

cided to just be called Aggies, whatever that is. They must be a pretty good bunch too as everybody seems to think they are all right.

Shoot down at the corner the other day all you could here was names . . . Boyd, Robnett, Pannell, Kimbroughs, Sterling, Smith, shore they got a Smith boy, a couple of them, Conatser, Moser. They say that boy Moser done took the heart away from one of them gals out thar in Frisko. They must be pretty smooth hounds. Some guy was telling about some gal that done won a Hollywood gateway contest or smethin went off and left one of them pretty faced boys just to be wid them Aggies on the way to the gold rush country.

Sam you know I wood kinda like to seem them Aggies play a game of that football. We could pack up and get down to the Brazos bottom in a couple of days if we rode right pert.

They say that guy Kimbrough can run over men like Jone's old stompin' bull. They say thar are some of them boks can kick a ball about the size of a molasses bucket from the gatepost to the corner of the house.

Sam I sent that boy of mine down thar to go to college and he must be gettin a good education, he came back the other day and got to talkin about this football stuff that we been readin about in the papers. He knows all those big shots what has there pictures in the papers dressed in them short pants.

They ben talkin about this Baylor football team and they say it is good too. They are goin to play them Aggies down at College Saturday. They play on a field down thar that they named after a fellow that went to school there once. They say he is a pretty good talker on football himself, but they got him stuck in an old office job and he don't get a lot of time to inform us tax payers about the team. They say they got 35,000 seats around that field. Sam I didn't know that that many people ever got together anywhere except maybe in Noo York where all them Hitler haters are.

Jones, he used to be one of the best players they had, said that the Aggies could block, tackle, run, pass, punt, get along better, and be the best guys in the United States.

#### AS YOU AND I

When Noah sailed the ocean blue,

He had his troubles same as you.

He drove and drove his arc,

Until he found a place to park.

"Frequent drinks of water," said the doctor, "will prevent you from getting stiff in the joints."

"Yes, but some of the joints don't serve water."

Usher: "How far down do you wish to sit, lady?"

Lady: "Why all the way, of course."

While in Fort Worth on the corps trip I was sitting in a resturant waiting for my order. A customer came in, sat down at the counter and ordered a plate of hash.

"Gentleman wants to take a chance," the waiter yelled into the kitchen.

"Waiter, I'll have some of the same," said another customer.

"Another gambler!" called out the waiter.

#### WRONG

A small boy saw an elephant in his yard and telephoned the police immediately. "Chief," he said, "there's a queer animal out here in my back yard. He's picking flowers with his tail."

"Yes," said the Chief, "and what does he do then?"

"Never mind," was the answer, "You wouldn't believe me
