

ON
KYLE FIELD

By E. C. "JEEP" OATES
Battalion Sports Editor

Wired from San Francisco by E. C. "Jeep" Oates Battalion sports editor.

October 6—the Aggies arrived in San Francisco Thursday night in the best of spirits, although "Cotton" Price, Ed Robnett, and Joe Boyd are hurt bad, they will be able to go in Tyler fray.

The trip was hard on everyone of the party of 55, but we had a day to recover before the game.

In Yuma, Boyd fell in love with an Indian squaw some 100 years old. "Bodie" Pierce and I made a trip to Mexico when we came through El Paso.

At Los Angeles, we went out to the Trocadero and Earl Carroll's place. Bodie and I pulled on the stage at Carroll's, and when the lipstick was wiped off the hanky looked like the tripes of the flag.

The fair damsels then made for Coach Norton's table and played "paddy hands" with him, Coach James, Bruce Laver, Norton's daughter, Mrs. James, and the rest of the party to the tune of the Beer Barrel Polka.

**Conference
Games Begin
Saturday**

By Hub Johnson

The first game of the 1939 Southwest Conference season goes on the record as the T.C.U. Hornfrogs face the Arkansas Razorbacks at Fayetteville Saturday in a game that will tell the standing of the two teams. Both teams have been favored by sports writers as the most likely teams to reach the top this year.

Last week the Frogs fell to U.C. L.A. in California and with the trip back across the continent and another jump to the Ozarks they might be pretty well played out. Arkansas showed nothing in their game last week, so this game could be pretty tight.

Rice meets Centenary, last week's losers to the Aggies. The Gents have an improving team and should give the Owls a game to remember, but it all depends on just how much improvements have been made and to the condition of the players injured here last week. This should fall to the Owls, but not as easy as expected.

The S.M.U. Mustangs should have little trouble in downing the North Texas Teachers. The Mustangs recovered from the Oklahoma game last Saturday pretty well and should offer a brick wall for the Eagles.

The Texas Longhorns travel north to face the Wisconsin Badgers Saturday and should get the flat side of the tail. The Texans are undefeated this year, but the Big Ten team looks too strong for the green team.

Baylor will test her strength against the Sooner Aggies in Oklahoma this week-end, but it could hardly be called strength. The Sooners have a team that tries but it's the marks that count. The Bears should mark up another victory in this one.

The only other game in the Southwest of great interest is the one between the Hardin-Simmons Cowboys and Texas Mines. This one should be the closest of the day in this section. The Cowboys have a team that beat Centenary Gents but are rated as the underdogs in this tussle. It may be a draw.

this side of Soldier's Field at Los Angeles. The players were so amazed they could hardly practice.

Jinx Tucker and Andy Anderson are rooming together for being the worst-looking pair. I am rooming with Bruce "Rabbit Ears" Laver.

The lights at Seal Park were terrible and footing not the best as it rained when we left the train on arrival. All the players are free to do as they please today.

The party will see St. Mary's game with California today after taking in the fair.

Wesson cleared the way to the hotel for the bus with his siren-sounding mouth Thursday night putting many cars to the curb.

We are leaving here tonight for home. The people are football-crazy here.

Moser and Conatser are looking for some fair-looking damsels.

Sports writers here are picking the Aggies for top-ranking this year. Several of the boys have bad colds from change in climate.

**RIFLE SHOOTING
BEGINS MONDAY**

Along with Basketball and football, Rifle Shooting will lead the field of intramural sports this year. Intramural Rifle Shooting this year however will be carried on in a somewhat hurried manner. Through a notice from the Military office rifle shooting must be carried on between Oct. 9th and Oct. 28th. This means that marksmen must obtain their accuracy in a hurry.

Each organization is to select seven men to represent their organization. Five of these men are to compete in actual firing competition, thus eliminating two of the seven. However all seven men

**The Two Kimbrough Brothers—What
More Could a Football Coach Ask For?**

By JIMMIE COKINOS

JOHN KIMBROUGH

"Big John" Kimbrough last year as a sophomore broke into his first conference game against T. C. U. and proceeded to deal the T. C. U. tacklers plenty of misery whenever he carried the ball. After the game one of the Frog player's remarked, "That Kimbrough is the toughest guy to bring down to the ground since Jimmie Lawrence."

That was the beginning of the new role "Big John" was to play for the Aggies. He turned out to be the bone-crushing, plunging fullback that the Aggies needed in their backfield.

His smashes are nothing short of being graceful or spectacular. He just grabs the old pigskin and knows he has to go some place with it, and he does.

Weighing 210 and standing 6 ft. 2 inches, he comes from a long line of a football playing family. The Kimbrough family has long been known in Aggeland for their family-style of football. His brother, Bill, starred here in 1934 as a back, another brother, Frank, is head coach at Hardin-Simmons, and Jack is on the team this year.

Kimbrough played high school football at Abilene and at Haskell where he won All-State mention and all-district honors. However, he failed to make a freshman numeral as a fish due to injuries, and little was known of the "Haskell Hurricane" when he reported for the squad last year. But his line driving in the latter conference games has brought many a rise from the crowd and this year he is counted upon by sport scribes to be one of the outstanding backs in the conference.

In the Centenary game he crashed over for the two touchdowns that the Aggies made. On his first touchdown after taking the ball within scoring distance by plunging over the center of the line, he received the ball from center and started for the middle and decided to go around end instead. He out ran the men backing up the line and went over for the touchdown without a hand being laid on him. On his second touchdown he hit the center of the line and crossed the goal line standing up. He literally tore the Centenary line to shreds whenever he ran with the ball.

In the Oklahoma City game he had to put a splint over a leg that has been bothering him. As every time the opposing team had

can practice between the hours of 8 a. m. to 12 on Saturdays, between Oct. 9th and 19th.

Winners of intramural Rifle Shooting are determined by total points scored by each of the contestants. Actual competition will be from Oct. 19th to 28th inclusive. Intramural managers, however, must turn in a list of their men at the range before contestants will be allowed to shoot.

With F Coast Artillery holding last year's victory and a wicked gleam in their eyes to again prove themselves, marksmen, the competition is likely to be hot.

The Aggie Fish clash with Allen Academy Ramblers for their first game of the season at 8:00 o'clock Monday night on Forest Field in Bryan. With a longer workout than the freshman squad of last year, this year's fish squad is ready for action.

The Ramblers proved an easy victory for last year's squad with a score of 33 to 12. Some of last year's squad consisted of Moser, Robnett, Spivey, and Mansfield, all of who had the honor of carrying the pigskin across the golden strip, with Rogers and Kimbrough kicking the extra points. Moser not only made the longest run of the game, some 77 yards, but played head up football and proved himself one of the best. Die, Dugger, and Wesson also showed they knew what the game was about and how to play it.

This year's squad is up against real competition, and they are really going to have to play ball to compete with the T.C.U. freshmen squad. The T.C.U. freshmen trod the Weatherford College Coyotes under foot for a 24 to 0 victory Thursday afternoon. Led by Thompson, Ramsey, and Bagley, the "Wogs" almost had the Coyotes on their knees.

With a long workout and all in fit condition the squad is ready to play the high school stars, Pickett and Zapalac making their debut.

INTRAMURALS

With Hub Johnson

Monday is the day. The first crack of the rifles on the range, the first bounce of the basketballs on the two gym floors, and the first boot of the pig-skin will mark the opening of the current intramural season.

The first basketball games scheduled for this year are of the Class A events. Troop "C" Cavalry holds the title from last year and boasts a strong team to reclaim the honors.

The games scheduled for Monday are as follows:

4:00 p. m. B Cavalry vs Artillery Band.

4:45 p. m. B Infantry vs E Field Artillery.

7:45 p. m. 2 Hq. Field Artillery vs C Engineers.

8:00 p. m. A Coast Artillery vs F Field Artillery.

9:15 p. m. A Infantry vs B Field Artillery.

The rifle shooting event will witness one week of practice on the part of all teams on the Military Science range and record shooting will start October 16. Between the 9th and the 16th, seven men from each organization may practice. After that date, the teams will be composed of five men.

All organization managers are asked to turn in their fees as soon as possible so that schedules for the remaining leagues may be made. Footballs are also on sale for the units.

**Wildcats Have Not
Been Defeated In
Two Seasons' Play**

The Villanova Wildcats will attempt to invade the deep South for their first time next Saturday, at Tyler's Rose Festival.

This will be Villanova's first game with a Southwest Conference team, and rumor has it that the Wildcats are confident of a win over the Aggies due to the fact that the Wildcats have been undefeated for the past two seasons with the exception of a 6-6 tie with North Carolina University. This game was played last year and blimshed a perfect record. Besides this almost perfect record, Clipper Smith, Villanova's coach, has another reason to be confident—he has sixteen lettermen returning from last year's squad to shape his Wildcat eleven.

However, Coach Norton is three up on the Villanova coach on this score as there are nineteen Aggie lettermen on the official roster.

This will be the Aggies' fifth game at Tyler and their third in

the Rose Classic. The results of the Aggies' first Rose Classic with Temple University was 14-0 in favor of the Red Devils. Last year the Rose Festival game resulted in a win for the Aggies with a 20-0 score over Tulsa University.

This year, as usual, the game at Tyler Field in Tyler will be a feature of the East Texas Rose Festival where huge displays made from millions of roses may be found throughout the downtown district. The night before the game a colorful pageant is staged which usually draws a huge crowd from all over the state. The following morning, a Parade of Roses is held, succeeded by the game.

**Dr. Bonham Addresses
Fish and Game Club**

Dr. K. Bonham made an interesting talk on the results of fisheries investigation in Kerr County this summer at a meeting of the Fish and Game Club held Monday night.

He stated that recent floods of the Guadalupe River and its branches were caused by over-grazing and the subsequent lack of vegetation on the river slopes. Dr. Bonham also recommended the abandonment of predatory fish control in that these fish served to help nature maintain a balance by eating slow moving fish such as Hickory Shad and suckers.

A dance to be given by the club will be held in the Maggie Parker Tea Room.
