \$2,000,000 for the new student dormitories and the new mess hall, for a further loan to build a dormitory to house all full-time employees of the two mess halls. The usual R.F.C. requirements for a payment on the \$2,000,000

dormitory loan were met. Student enrollment was discussed; and several leaves of absences were granted faculty members. No action was taken in regard to the "Blue Book" of rules and regulations for the college, which was due for revision since the last revised edition of the regulations was made in 1926. Likewise, no definite action was taken in regard to answering the proposal of the Civil Aeronautics Authority to establish an aviation unit on the A. & M. campus, other than to leave negotiations in the hands of Dean Gibb Gilchrist, head of the School of Engineering. Authorities have declared that there is considerable hope that such a unit will be established here soon.

The Board considered and accepted a report from the Athletic Council on housing athletes, to the effect that new students who are athletes must live with their respective organizations, while sophomore, junior, and senior athletes may exercise their own choice of living in the new hall for athletes (dormitory 12) or in their organizations' halls. The Board took no action on the request that they provide for the erection of an electric scoreboard and timer on Kyle Field. However, a new scoreboard costing approximately \$800, with an electric clock rented from Western Union, is being erected by the Athletic Department, at the same location as the old scoreboard. The clock is being built into the board by G. F. Ashford of the Athletic Department, in accordance with the Southwest Conference regulation adopted last December that all teams provide electric timers for games on their own fields. It is believed that the board will be ready by the time of the game with Centenary University here September 30. The clock will be controlled by a time-keeper who is an official of the game. It is thought that Frank Anderson of the Athletic Department will be the Aggie time-keeper.
